Strikers Deciding Fate of Dow Pact

Steelworkers Meeting Today on Agreement To End Long Strike

Striking steelworkers of the Dow Chemical Co. plan at Madison to meet this afternoon to vote on acceptance or rejection of a company contract proposal that would end the 132-day walkout.

The ratification session convened shortly after 10 a.m. in the local Labor Temple. Union leaders predicted as the meeting opened that the session would require "several hours" for a detailed outline of contract terms.

Heavy attendance was reported at the closed meeting in which union bargaining representatives recommended unanimously that steelworkers accept the contract proposal.

The strike at the Dow plant at 700 members of Local 4894, United Steelworkers of America, began Aug. 31 following expiration of the union's old contract and a subsequent dispute over seniority and job security clauses in the negotiation of a new agreement.

Began Daily Sessions
Negotiation efforts lagged considerably in the earlier stages of the walkout, but mid-December, almost daily mediation sessions got under way in the offices of the U.S. Mediation and Conciliation Service in St. Louis.

The union bargaining forces were joined during the last few weeks of the negotiations by Thomas Griffin, director of the Granite City Subdistrict office of the USWA, and by Lloyd McBride, District USWA director. Company representatives were joined at the same time by C. C. Armstrong, manager of engineering and metal products from Dow's Midland, Mich. headquarters.

With exception of Christmas Day and New Year's day, negotiators met daily throughout the holiday season and announced that a tentative agreement, subject to ratification by union membership, had been reached at 4 p.m. last Saturday.

George Becker, representative of the USWA who spearheaded the union bargaining forces, announced at that time that the proposal had the endorsement of union bargaining representatives and that approval of the agreement by the membership would be recommended by union leaders.

Continued Operation
The strike of four months resulted in several court proceedings. Early in the strike, the company obtained a circuit court injunction prohibiting the union and its members and officers from harassing non-striking employees who continued on the job throughout the strike.

The plant resumed production, although at a reduced level.

New GC Precincts For City Primary Being Outlined

Granite City council members are faced with a Jan. 22 deadline for setting city precinct boundaries and locating polling places and finding election judges for the Feb. 11 mayor's election primary.

With three candidates filed—Third Ward Alderman Clyde Boyd, Walter Ernie Schellinger and Mayor Donald Partney—the primary appears certain, unless one candidate withdraws by Saturday.

City Clerk Homer "Cal" Pendleton reminded the council during Monday night's meeting that publication of the list of polling places is required by Jan. 22. The next regular council session is Jan. 20.

Special Meeting Planned
Council members agreed that Mayor Partney should call a special session next week so that the city precincts in the new seven wards can be outlined and an ordinance prepared by City Atty. Leon Scroggins.

Barotask said he and Wheeler have the boundaries for four precincts in the Second Ward, and Barotask said only finishing touches are needed for the five precincts planned for the new Fifth Ward.

Other aldermen were advised to set their voting precinct boundaries as quickly as possible and give the data to Scroggins.

The redistricting from eight to seven wards was accomplished last November, but now the city's voting precincts—which had not continued to be revamped for the Feb. 11 primary and the April 1 city election. The town's new boundaries were reached at 4 p.m. last Saturday.

(Continued on page 7, col. 2)

Two Accidents Occur In GC on Wednesday

Two traffic accidents occurred Wednesday as drivers attempted to make left turns. At 3:25 p.m., Larry C. Tankersley, 2729 Birch avenue, was turning left and struck the left side of a car driven by Johnnie P. Presley, 317 East Elm, who was turning right at 27th and Delmar avenue.

At 7:10 p.m., Miral L. Odum, 2423 Madison avenue, was attempting a left turn into her driveway when the right rear of the auto was struck by another vehicle driven by R. Penrod, 2717 Iowa street.

Mrs. Carrier Observes 100th Birthday Today

Mrs. Minnie Carrier, a long-time resident of Granite City, is observing her 100th birthday today at the Pleasant Rest Nursing Home in Collinsville.

This evening, a host of nephews, nieces and grandnephews and nieces of the centenarian will gather at the nursing home to help her celebrate the occasion. Highlighting the party will be presentation of gifts, including a large birthday cake.

Mrs. Carrier has resided at the nursing home the past three years. She had been making her home with a sister, Mrs. W. T. Snelson of Granite City, who died in 1963.

Alerd and in comparative good health for her advanced years, Mrs. Carrier suffered a slight stroke about one year ago which has not confined her to bed but restricts her to a wheelchair. She recently confined in a hospital and said she could just walk. I could help out around this place."

Mrs. Carrier was born and raised in St. Louis, Mo., where she married Clarence Carrier at the age of 18. Mr. Carrier died in 1938. There were no children. Mrs. Carrier moved to Granite City shortly after her marriage and lived nearly 80 years in this community. She is a member of Niederrhine Memorial Methodist Church.

She is the sole surviving member of a family of six children. Her brothers are Charles, Andrew, Bert and Jeff Key, all of Granite City.

Adams to Head Group on Law Enforcement

Break-Ins at 2 Churches and Restaurant Reported

Burglars broke into the Bulgarian Eastern Orthodox church, 13th street and Grand avenue, Madison, Monday night or early Tuesday morning, thoroughly ransacked the church offices but apparently not taking anything.

Entry was gained by prying open a door on the south side of the building. The door to the office also was pried open.

Burglars also broke into the Bethel Chapel Pentecostal Church, West 26th street and Ohio avenue, it was reported Monday. A rear door was pried open and a basement window was broken. It was undetermined what was taken.

An undetermined amount of money was taken from coin-operated machines in a burglary at Mary's cafe, 1537 East 26th street, after 1 a.m. Tuesday. It was reported at 6:10 a.m.

Pried open were four pinball machines, a cigarette machine and a juke box, and a jar containing about \$1 in change was missing. Entry was gained by forcing the rear door.

Burglars looted the home of Edward Lenz, 3227 Aubrey avenue, after prying the back door open with a small tool after 6:30 p.m. Wednesday, he reported at 7:30 p.m.

Three Seeking GC Mayor's Post; Set Primary Feb. 11
Three candidates for mayor of Granite City filed nomination petitions prior to expiration of the filing deadline Tuesday, requiring a special Feb. 11 primary election as part of this year's municipal election schedule.

Under Illinois statutes requiring a city mayor to resign this year in all instances in which more than two candidates file for the office, there is provision for election of the mayor in the primary if the successful candidate were to receive a majority of more than half of the votes cast.

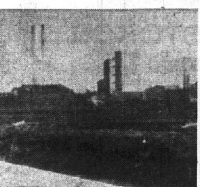

Nominate 2 Candidates
The law provides that if more than two candidates file for the mayor's office, a primary shall be held "not later than 30 days preceding the general municipal election and the two candidates receiving the highest number of votes therein shall be the candidates for mayor in the general municipal election."

The statute adds: "If, however, one candidate receives a majority of all the votes cast for candidates for mayor, at such special runoff (primary) election, he shall thereby be elected mayor and no election for the primary shall be held at the ensuing municipal election."

Under laws governing conduct of the primary, Jan. 13 would be the first day for an absentee voter to apply for a ballot. Jan. 13 also will be the last day voters may register with the county clerk's office or correct previous registration records before the primary election.

Must Be Registered
Amendments to state election laws last year require that hereafter all voters in city elections must be duly registered.

TRIM-UP WORK along the new storm water drainage ditch bordering Namoki road. The ditch, used extensively by ice skaters over the past weekend, was a topic of Monday night's council session. It is to be fenced once landscaping work is completed in a few months. (Related story on page 28.)

Two Men Killed In Separate Auto Crashes this Week

State Turns Down Overhead Signals Sought in Madison

The state highway division again has turned down plans for overhead traffic signals at the intersection of McCambridge avenue and Edwardsville road, it was announced at a Madison city council meeting Tuesday night, but it has said plans for signals at the Sixth street intersection of McCambridge would be accepted.

The state returned without action a city resolution seeking \$20,000 in motor fuel tax funds for the lights, commenting that overhead lights are not acceptable.

As a result, the council rescinded the previous resolution, adopted Dec. 10, and passed an order calling for a \$15,000 MFT appropriation for the Sixth street lights.

The state indicated that a plan with advance warning signs at Edwardsville road would be acceptable in the future.

Mayor Stephen Maeras commented that an offer by Kamelet township to help pay the cost of the Sixth street lights is subject to approval of the Madison county highway department and the county board of supervisors.

Landfill Report
The mayor reported that the city has received a payment of \$3378 from the Midland Landfill Corp. as rental for 8.15 acres of land on Chouteau island. The city receives 10% of the net income of the landfill operation.

The landfill submitted a financial statement showing grossed \$80,446 for the year ending Sept. 1, and with one-third of the amount deducted for cost of equipment, the net figure was \$53,779.

A closed meeting with John H. Engren of the Leo A. Daly Co., St. Louis engineering consultants, on a proposal for the firm to conduct planning services for urban or neighborhood renewal for Madison and Venice, will be held at 7 p.m. Wednesday.

Master Plan
Attending will be city officials and council members, the city plan commission and Theodore Mikesell, executive director of the Metropolitan Illinois Metropolitan Area Plan Commission.

SIMAPC is designing a master plan for Madison and Venice which is to be interrelated with the renewal plan to be submitted to the Federal Housing and Urban Development Department in an application for a federal grant.

Mayor Maeras said an agreement on page 3, col. 3)

DAY WITHOUT A QUAD-CITY TRAFFIC FATALITY
There is one important change in filing instructions for 1968 tax returns. Philpott noted, beginning this year, all residents should file their 1968 federal tax return directly with the Internal Revenue Service Center, Kansas City, Mo. 64170.

Although instructions accompanying the tax forms indicate only refund returns are to be mailed to the Kansas City Service Center and all others to the District Director, that distinction is no longer applicable due to a last-minute change, Philpott said.

Taxpayers receiving the Form 1040 package will find an envelope addressed to the Service Center which can be used for filing the tax return. Taxpayers receiving the pre-addressed card Form 1040A will also receive an envelope; however, they will need to insert "Kansas City, Mo. 64170" on the direct address line of the envelope.

Philpott also called attention to the two-part address label on the Form 1040 and the pre-addressed card Form 1040A, urging taxpayers to use the pre-addressed form if it fits their needs.

Taxpayers who have their returns prepared by someone else should remember to take the time to prepare so that they can use the pre-addressed label and/or return, the director said.

Report for 1968 Quad-Cities Birthrate Up; Deathrate Declines

The Quad-Cities birthrate increased sharply in 1968, while fewer deaths were recorded during the same period over the previous year, according to vital statistics compiled by Granite City Clerk Homer "Cal" Pendleton, who records the figures for the entire area.

The 1968 babies born last year represent an increase of 97 over the 1967 figure. The 449 deaths show a decrease from the 478 deaths recorded in 1967. There were 12 babies stillborn last year compared to 11 in 1967.

The peak birthrate of the past decade occurred in 1960 when 1322 births were recorded; while the previous high record was 1485 in 1957.

The area's deathrate had been on almost a steady increase since the 320 total in 1952, with 1967 totaling a record high of 478. The previous peaks occurred in 1966 with 444 deaths, 1965 with 458, and 1964 with 469.

For 1968, the monthly averages were 91.3 births and 37.4 deaths per 1,000 population. Average figures were 83 births and 39.9 deaths per 1,000 population.

A breakdown of the 1968 vital statistics by months, showing in that order, follows: January—84, 1 and 42; February—84, 0 and 38; March—83, 0 and 32; April—86, 3 and 42; May—84, 0 and 32; June—84, 0 and 36; July—84, 0 and 40; August—88, 1 and 34; September—80, 1 and 33; October—107, 2 and 33; November—107, 2 and 33; December—117, 1 and 48.

The area's deathrate had been on almost a steady increase since the 320 total in 1952, with 1967 totaling a record high of 478. The previous peaks occurred in 1966 with 444 deaths, 1965 with 458, and 1964 with 469.

CONTEST WINNERS in the Granite City Trust and Savings Bank annual Christmas Club contest. Left to right are team captains—Joyce Harris, New Accounts Department; and Mary Kuhrick, commercial Teller; receiving the award from Allen Jessee, executive vice-president.

Nameoki Twp. Race Develops as 2nd Slate Files

A spirited political contest for six Nameoki township offices subject to election in this year's April 1 balloting developed yesterday with the filing of a full slate of candidates to oppose an incumbent ticket which had filed earlier.

tieg earner. The township race includes Joseph Cohan, 2045 Rhodes street, incumbent town assessor, as candidate for re-election; Edgar A. Patrick, 3819 Pontoon road, for town collector; Louis E. Whitsell, 3 Westgate drive, for town clerk, and three candidates as town auditors, Kenneth Gieson, 2310 Miracle avenue, for one; Edna E. Bell, 37 Cambridge drive, and Douglas Teeter, 2231 Bern avenue.

Cohan, who is the only incumbent member of the new slate, which filled under the title of "Truth and Action Party," ran in previous elections with the present incumbent administration. Cohan has been known to have been at political odds with the administration for several years.

Ran 2 Years Ago
Patrick, who is business representative of Local 102 of the Hotel Restaurant Employees Union, sought unsuccessfully two years ago to unseat Harry Briggs, supervisor of Nameoki township. No supervisors are to be elected in Nameoki township this year.

Candidates on the incumbent slate which filed as the "Continued Improvement Party" include four incumbent officials who are joined by Frank Mehelec as a candidate for assessor in Cohan's place, and James C. Merchant as a candidate for one of the three town auditor posts. Merchant replaces William Schreiber, incumbent member of the board of auditors who is not seeking reelection this year.

Other candidates on the incumbent ticket include John Karlechik, town clerk; Gene C. Rotter, town collector, and Robert Strackeljahn and Herbert Polley, now members of the town board.

Although the incumbent slate was expected to have full backing of incumbent town officials, Roger Deltour, assistant Nameoki township supervisor, pointed out that he has pledged support to no candidate and does not expect to do so until after the township party caucuses are held on Feb. 4.

Party Caucuses Required

Party caucuses are required under Illinois statutes to permit town electors to submit the names of candidates for town posts if they wish to do so.

Five candidates for four town

Trust Bank Awards Prizes to Employees

Announcement was made yesterday by E. A. Karandjeff, president of the Granite City Trust & Savings Bank, of the winners in the annual Christmas Club contest. Two hundred dollars in cash was awarded to the three teams of 10 employees for securing the greatest number of new Christmas Club accounts.

The winning team, captained by Mary Kuhrick and Joyce Harris, was awarded first prize of \$100. Second place winners, captained by Charlotte McBride and Darrell Grindstaff received \$60, and Peggy Forrest and Janet Blackwell captained the third place team winning \$40.

St. Bartholomew Hours Of Worship Announced

The hours of worship at St. Bartholomew's Episcopal Church, 22nd street and Grand avenue, will be as follows, it was announced by Rev. Wilbur L. Lear, rector.

Sundays: Low Mass—7:30 a.m.; Family Eucharist, Church School and Sermon, 9:15 a.m. Week days: Tuesday and Thursday—Low Mass 7 a.m. Wednesday and Friday—Low Mass at 6:30 a.m., Saturday—Low Mass 8 a.m. Special Holy Day services will be announced.

Confessions are heard every Saturday at 5 p.m. or by special announcement. Telephone numbers for the church are 876-5521 or 876-7245.

offices in Granite City township have filed thus far, with the contest limited to the two assistant supervisor posts open to election. Incumbent Supervisor Nelson Hagnauer is unopposed so far as a candidate for re-election as supervisor and incumbent Assessor James Barton has no opposition so far in his candidacy for re-election as township assessor.

Three candidates have filed, however, for the two assistant supervisor posts. They are incumbents, Carl Buehler and Milton Allen, and Leroy Mangiacrino.

Lich Named to Executive V-P Post at General Steel Here

Richard L. Lich has been appointed executive vice-president of the Castings Division, General Steel Industries, Inc., Granite City, effective immediately, Thomas R. Remington, division president announced Wednesday.

Lich, 41, formerly vice-president of administration, holds bachelor's and master's degrees in engineering from Washington University. He is also a graduate of the Advanced Management Program of the School of Business Administration, Harvard University.

Thomas C. Barton becomes vice-president of administration at the Castings Division. He has been manager of eastern sales in Philadelphia, Pa.

Barton, 43, is a graduate of Yale University and attended the Harvard Advanced Management Program.

He will have offices at the local plant.

RICHARD L. LICH
Executive V-P

Former Local Resident Buried at DeSoto, Mo.

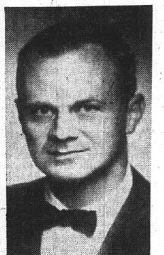

Funeral services were held yesterday in DeSoto, Mo., for Mrs. Margaret A. Kleinschmidt, 91, a former Granite City resident who had been married for several years with a daughter, Mrs. George (Estelle) Boden of Maryland Heights, Mo.

Mrs. Kleinschmidt died about 5 p.m. Monday while enroute by ambulance to St. Louis County Hospital, following an unexpected heart attack suffered at home. She was believed to have been in good health.

She was a member of the Floum Methodist Church of DeSoto, Mo. Her husband, Louis Kleinschmidt, died in July 1964.

Beside Mrs. Boden, she is survived by another daughter, Mrs. Elmer (Bernice) Scheidling of St. Charles, Mo.; four sons, Russell Kleinschmidt of Granite City, Ormer Kleinschmidt of Clayton, Mo., Melvin Kleinschmidt of DeSoto and Wilford Kleinschmidt of Jefferson City, Mo.; three brothers, George and Otto Gaebe, both of Bismarck, N. D., and Ben Gaebe of St. Louis; six grandchildren and seven great-grandchildren.

Attending the funeral from here were Mr. and Mrs. Russell Kleinschmidt; a grandson and wife, Mr. and Mrs. Earl Kleinschmidt; and a granddaughter and husband, Mr. and Mrs. Jack Kutenkamp of Peoria, formerly of Granite City.

THOMAS C. BARTON
V-P, Administration

Guerdon Kimball, 63, Succumbs to Cancer

Guerdon Wesley Kimball, 63, of 2426 Cleveland blvd., died at the Anna Henry Nursing Home, Edwardsville, at 12:30 p.m. Wednesday. He had been ill with cancer almost two years and entered the nursing home Tuesday.

Born in Ashmore township, Coles county, Ill., Mr. Kimball had resided in Madison for 18 years before moving to Granite City one year ago. He was a retired switchman for Norfolk and Western Railroad and was employed in the Madison yards for 27 years.

Mr. Kimball was a member of the Baptist faith and the Brotherhood of Railway Trainmen.

He is survived by his wife, Mrs. Esther C. Kimball; three daughters, Mrs. Joann Petras of Granite City, Mrs. Ralph (Charlotte) Feagin of Greenville, Tex., and Mrs. Willard (Juanita) Vaughan of Philadelphia; one son, Lawrence Kimball of Granite City; his mother, Mrs. Flossie Gertrude Shelton of Mattoon; two stepdaughters, Mrs. Walter (Lucille) Robinson of Collinsville and Mrs. Robert (Joyce) Wilson of Madison; three brothers, Cleo, Herschel and Ethel Kimball, all of Detroit, Mich. area; and 13 grandchildren.

Funeral arrangements are given in today's obituary column.

Child Bitten by Dog

Angela Cucucatti, 7, daughter of Carl Cucucatti, 3212 Bluebird lane, was given treatment at St. Elizabeth Hospital at 7:40 p.m. yesterday for abrasions to her right ear caused by a dog bite.

MORE ABOUT State Turns

ment with the Daly firm would depend upon the cost.

The consultant did not submit a firm bid but quoted the following hourly fees: \$22.50 for a project manager, \$17.50 for a field supervisor, \$13.50 for a planner, \$12 for a technician, \$10.50 for a draftsman and \$7.50 clerical, for a total of \$85 per hour.

To Honor Simon

The mayor announced that the city will join Granite City and Verdel in presenting Paul Simon, lieutenant-governor-elect, with a joint resolution and plaque.

"In recognition of the great honor the electorate of the state has bestowed on him and the personal honor he has bestowed especially on Madison, Granite City and Verdel and the rest of the county."

The presentation is to be made at the inaugural ceremonies Monday in Springfield.

Development of a park on five acres of land in the northeast section of the Maers Industrial Park should be completed before the end of this year, the mayor commented. It will cost \$25,000 to \$50,000 and will include trees, ball diamonds, a soccer field, tennis and basketball courts and benches.

The mayor reported he plans to attend an omnibus crime control and safe streets act clinic set for 1 p.m. Wednesday at the Sunset Hill Holiday Inn.

Special Policemen

Two special policemen were appointed to serve without pay. They are George Wallace, a watchman at the Illinois-Pacific Coast Transportation Co., and Thomas Voloski, a police department applicant who qualified as a patrolman in a recent exam.

Chief Piazia was authorized to attend the annual meeting of the Illinois Association of Chiefs of Police at Des Plaines on Jan. 26-27 with expenses not to exceed \$100.

A letter was read from John Essington, Venice police chief, commending William Fanning, Madison patrolman, for clearing two recent burglaries and theft cases which occurred in Venice.

Approve Easement

The council approved a 10-foot-wide easement permitting the American Telephone & Telegraph Co. to install an electro-lysis protection system on an 8.15-acre city-owned tract on Chouteau Island.

No action was taken on a proposal by the tax committee of the Madison county board of supervisors to employ an outside agency to collect delinquent personal property taxes.

John Gitchoff of the city legal department doubted the legality of the plan.

The regular annual audit conducted by Moll, Blum, Rines & Co. for the fiscal year ending last April 30 was read and approved, with a copy to be forwarded to the state auditor.

It showed general receipts and balances of \$462,173 and expenses of \$411,632, leaving a cash balance of \$50,541.

Woman, 74, Charged In Vice Operations

A 74-year-old woman, operator of a tavern near Caseyville, was arrested Tuesday night on a charge of soliciting for prostitution in connection with two vice raids in the State Park Plaza area last weekend by county, state and federal authorities.

She was identified as Mrs. Beatrice Chilcott, who listed an address as Highway 157, Collinsville, operator of Bea's tavern.

She was held in the St. Clair county jail in lieu of \$2500 bond. Authorities charged that her tavern was used to solicit customers for prostitution.

GC Council Defers Action On Long-Range Growth Plan

Action was deferred Monday night by two aldermen on a resolution that would approve the Long-Range Comprehensive Growth Plan for Granite City.

The resolution had been placed on first reading at the Dec. 23 council session, and there was no debate Monday night as Fifth Ward Aldermen Basarich and Nomm called for deferral.

In a letter to the council, William F. Hoelscher, chairman of the City Plan Commission, pointed out the certification of the Workable Program for Community Improvement for Granite City expires Feb. 1, and that the Long-Range Comprehensive Plan, when approved, would be helpful in obtaining recertification of a Workable Program for the city in 1969.

"The need for action is based on the fact that without a certified 'Workable Program,' the city of Granite City will be unable to apply for and receive any further federal funds for housing or urban development, which includes sewerage and drainage," Hoelscher stressed.

Expires Feb. 1st

"All steps necessary to obtain this recertification should be taken immediately in view of the fact that the city's contract with the Southwestern Illinois Metropolitan Area Planning Commission expires on Jan. 31 and the recertification expires on Feb. 1," the commissioner added.

Alderman Fry noted the school district, park district and housing authority joined with the city in calling upon SIMAPAC to prepare the long-range plan.

William Waggoner, 63, Dies; Former Resident

William Elmus Waggoner, 63, of Fennell, Mich., a former local resident, succumbed to emphysema at 3:25 a.m. Wednesday at Sparrow Hospital, Lansing, Mich., where he was a patient one month and had undergone surgery.

He leaves nine sisters and brothers. Mr. Waggoner had moved to Green Valley, Ariz., for health reasons about a year ago, but he was hospitalized in Tucson, Ariz., before being transferred to the Michigan hospital. He had retired after 25 years in industries firm, where he had been employed 35 years.

He was a native of Dover, Tenn., and had resided in Granite City during the 1920s and early 1930s. He was a member of the Presbyterian church.

Surviving are his wife, Mrs. Freda Furena (Crisp) Waggoner, formerly of Collinsville; a stepdaughter, Mrs. Norma Lee Stapler of Okemos, Mich.; two brothers, Bryan L. and Robert W. Waggoner, both of Granite City; and seven sisters, Mrs. Birdie L. Earhart, Mrs. Grace Peach, Mrs. Madie Penrod, Mrs. Mattie Mathis, Mrs. Alma N. Kovach, Mrs. Catharine Waggoner and Mrs. Rena Craycraft, all of Granite City.

Funeral services will be held at 2 p.m. tomorrow in Fennell, Mich.

Lights Easing Hazards Near Housing Project

Traffic hazards in the vicinity of Kirkpatrick Homes have been reduced substantially by installation of stoplights on N. Main street near the central and northern areas of the housing project, it was noted during a discussion at the January meeting of the Granite City Housing Authority Tuesday night.

Parking congestion will be eased with installation of a blacktop surface this spring on the housing authority's new parking lot at N. Main street and Palmer avenue, commissioners commented. Limited use of the gravel lot has become possible during cold weather, but some settling has been noted on warm days.

Chairman Ernest E. Viehl Jr. and Executive Director David Morgan said fiscal reports for the 1968 calendar year are being compiled for submission by Jan. 20 to regional and national housing officials in Chicago and Washington.

Battery Charge Filed

Alice Metz, 34, of 2218 Cleveland blvd., was arrested at 8:40 a.m. Wednesday at her home on a warrant charging battery. She was released on recognizance bond by Magistrate William Johnson pending a hearing.

tioning for final adoption of the resolution.

Nomm, who with Basarich, has expressed a disliking to plans for the West Granite area, commented he did not believe the city should be to blame for the lack of a renewal program for the downtown district, which now also is in the Fifth Ward.

He added that people were moving out of Granite City because they could locate in areas where the school district bond issues are building new schools, while the older school buildings in the city, such as Washington and Emerson, are being ignored.

Nomm continued, "In my opinion the city is sound, and I plan to dedicate the next two years to rehabilitate the downtown district."

He was critical of the Press-Record for criticizing the council's late action on an Urban Renewal program. "We need cooperation; not criticism. If the newspaper thinks it can defeat me, it will find out the people understand me. The city council can rebuild the downtown district without help. They're expecting the city council to do it all."

Special Committee

In other action, the council voted to name a special committee to meet with the Operating Engineers Union on demands for more workers at the sewage treatment plant.

Named were Aldermen Moerlen, Dawes and Green. Alderman Boyd mentioned for Moerlen to be named chairman.

Mayor Partney reminded Boyd, who is a mayor candidate also, "You don't have the right, yet, to name the chairman. The committee is agreeable with me."

Robertson called for clarification on the status of the dual council committees—those named by the mayor and the other set named by the council.

"Everyone says the council is right in naming the committees," Robertson commented, "and the Appellate Court will uphold the circuit court."

Mayor Partney, who has appealed the circuit court decision that the council has the right to name committees, said that if the Appellate Court upholds the circuit court he will go to a higher authority.

DeMolay Mothers Hold Meeting

A meeting of the DeMolay Mothers Club took place Tuesday evening with the new officers presiding.

Mrs. Jean Hileman, president, was in charge and plans were formulated and committees appointed for the annual chili supper to be held in February. Co-chairmen are Mrs. Bernice Fitzpatrick, Mrs. Marie Neave and Mrs. Hilda Few.

There was a social session, games were played and refreshments were served by Mrs. June Lux and Mrs. Ann Fowler. Others present were Mrs. Verna Stuart, Mrs. Mary Earls, Mrs. Ursula Lockey, Mrs. Helen Hinkle, Mrs. J. Meyer, Mrs. Mary Darr, Mrs. Iris Watson, and Mrs. Melba Tarpoff.

NEW GAVEL presented to Mrs. Thomas Kerr (right), the new president of the Officers and Civilian Wives Club at the Granite City Army Depot, by Mrs. David Fox (center), retiring president. Mrs. Charles Hoskin (left), wife of the commander and honorary president, looks on.

Traffic Safety Trio Unit Topic

The Trio unit of the Madison County Homemakers Extension Association held its first meeting of 1969 at Hope Lutheran Church Tuesday afternoon.

A dessert luncheon was served by Mrs. Vivian Forshee and Mrs. Dorothy Arrad. Mrs. Mary Markham was in charge and a new member, Mrs. Peggy Barger, was welcomed.

The lesson was presented by Mrs. Marilou Lybarger and Mrs. Sarah Huber on "Meats For Thrifty Meals." They prepared three recipes from the lesson and gave samples to the members.

The selected subject for the day was presented by Mrs. Virginia Little on "Traffic Safety." Mrs. Clara Schilling announced that a "defensive driving course" will be given in Edwardsville Feb. 10 and 11. A report was given by Mrs. Maie Gersch, chairman, on various 4-H activities.

Mrs. June Lux was in charge of games, with prizes going to Mrs. Mary Ellen Lewis and Mrs. Lybarger.

Other members present included Mesdames Clara Schilling, Florence Rapp, Wilma Britton, Ruth Bravé, Edna Buenger, Ivan Graklanoff, Clara Harbig, Villa Ridings, Jerry Short, Lessa Soehng and Anita Jones.

Amvets Auxiliary Aids Children

Amvets Post 51 Auxiliary met last night in the Post home, 5100 Lakeview drive.

Mrs. Charlotte Damal, president, conducted the meeting, after the opening ceremony and prayer by Mrs. Marge Smith.

There was a donation of \$50 to a local school to be used for lunches for needy children, and other projects were discussed.

The birthday of the president, Mrs. Damal, was celebrated, and she was presented with an anniversary cake. The "white elephant" was won by Mrs. Jean Murphy, and announcement was made of a Division meeting to be held Jan. 19 in Mt. Vernon.

Refreshments were served by the hostesses, Mrs. Pauline Wickham and Mrs. Agnes Conkovich.

Spring Plans at Marshall School

The Marshall school PTA executive board met Tuesday night and reviewed plans for the remainder of the school year.

Mrs. Marilyn Smith, president, presided. A cakewalk will be held at the school carnival March 7, with Mrs. Jo Ann Brewer to head the committee. The school picnic will be held May 23 at Wilson Park shelter No. 5, with Mrs. Smith in charge.

Announcement was made that the sixth grade field trip will be to Scott Air Force Base, Belleville.

Thurl Jones, a Madison County probation official, will be the guest speaker at the PTA meeting Jan. 21. Also speaking will be Dr. Benjamin Rose, vice-president of the Area PTA Council, who will speak on the "ambush" culture program sponsored by the Heart Association.

Attending were Mesdames Vivian Davis, Jackie Dillard, Shirley Dutton, Verna Kidman Ann Ozburn, Jo Ann Brewer, Patti Lynn and Charlene Vano and Miss Mary Hopkins, principal.

Post-Holiday Party for Club

A post-holiday party for club members and their husbands was given this week by Mr. and Mrs. Leo Willis at their home on Wayne avenue.

A covered dish supper was served and there was an exchange of gifts. Prizes in the game were awarded.

Those present were Mr. and Mrs. Austin Witter, Mr. and Mrs. Orville Hommert, Mr. and Mrs. Wade Rollins, Mr. and Mrs. Joe Schmidt, Mr. and Mrs. Jerry Rosenberg, Mr. and Mrs. Robert Clausen of the club and guests, Mrs. Lorraine McIlvory, Mrs. Edith Ryan and Mr. and Mrs. Charles Hickman.

Prizes were awarded to Mrs. Rollins and Mrs. Hickman. The next meeting will be Feb. 25 in the McIlvory home.

Annual Parish Meeting Planned

Ten members attended a meeting of the Episcopal Women of St. Bartholomew's Episcopal Church Tuesday evening.

Devotions were led in the church by the Rev. Wilbur Lear, rector, who also entertained the group in the parish hall with a film entitled "Channel of Love."

Mrs. Edna Miller, president, was in charge and the annual parish meeting Feb. 2 was announced.

Attending the meeting were Mrs. Dorothy Davis, Mrs. Anna Mae Harris, Mrs. Lucy Williams, Mrs. Helen Ann Harris, Mrs. Lillian Chepley, Mrs. Mary Sturdivant, Mrs. Kay Acquaviva, Mrs. Miller and the hostesses.

Refreshments were served.

Strikers

level, while the strike was in progress.

A petition for contempt of court citations against several union pickets also was filed by the company, alleging picket line activities that violated terms of the injunction. That case, however, was continued several times and never was heard.

Three other major industrial strikes developed in the Quad-City area and were settled during the four-month period of the Dow plant strike. They included the Oct. 1 walkout of nearly 1000 members of International Chemical Workers union at the blue furnace department of Granite City Steel Co., a strike of machinists at American Steel Foundries and a strike of 1200 steelworkers at General Steel Industries.

2 Added Directors Elected To GC Trust Bank's Board

Two additional directors were elected to the board of Granite City Trust & Savings Bank during the annual stockholders meeting yesterday afternoon at the bank.

They are Carl Mathias, area manager for Illinois Power Co., and Thomas Remington, president of the Castings Division of General Steel Industries, Inc.

Directors re-elected were R. C. Barney, Dr. W. W. Bowers, Homer Huber, Ernest A. Karandjeff, Henry D. Karandjeff, John McBride and Milford D. Walton.

The board in turn, re-elected its officers. They are Henry Karandjeff, chairman of the board; Ernest Karandjeff, president and chief executive officer; Allen Jesse, Jr., executive vice-president; Barry Loman and John J. Polson, vice-presidents; Anthony J. Zedek, assistant vice-president; John I. McDonald, cashier; William C. Evans, Elmer Rittenhouse and Richard A. Dawdy Jr., assistant cashiers; Robert J. Hildebrand, assistant trust officer, and Paul Niles, auditor.

Killoran Promoted

The promotion of Tom Killoran, assistant cashier, to assistant vice-president, was announced at the meeting. Killoran, a loaning officer and his wife, Virginia, have four children. He attended the University of Miami and the American Institute of Banking. He is active in civic, business and church organizations.

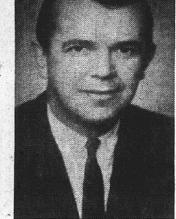

New director Mathias came to this city in February 1962 and resides with his wife, Betty, and daughter, Carla, at 34 Oaklawn drive.

He is a director of the Tri-Cities Chamber of Commerce of which he was president in 1965-66, and was chairman of the committee promoting construction of the ice rink at Wilson Park. Mathias was chairman of the area United Fund campaign in 1967, and he was a member of the board of the YMCA from 1964 to 1967. He was president of the Chokoma Mound Boy Scout Council in 1967.

He also holds memberships on the Lewis & Clark State Park Commission, the Horseshoe Lake Park Development Commission, the Granite City Rotary Club, St. Elizabeth Hospital Lay Advisory Board, is chairman of the Governor's

CARL MATHIAS
New Director

THOMAS REMINGTON
New Director

TOM KILLORAN
Receives Promotion

Committee on Employment of the handicapped and is chairman of the St. Louis Industrial Development committee.

GSI President Since '67

New director Remington joined General Steel Industries in 1964 and was promoted to the presidency of the Castings Division in 1967. He attended Princeton University and Harvard Law School and had private law offices until 1968. Between 1959 and 1963, he was counsel to Gov. Nelson Rockefeller of New York.

Mr. Remington served in the U.S. Marine Corps in world war II and the Korean war. He is married and has four daughters. He is currently active in the 1968 Tri-Cities Area United Fund campaign as the general chairman, and he is chairman of the Missouri-Illinois American Red Cross blood program and is a trustee of Mary Institute.

In reviewing 1968, Bank President E. A. Karandjeff reported to the board that the year "set another record as the most outstanding year in the history of Granite City Trust & Savings Bank." He attributed the increase in business to several factors.

"Automation of our bookkeeping operations permitted us to handle a much greater volume of business with greater efficiency. Customer service was thereby improved as much of the time previously devoted to technical operations was now available to give each customer more personal attention.

"The introduction of the Bankmark credit card system was a real boon to the community. It received widespread acceptance by our local merchants and provided a new concept in credit for consumers throughout the Quad-Cities area. The volume of Bankmark business during the Christmas shopping period exceeded even our expectations.

"And we must also give credit to the personnel of the bank. We are in the people business and our bank is only as good as the people who staff it. We have always tried to maintain a policy of highest efficiency and at the same time keep an atmosphere of friendly and informal banking. We are proud of the manner in which our employees have worked toward both of these goals."

A Look to 1969

"The year 1968 looks extremely promising," Karandjeff continued. "While we achieved many goals in 1968, we will continue to work for bigger and better accomplishments in the coming year."

"We have always maintained that the financial institutions of a community should take the lead in the development of the

community. It has, therefore, been our policy to participate in every possible civic, business, church and cultural activity. It is only through involvement that we can hope to achieve the objectives of making our community one of the finest in which to work and live. Our officers, directors and employees have, throughout our history, worked diligently toward this end. We will continue this policy in 1969.

"From the standpoint of banking services, we have taken an important stride toward even greater customer convenience. With the introduction of Statement Savings, our customers can transact all of their banking with one-stop at any lobby or drive-in window. Savings and checking deposits and withdrawals, loan payments, Christmas and Vacation Club payments, etc., can now be handled in a matter of minutes and without even having to leave the car.

"We are proud of our community and the many fine customers and friends whose loyalty and support have helped us to grow and become a Full Service Bank offering complete financial service."

American Independent Party to Name Officers

The American Independent party will hold a general meeting and an election of officers and committeemen at the Wood River public library, 326 East Ferguson, avenue, Wood River, Sunday at 2:30 p.m. Bylaws and organizational procedures will be discussed and decided on at this time.

A slate of officers, for which several local residents' names have been submitted, has been presented by an organizational committee, and nominations will be accepted from the floor. All supporters and other interested individuals are being urged to attend.

Several counties will be represented at the meeting. Madison county has been called instrumental in establishing the party in Illinois, and a spokesman said it is hoped to "set a precedent for all 50 states to follow" by forming a strong and lasting party structure.

Rear of Truck Struck

A Granite City Steel Co. dump truck driven by Vernon J. Ryan, 4227 Warnock avenue, stopped for a red traffic signal at East 20th street and struck from behind by an auto driven by Thomas J. Wyde, 2725 Birch avenue, at 1:50 p.m. Tuesday. There was minor damage to the car.

Dr. Schmidt Presents Paper at Conference

Dr. Robert E. Schmidt, local optometrist, participated Sunday and Monday in the St. Louis Visual Training Conference at a St. Louis hotel. He presented a paper on children's visual training and development to the group.

Twenty-five speakers from the seven state areas were in attendance. The meeting is sponsored each year by the Optometric Extension Program which is the largest postgraduate study group in optometry. Dr. Schmidt practices locally with Dr. Stapley F. Maer, 1833 State street, and specializes in the examination and treatment of children and youths' visual problems.

Receiving Basic Training At Lackland AFB, Texas

Ronnie Hicks, 19, a son of Mr. and Mrs. James Hicks, 2200 East 20th street, has enlisted in the Air Force and is now at Lackland AFB for basic training.

A 1967 graduate of Granite City high school, the airman was employed by McDonnell Aircraft Corp. in St. Louis. Visual Training Conference at a St. Louis hotel.

Driving Charge Filed

Gregory J. Turnbough, 2110 Fourteenth street, was ticketed on a careless driving charge at 10:15 p.m. Tuesday at 17th street and Madison avenue.

Tavern Operators Seek Law Changes At Regional Meet

Three hundred tavern owners, union officials, distributors and coin operators from Southern Illinois attended a meeting aimed at amending the dram shop law and improving other laws Monday night at the Swansea Moose hall.

Sponsored by the Madison and St. Clair County Tavern Owners Associations, the meeting was preceded by a dinner at Fischer's restaurant, Belleville.

Speakers at the meeting included state representatives and senators and state leaders of the beverage industry. They pledged their aid in improving laws concerning the industry as well as shop, taxes, prices and political desires of tavern owners.

They also stressed the need of union and keeping legislators informed.

The speakers included State Representative George C. Edwards, City, Sam Vadasabale of Edwardsville, Kenneth Hall, James Kraus and Edgar Lehman, East St. Louis, Dr. Norbert G. Springer of Chester and William J. Cunningham of Pinckneyville, State Sen. William Lyons of Gillespie, Bert Nickerson of East Moline, president of the Illinois Retail Licensed Beverage Association; George Ulrich of Chicago, executive secretary of the association; Charles Hester of Granite City, district 9 vice-president; and officers of the two county associations.

Local speakers included besides Hester, also Madison county association president, William Speake of Edwardsville, Edmund Grohms, Glen Schneider and Mr. and Mrs. Robert Huggins of Granite City, Jordan Rapoff, Gene Frick, Mr. and Mrs. Jess Schirmer and Mr. and Mrs. Lee Seratton of the unincorporated area, and Sam Marmino of Wood River.

Brother, Uncle of Local Residents, Dies

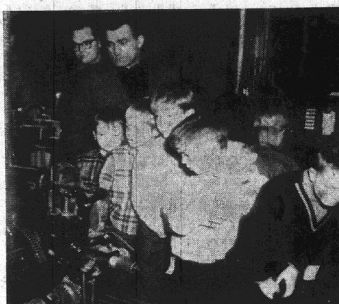

Mrs. Sidney Womack, 2043 Washington avenue, returned this week from Tennessee where she was called by the death of her brother, Harvey Lane, who resided in Waverly, Tenn., and died there Jan. 3. The funeral was held Monday in Dover, Tenn.

Mr. Lane, who was retired, is survived by his wife and a daughter and son. Two nephews, Larry Lane and Sidney L. Womack, reside in Granite City and there is a niece, Mrs. Marie Taylor, in East St. Louis.

Petition to Remove Administrator Filed

Patty Markuly, 2422 Benton street, has filed a petition in Madison county circuit court at Edwardsville seeking the removal of the administrator and for an accounting in the estate of Mrs. Vasil Markuly.

Current administrator is Peter G. Markuly of Markuly Plumbing and Heating Co. Other heirs are Alex Markuly of Madison and Helen Holder of Troy. Markuly died Jan. 9, 1968, and the administrator was named last Aug. 27.

TOUR OF THE PRESS-RECORD Monday afternoon being made by members of the Fox Tribe of the Indian Guides sponsored by the YMCA. The boys and their fathers are inspecting the typesetting machine.

Moose Lodge to Hold Class Initiation

Malford Morris, governor of Moose Lodge 272, announced today there will be a class initiation at 7:30 p.m. Saturday at the lodge hall. Degree work will be conferred by the lodge ritual team.

Lunch will be served at 6:30 p.m. by the Women of the Moose, Chapter 247, and there will be dancing and entertainment beginning at 9 p.m.

One-Way Street Ticket

M. M. Jackson, 2414 Ohio avenue, was arrested Tuesday on a charge of driving the wrong way street.

Fox Tribe, Indian Guides Tour Press-Record

The Granite City Press-Record was toured Monday afternoon by the Fox Tribe of the Indian Guides sponsored by the YMCA.

Those making the tour were Chiefs—John Kastelic, Jack Bosworth and Bob James and Braves—Mike Wright, Alvin Lowery, John Kastelic Jr., Mark James, Richard Lachner, John Laughlin and James Bosworth.

WALTER C. CONDRAN, 83, Dies after 4th Stroke

Walter C. Condran, 83, of 2618 Jerden, died at 5:15 a.m. Wednesday at St. Elizabeth Hospital. In failing health, he had suffered a fourth stroke one week ago today and was admitted to hospital.

Born in Collinsville, Mr. Condran had resided in Granite City almost his entire life. He had been employed as a pipelitter at Union Division of Miles Laboratories (Union Star & Refining Co.) for 35 years prior to retirement in 1956. He was a union member and member of the Baptist faith.

His wife, Mrs. Marie Condran, nee Leslie, died in 1956. He was survived by a daughter, Mrs. Mabel Davis of Kilmorris, Fla.; a stepdaughter, Mrs. Roland (Betty) Horton of Granite City; one sister, Mrs. Bessie Pouch of Granite City; six step-grandchildren; two nephews, Leslie and Robert Pouch of Granite City; and several nephews and nieces who reside out-of-town.

An obituary notice appears elsewhere in this issue.

Previously Undeclared Ritenour 7th Victim of Warrior Matmen

The Granite City high school Warrior wrestling team, undefeated in 1968-69, dual met competition here Tuesday evening by downing previously undeclared Ritenour 27-14.

The Warriors are now 7-0 in dual action and Ritenour is 5-1. The visitors were without two key wrestlers, due to flu and a disciplinary measure, and one key member of the Warrior squad was out with influenza.

Coach Bill Schmitt said, "The big match of the evening was Bob Miller's decision over Steve Trauth, the Missouri state champion last season. The last time these two met, Trauth won 13-6, but Miller evened the score 7-2 on our home mat."

They are 103-pounds. Early Lead Evaporates
The Warriors jumped off to a 9-0 lead as Bruce Miller (95) won 20, Bob Miller triumphed and Al Bridgeman (112) won 2-0. But GCHS lost the next four bouts and was losing 12-9 going into the eighth match.

Ten Alex Tarpo put the his man in 2-30, followed by consecutive wins by Rick Smith (154) in 1-18, Tim Wallace (163), 4-0 and Bob Pates (180), 5-2.

Mark Mizerski, heavyweight, wrestled to a draw. Other Warrior wrestlers were Steve Ferguson (120) L 4-0, Mike Christopher (127) L 5-4, Ray Burroughs (138) L 8-4 and Tom Niebur (138) L 7-3.

Jayce Prevail 29-17
The junior varsity team won its match against Ritenour, downing the Missouri club 29-17. Winning by pins were Brad Cross (60) in 5-30, Keith Rogers (120), 5-30 and Bruce Evans (180), 3-12. A forfeit was won by Mike Garland at 103 pounds.

Decision winners were Tom Eaton (127), 4-0, Russ Gray (145) 8-4 and Bruce Hawkins (154) 7-2.

Other results were: Lenny Wilson (112) L 6-4, Cliff Yaeger (133) L 1-6, Steve Holik (138) L 4-3, Frank Mehlis (165) L 1-4.

and heavyweight Jim Greenwald L 5-30.
Sophomores also wrestled against Ritenour and won 27-18. Dale Miner (127) and Rick Wickham (145) pinned their foes in 5:30 and 3:17. Rick Walker (163) and Dave Smith (180) won on forfeits.

Bruce VanMeter (95) won a 9-4 decision. Draws were recorded by Mike Polley (112) 12-7, Mike Christopher 14 3 50 and Mike Johnson (heavyweight) 5-3.

Losing their bouts were Leo Robertson (120) 11-4, Steve Arbetter (133) 4-31, Ralph Sajak (138) 2-0 and Ken Simon (165) 9-5.

Busy Weekend Ahead
The varsity team will wrestle against Eastern St. Louis on meet against Eastern St. Louis on Friday at 7 p.m. Friday and entertain Pekin and Carl Sandburg of Orland Park at the GCHS gym Saturday starting at 1 p.m.

Including the Tuesday meet,

the following are the records won by Warrior matmen so far this season at the varsity level:

Wt.	Wrestler	W	L	Pct.
95	Bruce Miller	7	2	.778
103	Bob Miller	20	0	1.000
112	Al Bridgeman	2	0	1.000
120	Steve Ferguson	7	2	.778
127	Mike Christopher	14	3	.824
133	Roger Hayes	3	1	.750
138	Tom Niebur	11	4	.733
145	Sam	4	2	.667
154	Rick Smith	12	2	.857
165	Tim Wallace	12	2	.857
180	Bob Pates	13	2	.869
Hwt.	Mark Mizerski	6	12	.333
154-165	Frank Mehlis	4	0	1.000

Hunters Bag 21,376 Geese in S. Illinois

Hunters bagged 21,376 Canada geese during the 1968 season in southern Illinois.

More than half of the birds were harvested in Alexander County, according to the Illinois Department of Conservation.

In Union county, 6515 geese were tagged and 3968 were killed around the Crab Orchard National Wildlife Refuge in Williamson and Jackson counties.

Goose season in the four southern Illinois counties began on Nov. 11 and ended on scheduled at 3 p.m. December 22. If more than 20,000 geese had been harvested before the scheduled closing date the season would have been ended by order of Director William T. Lodge of the Illinois Department of Conservation.

Speed Skating Classes Start Saturday at Rink

A new speed skating program will start Saturday morning at Wilton Park ice rink with free instruction to be offered between 8 and 10 a.m. on successive Saturdays for the next two weeks, Harold Brown, Granite City park district superintendent, announced today.

The park official reported that members of the Gateway Skating Club of St. Louis will help organize and instruct the speed skating sessions, which will be coordinated by the rink manager, J. H. "Buck" Kenner. Youthful skaters through high school age will receive instruction on racing and how to manipulate the type of skates used in speed skating. Brown said. He pointed out that many young

sters received speed skates as Christmas gifts and are not familiar with the correct method of turning and other ways of using the skates properly.

The regular fee of 35 cents per session for park district residents and 60 cents for non-residents will be charged for the program. Instruction will be provided free.

The park district's "Learn to Skate" program will be moved to 10 a.m. to noon Saturdays, between 9:45 and 11:45 p.m. this Saturday, one of a series of late evening skating parties for high school students will be held at the local rink, the official announced.

Rebounding Rivermen GC Park Cage Data

Crush Cougar Quintet

Towering University of Missouri at St. Louis overpowered SIU-SW Cougars 104-58 Monday at the Edwardsville high school gym in the second meeting of the two basketball teams this season.

The SIU-SW cagers, now 2-5 for the season, will travel to St. Louis this Saturday night to meet Concordia Seminary.

Coach Harry Gallatin's Cougars fought gamely to stay in the game and, early in the second half, rallied to reduce the Rivermen's lead to nine points. But five straight baskets in as many attempts by Missouri's Calvin Brock broke the game open. Verle Stout of Missouri topped all scorers with 20 points.

SIU-SW suffered from the rebounding of the Rivermen's 6'7" defensive star, Greg Dwyer, who grabbed off 18 rebounds and dominated the boards. SIU-SW players usually got only one shot. Cougar scoring leaders were Bernie Pitts with 20 points and Dusty Gregory with 13.

Grid Bowl Coaches To Lead Area Clinic

Area high school and college coaches will have an opportunity to hear talks by three of the top university football coaches in the nation during an eighth annual "coach of the year clinic" next week at the Chase-Park Plaza Hotel, St. Louis. A demonstration on techniques and drills will open the three-day meeting at 7:30 p.m. Friday, Jan. 17.

The meeting will be John McKay of the University of Southern California, which played in the Rose Bowl; Pepper Rogers of the University of Kansas, which participated in the Orange Bowl; and Joe Paterno of Penn State, conqueror of Kansas in the Orange Bowl. Paterno is expected to be the winner of the "coach of the year" award of the National Football Coaches Association.

McKay's entire staff will conduct on-the-floor demonstrations and the "coach of the year" award of the National Football Coaches Association. McKay's entire staff will conduct on-the-floor demonstrations and the "coach of the year" award of the National Football Coaches Association.

Mat Gators Divide Two Road Meets

The Grigsby junior high school wrestling team split decisions with Belleville schools this week, beating West 11-5 Tuesday evening and then losing to East 30-23 Wednesday evening. Both teams were wrestled on enemy mats.

Against Belleville West, it was Harry Miller (95) W 5-7, Lenny Fuchs (103) W 1-59, Dennis Roagan (112) W 4-3, Don Corbitt (120) W 6-4, Randy Gann (127) W 1-2, Mike Rogers (138) W 3-50, Larry Rose (138) L 13-7, Kelly Hodges (145) L 3-5, Dan P. Heger (180) L 2-33 and Rusty Barton (heavyweight) W 1-06. The Gators forfeited in the 150 and 165-pound divisions.

Results against East were: Harry Miller (97) 4-4 draw, Rick Hensley (95) W 5-3, Fuchs (103) W 4-3, Leagan (112) L 5-2, Corbitt (120) D 6-6, Gann (127) W 7-5, Larry Rose (138) W 8-1, Rogers (138) L 3-2, Hodges (145) L 1-47, Solenberger (165) L 1-38, Barton W 1-40. The losing club forfeited the 154 and 160-pound bouts.

The Grigsby team record is now three wins and six losses.

WILLIAM E. WINTER Named to Top Post

GC Man Named to Top Post With Seven-Up

Ben H. Wells, president of Seven-Up Co., today announced four major top management appointments in a re-organization of the firm's total marketing operation.

William E. Winter of Granite City, Seven-Up vice-president and market manager, was appointed to the newly-created position of director of marketing, with responsibilities for and supervision of all marketing activities of Seven-Up's nationwide operations.

His new post will include supervision of all advertising, sales, marketing services and brand management departments. According to the Aug. 26 edition of "Advertising Age" magazine, a national publication, Seven-Up ranks 88th among the top 125 advertisers in the U. S.

Winter, who resides with his family at 19 Miami court, is a lifelong resident of the Quad Cities. He was employed by the Seven-Up Co. in Madison, prior to joining the company's field staff and later the international headquarters staff in St. Louis. Along with the local executive, the Seven-Up president also announced the appointment of Orville J. Roesch of St. Louis, former advertising manager, as assistant vice-president and advertising director, to administer the firm's advertising program in cooperation with affiliated independent 7-Up bottlers.

GC Coed, 20, Raped, Names Alton Area Men

Three Alton area men were arrested this week and one was being sought on charges of raping a coed, who is 20, in a Jersey county motel last Friday night.

Taken into custody were Michael Gene Jones, 19, of Mazonia; Paul Eugene Woodman, 18, of Alton; and Larry Charles Miller, 18, of Alton. Police are seeking Stanley Ash, 26, who lives in the Alton area.

The frightened girl reported the assault at the office of State Atty. Alvin Pettis in Jerseyville on Saturday. She said she was with several girls and boys among three carloads of youths who had met in Granite City to have a party.

She said the four men took her to the motel between Jerseyville and Alton where they threw her on a bed and held a pillow over her face, attacking her at least five times. Authorities said the girl, who suffers from asthma attacks, screamed that she was suffocating. They said she was hysterical and crying and was unsure if she was attacked more than five times.

MORE ABOUT New Precincts

Ship election also will be held April 1.
A recommendation for the pay for election judges to be increased from \$25 to \$35 was discussed. Atty. Scroggins advised the council the \$25 fee is fixed by state law, but the council proceeded to authorize preparation of an ordinance to set the \$35 pay. A legal opinion on the proposal also was requested.

Bartuska commented that the city could not keep experienced election judges because of the pay, and with dual city and township polling places on April 1, it would be almost impossible to find judges for the city polling places.

Nom added his opinion that the city was becoming involved in an unnecessary "red" podge. He remarked, "I think this is all wrong. I think you'll find out you don't need a mayor primary."

HOSPITAL CONSTRUCTION along Niedringhaus avenue in connection with the \$8,000,000 expansion and modernization program is to provide temporary quarters for the x-ray department and

later use for storage. The bricklayer in the foreground is Albert Misselhorn of 2909 Grand avenue. S. M. Wilson & Co. is the project contractor.

Vandals Shoot Windows Off Parked Vehicles Farmland Timber Is Valuable

By WARREN W. BUNDY
Timber is a valuable resource. It deserves good management. There are 25,000 acres of woodland in Madison county. Most of those acres are better suited to timber production than to any other crop.

Prices paid per thousand board feet of standing sawtimber usually are: \$15 to \$25 for white oak and ash, \$10 to \$20 for red oak, black oak, elm, hackberry, cottonwood, sweet gum and sycamore, \$10 to \$15 for pin oak, hickory and sugar maple, \$10 to \$15 for soft maple and \$9 to \$10 for black walnut.

For face veneer quality standing timber, black walnut sells for \$300 to \$700 per thousand and white oak \$100 to \$150 per thousand.

Prices for standing timber average \$1 to \$2 per thousand higher now than a year ago, according to the Illinois Cooperative Crop Reporting Service. Prices vary according to accessibility of timber, site and terrain, distance to market, size of sale, tree size and quality.

Timber buyers are experts. Most timber owners know very little about how to sell timber, especially from the standpoint of good timber management. That's why we need professional assistance in selling timber.

A farm forester, employed by the state of Illinois Department of Conservation, is available to advise timber owners in selling their timber. He is John A. Churan, Illinois Division of Forestry, Box 587, Hillsboro, Ill. 62049.

Churan will, by your request, view your timber, advise you which trees to sell, have you mark them with paint, scale them by species, give you an estimate of their value, and provide names of buyers. Then you are in a position to bargain effectively with an expert buyer.

Churan believes you should sell only the trees that are ready to market. He provides facts needed to manage your woods for both the present and the future.

Driver Exposes Person

Two girls on their way home reported at 4:35 p.m. Wednesday that a man in a light blue compact car bearing a Missouri license plate drove up and exposed himself while they were on the Washington school yard.

Attempted Entry

Eugene Amberger, 2556 Benton street, reported about 7 p.m. Wednesday that while he was looking out of his front door window, someone tried to force the door open and broke two panes of glass in the storm door.

Vending Machine Forced

A cigar machine in the time office of the Union Division of Miles Laboratories was pried open and an undetermined number of coins stolen between 2:30 and 3:30 a.m. today, guards reported at 4 a.m.

Auto Battery Stolen

Mary Davis, 2635 Madison avenue, reported at 11:15 p.m. Wednesday that while she was at work at St. Elizabeth Hospital, a 12-volt battery was stolen from her 1968 auto which was parked on the Tri-Cor lot.

Kane called for parents to allow children to crawl, rather than encourage walking by suspending the child by his arms. Crawling, he said, gives the child guidance systems. Toys recommended included nesting pots and pans and a ball.

Woman Takes Overdose

A Granite City woman, who said she was feeling tense, took 15 nerve pills before realizing the amount Wednesday night. She became frightened and was taken to St. Elizabeth Hospital at about 11:30 p.m. by her husband, police were told.

Close Link Between Coordination, Reading

A child's motor coordination has a great deal to do with visio-perception and reading, Elmer Kane, superintendent of schools in Clayton, Mo., said at SIU-SW Tuesday night at a meeting of the Madison and St. Clair Counties Reading Association.

Heard by more than 200 educators and parents, he exploded myths related to the visual ability of the child.

"The first mistake parents make," he said, "is to put a child in a crib that stays in one place all the time"; at the age of three hours, the infant already can detect the difference of light and dark. When the crib is not moved, the child becomes oriented to the left or right side, wherever the source of light, he explained.

"Therefore, parents should rotate the crib nightly," he called for letting a child crawl and explore, because "learning depends upon movement." He suggested that playpens be used exclusively for housing valuable furnishings, with the child given freedom to move about in the room.

Kane called for parents to allow children to crawl, rather than encourage walking by suspending the child by his arms. Crawling, he said, gives the child guidance systems. Toys recommended included nesting pots and pans and a ball.

Woman Takes Overdose

A Granite City woman, who said she was feeling tense, took 15 nerve pills before realizing the amount Wednesday night. She became frightened and was taken to St. Elizabeth Hospital at about 11:30 p.m. by her husband, police were told.

MORE ABOUT Break-Ins

grandfather's clock, two maple candle stick holders and \$2 or \$3 in change from a china egg bank.

A tachometer valued at \$35 and a reverberator valued at \$35 were stolen from a 1957 auto owned by David Whalen, 2702 West 26th street while the car was parked at 25th and Benton streets, it was reported at 5:35 p.m. Tuesday. An effort was made to remove a stereo tape player.

Elsie Maylath, band director at Prather junior high school, reported at 10 a.m. Wednesday that a clarinet in a tan case was stolen from the school during the Christmas holidays. It was valued at \$110.

Andrew Manco, 2631 Madison avenue, reported at 2:46 p.m. Tuesday that his white-over-red 1960 two-door auto was stolen from behind Granite City high school after 2 p.m.

Mancel Owings, Alton, reported at 10:15 p.m. Tuesday that his white-over-maroon four-door 1960 auto was stolen from the Tri-Mor Bowl after 7:30 p.m. Tuesday. All but two of the paintings were returned, several damaged. One of those missing is the Mona Lisa.

Principal Lawrence McCauley said yesterday the recovered paintings are back on the walls, but several were scratched when hauled around in the trunk of a car, and several frames were broken. Three of the pictures were found in a cardboard box behind the high school stage.

The paintings, gifts of the parents and other organizations, have been in the halls for over 12 years.

George Pieschalski, 79, Dies; Ill 3 1/2 Years

George Pieschalski, 79, of 2631 Delmar avenue, a retired Granite City Steel employee, died at 8:20 a.m. today at the Colonades Nursing Home. He had been ill 3 1/2 years and a patient at the nursing home the same length of time.

A Granite City resident the past 54 years, Mr. Pieschalski previously lived in DuBois, Ill., where he was a native. He had retired several years ago from Granite City Steel, after being employed by the firm 45 years in the blacksmith department.

Mr. Pieschalski was a member of Sacred Heart Catholic Church, the Knights of Columbus and the Polish National Alliance. His wife, Mary, died in 1962.

He is survived by two daughters, Misses Mary and Agnes Pieschalski, both of Granite City; two brothers, Joseph Pieschalski of Toledo, O., and John Pieschalski of DuBois; one sister, Mrs. Hattie Wojtowicz of DuBois; and nephews and nieces.

Funeral arrangements are given in today's obituary column.

Land Price Quotations

Land prices are of interest to people in the city as well as farm people, as indicated by questions received from both groups.

Two major costs of owning land are interest on the money invested and real estate tax.

Granite City PRESS-RECORD
Page 8 Thurs., Jan. 9, 1969

Such costs become a part of farm production costs in one way or another. The farm owner-operator pays the costs direct. If the landowner rents the land to a tenant, the owner's costs tend to be reflected in the rental terms.

Landowners can expect a three to four percent return on their investment, judging from past averages. That is a low

return based on today's money market. But add to that the average of about six percent per year increase in land value realized during the past several years and land has been a good investment.

What the future holds for land prices is anybody's guess. Some economists believe land prices will continue to increase but at a lower rate than in the past, with some short periods of decrease in land prices.

Benefits to a landowner from land price increases tend to be

of a windfall nature. The benefit occurs only once and is not recurring in nature.

Don't Be Too Eager

Don't be too eager to snap up a seemingly good offer when selling farmland. Families as well as industry are looking at rural areas for relocation possibilities. Consult a qualified real estate expert before selling.

Consider these four factors before accepting what seems like a good price for your farmland: (1) income tax implications; (2) contract sale pos-

sibilities; (3) trading your property for like property to defer and eventually avoid income tax on capital gains; and (4) cost of holding land—the money could earn a greater return elsewhere.

If you borrow money from a credit agency to buy land, make sure the agreement you reach with the agency specifies: (1) the amount you borrow; (2) the interest rate; (3) the number, amount and date of your annual installments; (3)

your repayment privileges, particularly the amount of principal you can repay in any one year; (6) appraisal fees or other loan charges; and (7) any special provisions to apply if you fail to repay the loan.

Tax management deserves top priority in your farm business, especially as tax-filing time approaches.

You can realize most savings before you close your 1968 farm record book. Because of graduated income tax rates, personal deductions and allowances, your

tax burden will be lightest if income is stable from year to year.

To avoid paying unnecessary taxes, add all 1968 farm income and subtract expenses. Then deduct depreciation, investment credit, personal exemptions and deductions. If your taxable income is considerably more or less than last year's, look for ways to level it by either buying livestock and supplies or selling livestock and crops.

Most farmers recognize fertilizer, seeds, gas, chemicals,

feed, wages and depreciation as legally deductible items on the farm schedule of their income tax forms. But many farmers often overlook such deductible business expense items as farm and breed organization dues; farm magazine subscriptions; extension telephones in farm buildings; fringe benefits given to hired help; and fees for record-keeping services, management help, tax consultants, attorneys and accountants.

Masquers Start Rehearsals On Production of 'Picnic'

Rehearsals for "Picnic," the next play to be presented by the Masquers, Inc., were started this week. James Swanick, director for the production, has announced his cast:

Helen Potts—Mrs. Ann Irwin;
Hil Carter—Maxey Barnett;
Millie Owens—Miss Eerie Miller;
Bomber—Glen Gutfahr;
Madge Owens—Mrs. Susan Shurtz;
Flo Owens—Miss Irene Kunneman;
Rosemary Sydney—Miss Rogers

Laclede Steel Names Three to Positions

A managerial promotion and two sales appointments for Laclede Steel Co.'s central area have been announced by H. R. Kilpatrick, vice-president of sales.

Robert J. Mild of Kirkwood, Mo., has been named central area manager for construction products. J. Terry Clayton of Belleville and W. Michael Cullinane of Manchester, Mo., have been appointed sales representatives of construction products.

They will be headquartered at the company's general offices in St. Louis.

Davis; Alan Seymour—Albert Erickson; Irma Kronk—Miss Christina Long; Christine Schoenwelder—Mrs. Judy Barnett; and Howard Bevens—Bill Irwin.

The Masquers are in need of clothing which could be used for costumes for the play, which takes place in the early 1960's. Anyone having items which could be used, are asked to contact the Masquers by writing P.O. Box 245, Collinsville, or by phoning Mrs. Ann Irwin, Properties Chairman, at 344-3288.

The Masquers also would appreciate usable furniture or clothing of any period which could be used in future productions. Items can be brought to the Masquers Hall at Main street and Vandalia in Collinsville any Sunday after 2 p.m., or arrangements can be made to have the items picked up.

"Picnic" will be presented by the Masquers, Inc., Madison county's only musical and dramatic theatre, on Friday and Saturday, Feb. 14 and 15, at the Webster school auditorium in Collinsville. Curtain time will be 8:15 p.m. Admission will be \$1.50 for adults and \$1 for students.

WIN-BACK CLASS OF 1968, whose members received diplomas last night at Granite City high school. Front row, left to right—Mrs. Deborah R. (Smith) Kennedy, Mrs. Maria E. (Tucker) McMurtrey, Mrs. Carol S. (Sabo) Lipe, Mrs. Berma R. (Atchley) Patrich. Back row—Mrs. Carolyn S. (Adams) Sander, Mrs. Karen A. (Huenken) Lindsey, Mrs. Barbara L. (Clark) Tidwell and Mrs. Brenda L. (Mercer) Roderick. Not present for the picture was Michael R. Kaminski.

9 Receive HS Diplomas In GC 'Winback' Program

Diplomas were awarded by Granite City High School Principal Lawrence McCauley last night to nine adult students who have been attending classes at night for the past one or two years under the school district's "Win-back" program.

The diplomas were awarded in an informal ceremony in McCauley's office to the members of the January 1968 class.

Since the program was started, 42 adults have received high school diplomas. "The program is catching on, and we

75th Assembly Overrides Veto, Votes Pay Raise

Members of the 75th Illinois General Assembly, meeting at Springfield prior to the opening of the new 76th Assembly session, overrode a governor's veto yesterday to vote themselves a \$2000 annual salary increase. The 75th Assembly then adjourned sine die.

The action increases legislative salaries from \$9000 to \$12,000 a year, effective immediately for all members of the new House of the 76th General Assembly which went into session at noon yesterday. 15 minutes after the old assembly went out of existence.

The salary increase, however, involves only two senators who were elected in the 1968 election to fill vacancies. All other 56 members of the Senate still have two years of their current terms to serve and will not be eligible for the raise. Compensation of an elected official in Illinois cannot be raised during his current term of office.

Bare Senate Majority

The House vote for the pay raise was 140 to 10 with a two-thirds majority—or 118 votes—needed to override the veto. The Senate mustered a vote of 40 to 10 in favor of overriding the veto, with 39 votes needed for approval.

The pay increase was provided in a bill passed by the legislature in a recess session last July, but the bill was vetoed by Gov. Samuel H. Shapiro in August on grounds the state was short of money and at that time faced a budget deficit of about \$180 million.

As the new Assembly went into session, State Rep. Ralph T. Smith (R-Alton) was re-elected speaker of the House and Sen. W. Russell Arrington (R-Evanston) was re-elected president pro-tem of the Senate. Rep. Jack Walker of Lansing is Republican floor leader in the House and Rep. William D. Walsh of LaGrange and Raymond Anderson of Galesburg will be assistant Republican leaders.

Ogilvie Replaces Graves

In the Senate, Sen. Robert Coulton of Waukegan and William C. Harris of Pontiac are serving as assistant Republican leaders, while Sen. Thomas A. McClellan of Chicago is Democratic Senate leader and Alan J. Dixon of Belleville is serving as Democratic whip.

As the new 76th General Assembly convened for its 1968 session, Republican Gov. Edgar Richard B. Ogilvie announced the appointment of Raymond C. Dickerson of Camp, as the new director of the Illinois Department of Business and Economic Development, replacing Gene Graves of Belleville who has headed the department since it was created under the

hope it can be expanded to include everyone who did not complete high school," McCauley said.

Those graduating last night were—Mrs. Brenda L. (Mercer) Roderick, Mrs. Deborah R. (Smith) Kennedy, Mrs. Carolyn S. (Adams) Sander, Mrs. Berma A. (Atchley) Patrich, Michael R. Kaminski, Mrs. Carol S. (Sabo) Lipe, Mrs. Maria E. (Tucker) McMurtrey, Mrs. Barbara L. (Clark) Tidwell and Mrs. Karen A. (Huenken) Lindsey.

Amvets Post 51 Plans January Activities

Events planned for later this month were discussed last evening at a meeting of Quad-City Amvets Post 51, held at the post home, 5100 Lakeview drive.

Commander Joseph Wickham presided and announced members will participate in the Amvets Division Five conference, set for 2 p.m. Sunday, Jan. 19 at Mount Vernon.

It also was reported that Leo Clements, Post 51 senior vice-commander, will represent the Quad-City post at the mid-winter rally of the State Executive committee, to be held Jan. 25-26, at Post 3 in Champaign.

Appreciative acknowledgments from seven local families who received Christmas gift baskets from the post were read by the commander, followed with financial reports presented by Ben Sanders and a current membership statement by Earl Smith, membership chairman.

Dena Youngs Assigned Student Teaching Post

Three-hundred ninety Southern Illinois University-Carbondale students, students of education are spending the winter quarter in classroom teaching assignments as part of their requirements for a bachelor's degree.

The student teachers include Dena C. Youngs, 2241 Washington avenue, who is teaching at Jopka high school.

Students, who come from 163 Illinois cities and towns, 10 other states, and two foreign countries, will teach during January, February and March in elementary and high schools in Chicago and 47 downstate Illinois communities. Two will gain their experience in Paducah, Ky., and Webster Groves, Mo. Thirty-seven are in Chicago area classrooms. James Wood of Gilman is teaching at Granite City high school.

Lectures on Physics Next Week at SIU-SW

The Faculty of Physics and the Society of Physics Students at Southern Illinois University-Southwestern campus will sponsor two public lectures by William L. Savage, professor of physics at the University of Iowa, on Monday at 8:30 p.m. and Tuesday at 4 p.m.

Both lectures will be held in the Science Laboratory Building at the University. The second lecture, entitled "The Present State of Solid State," is sponsored in conjunction with the American Institute of Physics.

administration of former Gov. Otto Kerner.

Ogilvie also announced appointment of Herbert J. Ruff, sheriff of Winnebago county, as new head of the Public Safety Department. Brown replaces Rose V. Randolph of Springfield, formerly of Chester.

SIU-SW Engineer Faculty Receives 2 Computers

The Faculty of Engineering at Southern Illinois University-Southwestern campus has received two computers which will aid engineering students in laboratory work, according to Laurence R. McAneny, dean of the science and technology division.

The two computers will be used as control devices for experiments and apparatus in the laboratory, and will provide practical experience for students

Granite City PRESS-RECORD Thurs., Jan. 9, 1969 Page 9

who will be working with similar equipment in computer-controlled factories after graduation. McAneny stated that the two units will not be used as a second data processing system, but for engineering laboratory purposes only.

Levee Board

district board, reports had been circulating in recent weeks that the East St. Louis political organization would not approve another term for Tolar as president.

Tolar has been a member of the levee board for 20 years, having been elected to five consecutive four-year terms. He was elected officially as board president in 1961 following settlement of the board's factional dispute in lengthy court proceedings. He began his political career in East St. Louis as an inspector for the East Side Health District shortly after it was established in the early 1940's.

Campbell was appointed to the levee board to fill a vacancy in 1963 and was elected to his first full term in 1963. He was re-elected in the 1968 Nov. 5 general election. Campbell has been a city license inspector in East St. Louis since 1967.

Officials Reappointed

Immediately following Campbell's election in the reorganization meeting, the levee board trustees reappointed all present levee board officials. They include Ben Campbell, deputy clerk; Shirley Prada, chief clerk; Adair L. Kriener, chief engineer; Thomas Stalcio, treasurer; John Sprague and Harry Hartman as attorneys; and Charles Little as marshal.

Stalcio is mayor of Pontoon Beach Village in the Quad-City area and Hartman lives in Nameoki township.

In addition, on a motion by Campbell, the board approved the appointment of Frank Summers, Belleville, as a levee district attorney, filling a long-standing vacancy of a third attorney spot.

Campbell then appointed new board committees to serve during the 1969 levee district fiscal year which is the same as the calendar year. The committees, with the first named as chairman, included: Finance—Tolar, Duff and Ebersold; Judiciary—Duff, Grant and Ebersold; State and Municipal Relations—Ebersold, Duff and Tolar; Health and Public Order—Ebersold, Duff and Tolar; Labor—Grant, Tolar and Duff; Engineering—Tolar, Duff and Ebersold; and Rules—Ebersold, Tolar and Duff.

Issues Statement

Following the reorganization session, Campbell issued a statement in which he said:

"I appreciate the confidence the members of the board have shown in me by electing me as President of the Board.

"I hereby pledge full cooperation with the municipal bodies

BUS AND CARS LINE UP to enter Highway 111 from Pontoon road, an intersection where 17 accidents occurred during 1968. The traffic line faces east on Pontoon, with four-lane Highway 111 running

left to right. Pontoon Beach residents are petitioning the Illinois Highway Department to lower speeds to 45 mph along 111 within the village limits instead of 65 mph.

By Press-Record Staff Photographer

For Route 111

Speed Cut Petitions being Circulated in Pontoon Area

within the boundaries of the district. By such mutual cooperation and counsel it is hoped to maintain and improve our levees, also to provide the district with the best sanitary conditions possible with the advice and aid of the state and federal governments.

"I further pledge to the taxpayers of the district an economical administration in all of the affairs of the district."

In the regular board session following the reorganization, adoption of the resolution governing new hiring procedure was the principal matter of business.

The resolution sets out that the requirement of hiring by requisition will not apply in the event of an emergency of flooding conditions.

The board authorized negotiation of a new four-year lease on the levee district's Madison county offices and garage facilities at 1707 Madison avenue.

Claims of \$29,380 for the month of December, and salaries of \$5,391 for the month were approved.

Jeagers Leave, Next Assignment in Texas

Army Specialist-four John Jeager and his wife, Christi, left Monday to return to Santa Ana, Calif., after attending the funeral of his father, John H. Jeager of Granite City. They had stayed at the home of his mother, Mrs. Marie Dollins, 1746 Edison avenue, and also visited relatives on Friday.

He returned from Vietnam in December and is to be transferred Jan. 20 to Fort Hood, Tex.

Between 300 and 400 Pontoon Beach homes are being visited this week by a team of volunteers who are seeking the signatures of residents on five petitions which request reduction of the present 65 mph speed limit on Highway 111 within the village boundaries to 45 mph.

The petitions will be presented early next week to the Illinois Division of Highways. The new degree will be the first professional degree offered in the fine arts division and will emphasize studio work for artists and art teachers. Two course options will be available for degree candidates, one in a specialized studio area and one in the field of art education.

Studio concentrations will include ceramics, painting, printmaking and sculpture. Harry H. Hilberry, chairman of the art faculty, said the degree program is based on broad concepts and avoids production of narrow specialists with knowledge and experience in a single area.

MORE ABOUT

Three Seeking

the same as in state and national elections.

The election schedule sets Jan. 22 as the last day on which the city clerk may publish notices of the primary and Jan. 27 as the last day to post and publish the color of the ballots.

Feb. 6 is the last day the clerk may deliver specimen ballots to primary election judges and also is the last day on which an absentee voter may apply for a ballot by mail.

Deadline for applying for an absentee ballot in person will be Feb. 8. Official primary ballots must be delivered to precinct judges by Feb. 10, with the primary election the following day.

Madison police said Ross, a delivery man for Cardinal Potato Chip Co., told them he made a business stop at Jerry's Tavern, received an order and went outside to his truck to fill the order.

He said the man attacked him as he reached his truck. Ross was treated for cuts and abrasions to his left leg, multiple abrasions to his face and head, a cut to his lower lip, abrasions to the back of his neck, received several sutures, was given skull, facial, rib and leg x-rays and was released.

Hicks is vice-president of District 11, International Union of Electrical Workers with offices in St. Louis.

U. of Mo. Menomics To Labor Advisory Group Willard F. Hicks, Quad-City area resident and former clerk of Nameoki township, has been appointed a member on the Labor Education Advisory Committee of the University of Missouri, Columbia, it was announced this week by Chancellor John W. Schwada.

Hicks is vice-president of District 11, International Union of Electrical Workers with offices in St. Louis.

Pupil absenteeism in Quad-City schools due to influenza, colds or similar winter complaints apparently is not spreading, according to a survey conducted by the Press-Record and the local public school districts this week.

With few exceptions, the largest number of absentees in Granite City occurred last Thursday and Friday, with many children not reporting for school on those days because of the shortened week, one educator speculated.

In Madison, absenteeism was only slightly higher than usual on Thursday and Friday, at all grade levels, and picked up Monday to a normal absentee figure. "We believe the short week was almost entirely responsible for children not coming to school Thursday and Friday," Assistant Supt. Donald Parklake said.

Central, Grigsby and Prattier junior high schools showed highest absenteeism on Thursday and Friday, while more Coolidge pupils were absent on Monday and Tuesday.

The majority of Granite City grade schools recorded between 10% and 12% pupils absent

Thursday and Friday. The figure is not unduly alarming for January attendance, one principal commented.

Hardest hit, attendance-wise, appeared to be McKinley school, with an enrollment of 475, which registered 73 pupils absent Thursday, 70 on Friday, 63 on Monday, and 56 on Tuesday; and Washington school, with 89, 31, 38 and 38, respectively.

Granite City high school with a student population of 2870 registered 224 absentees last Thursday, 252 Friday, 280 Monday and 204 Tuesday.

Central junior high—92, 90, 85, 64 (600); Coolidge—101, 106, 118, 113 (1275); Grigsby—63, 77, 52, 51 (784); Prattier—89, 110, 84, 75, (760).

Emerson—36, 31, 28, 21, (364); Frohardt—50, 46, 16, 13, (565); Lake—56, 53, 49, 43 (402); Logan—77, 59, 67, 51, (518); McKinley—67, 56, 38, 71, (475); Marshall—72, 70, 63, 56, (690); Maryville—56, 57, 66, 44, (681); Mitchell—57, 65, 52, 49, (786); Nameoki—76, 62, 47, 46, (802); Niedringhaus—41, 53, 63, 45, (545); Parkview—51, 63, 49, 45, (548); Stallings—42, 38, 40, 31, (380); Washington—89, 81, 48, (518); Webster—78, 63, 68, 48, (580); and Wilson—65, 56, 39, 53, (606).

Normal in Venice Venice schools which resumed regular sessions Monday registered normal attendance in the first two days, according to Lewis E. Sabin, Venice high school principal, and Mrs. Anna McKinney, Venice grade school principal.

Robert N. Vickers, assistant superintendent of Venice schools, said yesterday that only six high school students were absent Monday and ten pupils Tuesday out of a total enrollment of 156.

Venice grade school attendance showed 44 pupils absent Monday and 35 absentees Tuesday from an enrollment of 468 students.

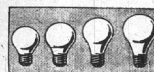

Less easy to calculate was absenteeism at Venice-Lincoln Center which has an average daily attendance roster of 62 students. Twenty adult students failed to start the January term on Monday, with an absentee figure decreasing to 12 pupils on Tuesday, Vickers said.

The adult vocational-technical school has an overall enrollment of 129 students, however, many enrollees attend sessions on a two-day week, or similar part-time basis, making it difficult to assess the specific number of absentees on the initial two days, the assistant superintendent explained.

CLIFFORD GRAHAM Receives Promotion

Clifford Graham Is Promoted

The election of Clifford S. Graham as vice-president of enrollment by the board of trustees of the St. Louis Blue Cross Plan was announced today by the organization's president, Oscar W. Rexford.

Graham, a native of Granite City, now resides with his wife and two daughters in Richmond Heights. Mr. Mrs. Graham, the former Susan Otlich, taught at Niedringhaus school prior to her marriage.

He is the son of John W. Graham, formerly of Granite City, and the great-nephew of Carl Graham of Granite City.

Graham has been director of enrollment since 1965. "During this period," Rexford said, "under Graham's leadership, the enrollment department has achieved an outstanding record of membership growth in the Blue Cross Plan."

Rexford added "the board's action is well earned recognition of the job Graham has done."

Graham joined Blue Cross in 1968 as an enrollment representative. He was national accounts manager prior to his appointment as director of enrollment in 1965.

Before his association with Blue Cross, Graham had been in radio work as newscaster, sportscaster, and program director.

Graham is a Marine Corps veteran of the Korean War. He is an active member of Downtown Rotary Club and Sales and Marketing Executives.

Advance Meeting Date

The regular monthly meeting of the Venice town board, scheduled Jan. 22, has been advanced to Monday, Jan. 20, Moore announced today. Moore said the meeting date was advanced to permit authorization of legal notices within required time limits. The notices pertain to a Feb. 4 township caucus which must be held in conjunction with the April 1 township election.

Area Sales in Third Quarter Of \$21,435,000

Third-quarter sales in the Quad-City area amounted to \$21,435,000, it was determined this week from newly available Illinois Revenue Department reports.

The total is 4½% more than the \$20,555,850 sales in the third quarter of 1967.

Sales volume was determined from the amount of state sales taxes, which are four and a quarter cents on each dollar of sales. The tally does not include the three-fourths-cent tax collected by the state for return to cities and counties.

The \$21,435,000 tabulation for July, August and September of 1968 consists of \$17,564,497 in Granite City, \$2,625,944 in Madison, \$878,180 in Venice, \$398,467 at Mitchell and \$280,966 in Ponton Beach.

Tax returns numbered 1368 in Granite City, 414 in Madison, 119 in Venice, 32 at Mitchell and 36 in Ponton Beach. The returns include one each month for firms filing on a monthly basis and one each quarter for those reporting on a quarterly basis.

Sales Breakdown
A breakdown of the Quad-City area third-quarter sales shows \$5,626,317 food sales, \$3,740,428 automotive and filling stations, \$3,124,701 manufacturers, \$2,028,792 general merchandise, \$1,988,927 drinking and eating places, \$1,467,888 retail-wholesale stores, \$1,432,265 hardware, lumber and building supplies, \$1,124,335 furniture, household goods and radios, \$881,124 apparel and \$220,516 miscellaneous.

Categories include the following: General merchandise—department and variety stores, dry goods and direct selling organizations. Food—groceries, dairy products, confectioneries, retail bakeries. Eating and drinking places—restaurants, taverns, motels, hotels, trailer parks, recreation camps and fraternity and sorority houses. Apparel—clothing, accessories, shoes, tailors, pressing, fur repair and storage. Furniture—home furnishings, music stores, radio and television, appliances, drapery, floor coverings, china, glassware, reupholstery. Hardware—contractors, carpentering, drilling, glazing, excavating, demolition, construction, plumbing and heating equipment, electrical goods, building materials, paint, farm equipment, tools, locksmiths. Automotive—motor vehicles, machinery, accessories, tires, aircraft and marine stores, gasoline stations, trailers, repair, glass, paint shops, parking lots. Retail-wholesale—drugs, tobacco, scrap materials, paper, liquor stores, jewelry, antiques, stationery, sporting goods, farm and garden supplies, fuel, florists, cigar stores, cameras, gifts, souvenir shops, optical goods, accounting equipment, hospital supplies, watch repair. Miscellaneous—farms, animal hospitals, raw materials, ores, coal, periodicals, greeting cards, typesetting, transportation, warehousing, public storage, banking, savings and loan.

Scuba Diving Course To Be Offered at 'Y'

Men and women interested in becoming qualified scuba divers are invited to participate in a special course of instruction to be taught at the YMCA, starting Wednesday, Feb. 5, under the auspices of the Bubblemasters' Scuba Diving Club of Granite City.

Neil Winters, Bubblemaster president, said this week that prospective students may register for the course in advance by calling the YMCA, at 870-7200, or Jack Atkinson, instruction coordinator for the club, at 877-5688.

An orientation and registration meeting has been scheduled for 7 p.m. Wednesday, Jan. 29, in the YMCA. When additional information will be made available or questions answered.

The instruction program, covering an eight-week period, with weekly sessions held each Wednesday, beginning Feb. 5, will include sessions in pool work and lectures, Winters said.

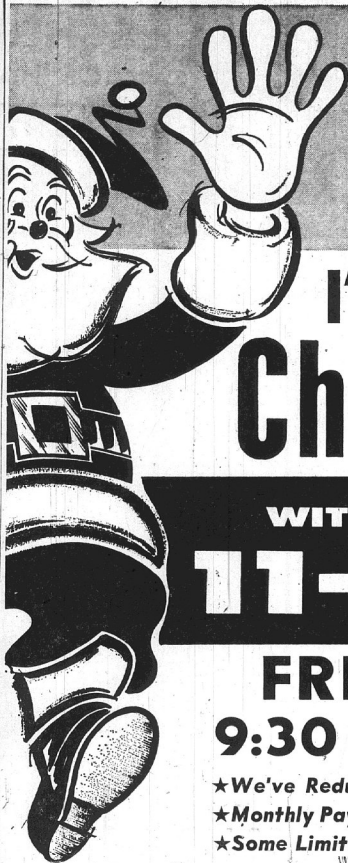

All equipment, textbooks and materials required will be furnished by the Bubblemasters' Scuba Club, whose certified members have agreed to instruct the trainees.

A minimum age of 16 years, with parental consent, has been set, with prospective students required to be competent swimmers. Classes will be limited to 20 students.

Speeding Ticket Issued

A speeding ticket was issued to Eugene J. Kierski, 810 Washington avenue, Madison, at 9:15 p.m. Tuesday at 17th street and Madison avenue.

associations, credit agencies, legal services, chiropractors, transportation equipment, labora- drinking and eating, \$662,159 ap- \$437,970 drinking and eating, \$34,966 drinking and eating, \$146 eating, \$303,208 hardware, \$217, 226 automotive and \$2376 retail- wholesale. Ponton Beach figures were: \$226,458 food, \$39,323 drinking and eating, \$2648 hardware, \$39676 automotive and \$1989 miscellaneous.

SOCIETY

MRS. JOHN JAMES FIELDS, the former Kathleen Ann Ochoa, a daughter of Mr. and Mrs. Phillip J. Ochoa, 226 Kerr street, Venice, who was married January 2 at St. Mark's Catholic Church.

Hulseys Moving To Arizona

Mr. and Mrs. A. H. Hulsey, 2137 Pontoon road, long-time residents of Granite City, left the past week to make their home in Sun City, Ariz. For the present they are residing with a son-in-law and daughter, Mr. and Mrs. W. C. Smithers.

The couple had planned to leave in December but their departure was delayed as Mr. Hulsey was hospitalized due to a heart condition. They were married here and plan to celebrate their 50th anniversary in August. Both are members of Niederrhaus United Methodist Church, and Mrs. Hulsey is a past noble grand of Juanita Rebekah Lodge.

Before retiring Mr. Hulsey was employed by the American Steel Foundries and Gantcheff's drugstore.

Zi Zeta Psi Chapter Meets

Zi Zeta Psi Chapter of Beta Sigma Phi met Tuesday evening in the home of the president, Mrs. Mary Yewin, 2917 Grand avenue.

The hostess presided and the program was given by Miss Annabell Zang. The topic was "Understanding Art."

A dessert course was served by Mrs. Ruth Seymour, Mrs. Geraldine Cox, Mrs. Virginia Johnson, Mrs. Martha Santoro, Mrs. Ella Reynolds, and Miss Hazel Towery.

Each of the members was presented with a jar of jelly which the hostess brought back from a trip to Florida during the holidays, and plans were made for the next meeting Jan. 21 in the home of Miss Towery.

AREA PTA BOARD TO RESUME MEETINGS

Mrs. Sylvia McKinney, president of the Granite City Area Council of PTA's, has announced that an area executive board meeting will be held tonight at 7:30 in the library at Coolidge junior high school.

PTA presidents are being urged to send in their nominations for "outstanding young educator" recognition to Jim Jeffries, P.O. Box Three, Granite City.

DORCAS CLASS MEETS IN CHURCH SOCIAL ROOMS

A meeting of the Dorcas Class of First Baptist Church was held Tuesday evening in the church social rooms, 21st street and Delmar avenue.

Mrs. Chris Goodman, president, was in charge. The meeting opened with the class hymn by the group, followed by prayer led by Mrs. Katie Pennock.

Mrs. Sibyl Lowrance, teacher, read a poem entitled "The New Year" and an article, "Hope and Expectation," by Norman Vincent Peale.

The meeting adjourned with the Lord's prayer in unison and a social time followed.

The hostesses, Mrs. Florence Medcalf and Mrs. Ota Warren, served refreshments to those mentioned and to Mrs. Imogene Claxton, Mrs. Dorothy Daigler, Mrs. Opal Shearburn, Mrs. Rose Mort, Mrs. Rebecca Parish, Mrs. Ida Reading and Mrs. Mildred Parker.

PAST PRESIDENTS

The Past Presidents Parley of the American Legion Auxiliary 113 met Monday evening at the Legion Home with Mrs. Evelyn McCollega, president, in charge.

The meeting opened with prayer and the pledge to the flag was led by Mrs. Dorothy McCain, chaplain. Fifteen years present.

Prizes in the games were won by Mrs. McCain, Mrs. Lumeta Durbin, Mrs. Ella McKittrick, Mrs. Mary Breckenridge, Mrs. Emma Spiner, Mrs. Ethel Petri, Mrs. Minnie Grob, Mrs. Hazel Odum, Mrs. Ada Dishong and Mrs. Mildred Reed.

The next meeting will be Feb. 3.

UPW EXECUTIVE COMMITTEE MEETS

The executive committee of the United Presbyterian Women of First Presbyterian Church met Tuesday evening in the home of their president, Mrs. Dee Roberts, 1613 Moro avenue.

Fourteen officers were present.

The meeting opened with prayer by Mrs. Beryl Nyboer, when plans for the year were outlined, including serving as hostesses at the pot luck dinner to be held in the congregational meeting Jan. 15.

"Very Scientific"

Ron Aldridge went to College longer than the other buyers, so he's the one that gets to buy the Encyclopedia Promotions.

As you can tell from that we do things very scientific. Well anyway, Ron tells me that he is about ready to break a new Encyclopedia program that is for the lady and the man of the house... the lady will be able to get Mary Margaret McBride's Encyclopedia of Cooking and the man can get the Family Handyman Encyclopedia.

All the details will be in next week's AD... But you can't hardly wait, huh?

ENGAGED. Miss Margie Alexis Ollar whose betrothal to Gary C. Goleanor, son of Mr. and Mrs. James C. Goleanor, 2636 Edwards street, is announced by her parents, Mr. and Mrs. James L. Ollar, 1717 Spruce street.

Engagement Is Announced

Mr. and Mrs. James L. Ollar, 1717 Spruce street, have just announced the engagement of their daughter, Miss Margie Alexis Ollar to Gary C. Goleanor, a son of Mr. and Mrs. James C. Goleanor, 2636 Edwards street. The bride-to-be attended schools in Panama, Canal Zone, and was graduated from the Granite City high school. She is presently a sophomore at the University of Illinois.

Her fiancé, a 1964 graduate of the local high school, attended Southern Illinois University-Southwestern campus for three years prior to entering military service. He is now stationed in Hailborn, Germany.

The bride-elect's father is employed at the Granite City Army Depot. Her mother is a teacher from the Republic of Panama. Wedding plans are indefinite.

Rotary Announces Plan Events

Mrs. Maxine Anderson, Mrs. Lorraine Decatur, Mrs. Betty Mathias and Mrs. Carmel Froelich were hostesses to the Rotary Ann at the Rose Bowl Tuesday afternoon.

War I Veterans, Auxiliary Meet

Madison Barracks 34 and Auxiliary of the Veterans of World War I met at the VFW Hall Tuesday evening with Commander Ernest Stechmesser and Mrs. Shirley Stanfill, president, presiding. Forty-five members of the two organizations were present.

A report was made of the Christmas party which was attended by about 80 persons, and plans were made to attend the Fourth District meeting in Edwardsville Jan. 19. Several of the members are also arranging to attend a Department Board meeting and Lincoln pilgrimage in Springfield Feb. 8-9.

Mrs. Kathryn Feilers, a past national president, will attend the National Auxiliary Board meeting and Women's Forum on National Security in Washington, D.C., Feb. 15.

Gideon Groups Hear Reports

The Granite City Gideon Camp Auxiliary met Monday evening in the home of Mr. and Mrs. Arthur Beide, 2408 Pontoon road.

Devotions were given by Charles Staveley and business sessions were presided over by Mrs. Charles Reimers and Hugh Foster.

Elkettes Plan Dinner Jan. 19

The Elkettes met Tuesday evening at the Elk's Club with Mrs. Ruby Parker, president, in charge.

Among coming events discussed was the chicken and dumpling dinner to be held Sunday, Jan. 19 at the Elk's.

After the business hour, refreshments were served by a committee composed of Mrs. Olive Kaler, Mrs. Wilma Russell, Mrs. Parker, Mrs. Catherine Michel, Mrs. Clara Harbig, Mrs. Marge O'Neill, Mrs. Elvira Turber, Mrs. Thelma Ruppel, Mrs. Erma Armistage and Mrs. Helen Matson. The special price was awarded to Mrs. Ruppel.

The refreshment committee was composed of Mrs. Sallie Gracey, Mrs. Helen Bargfield, Mrs. Bernice DeRousse and Mrs. Louise Sedlack. Twenty-five were present.

MRS. WAUGH HONORED BY VENETIAN CLUB

The Venetian Club held a weekly meeting Monday evening at the Venice library. The president, Mrs. Jeannette Woodruff, called the group to order, with the members repeating the Topp pledge and the pledge to the flag.

Roll call was taken by Mrs. Mary Fansler, weight recorder, and penalties were given for gains.

Mrs. Pat Waugh was named queen of the week and also queen for December.

The members welcomed two guests for the evening, Mrs. Gloria Kowalski and Mrs. Birdie Fenton.

Election of officers will be held in the last week of March. A discussion was held on the coronation and second anniversary celebration to be held in June.

Other members present were Mesdames Ann Welch, Bernice Komosa, Virginia Cochran, Maryann Walsh, Donna Kagi, Annette Ahrens, Ila Bauer, Eileen Robinson, Carol Williams, Dolores Draper, Shirley Watkins, Leota Carney, Shirley Luffman, Sue Wappel and Brenda Ervin.

HOLY NAME SOCIETY INSTALLS OFFICERS

St. Mark's Holy Name Society held its annual installation of officers dinner Tuesday evening at the Park Grill in Venice. Secretary John Koelker called the meeting to order in the ab-

SPEND DAY QUILTING

The Women's Missionary Council of Tri-City Park Tabernacle met Tuesday at the church for a day of quilting and hand sewing.

Those present were Mesdames Sally Maers, Olla Burris, Mildred Rushing, Rella Knapp, Sylvia Seemiller, Linda Smalle, Mary Hildebreth, Grace Hoch, Glenna Stagg, Betty Pike, Julia Fox and Leola Tucker.

Mrs. Ella Thompson of Rhodes street returned home Monday from Novato, Calif., where she had been visiting her daughter for the past month.

se of the president, Lorraine Daniels.

A discussion was held on a corned beef and cabbage dinner to be held March 9 in the church basement.

The following officers were elected to serve for the year: president, John Schodroski; vice-president, Bernard Dixon; secretary, John Koelker; and treasurer, Jess Tawney.

Dinner was served to Dominic Scaturro, Tony Mangi, August Daniels, Alex Kowalski, Hank Svezia, Tom Maher, John Williams, Bill McGarrath, Tom Williams, Harlin Hooks, Fred Durrer Jr., Charles Simmons, Leo Davinoy, Jack Tolliver, Paul Ashford, Milton Morris, Larry Bilbrey, Bill Boerckel, Al Pace, Claude Bilbrey, Charles Bilbrey, Bill Woodruff, Pete Ponce, William Mehan, Richard Patterson and Fisher Terry Shea.

Next meeting will be Feb. 4 in the church basement.

FAREWELL PARTY

Mrs. Joan Yetter, 2420 Edison avenue, entertained members of the Once-a-Month card club in her home Tuesday evening and a farewell party in honor of Mrs. Martha Bollinger who was leaving.

Mrs. Bollinger will be leaving next week with her family for Royal Oak, Mich., where her husband, Bill, is presently employed with the A. O. Smith Corp. He was associated with the firm here and accepted a transfer last year.

The evening was spent playing cards and prizes were won by Mrs. Sharon Shaffer and Mrs. Helen Schwendeman. High scores and consolation prizes were awarded to Mrs. Donna Kagi and Mrs. Cora Coppedge. The ladies presented Mrs. Bollinger with a "going away" gift. A buffet luncheon of Roast beef sandwiches, potato chips, gelatin salad, homemade cookies and candies was served by the hostesses.

The next meeting will be held at the home of Mrs. Coppedge, 3004 Willow avenue, Feb. 11.

FINISH SEWING PROJECT

Webster Brownsie Troop 889 met at the school Tuesday afternoon to make plans for the year and to complete a sewing project under the leadership of Mrs. Velara Schmitz and Mrs. Anita Moody.

Each girl told what she had received at Christmas. The Brownsies discussed activities over the holidays, including a visit with Santa Claus. The

NEW SCOUTING YEAR is shown being discussed this week by (left to right) Glen Thornburg, Unihaw Boy Scout district vice-chairman; Keith Toby, district chairman; and Edward Stone, district vice-chairman. Not shown are the other vice-chairman, Raymond T. Jones, and Assistant District Scout Executive Wilbur Iron. Plans were made for the January district board dinner tonight at the Army Depot.

troop voted to visit "aqualand" this month.

Work was completed on "sit-ups" and the remainder of the time was spent in a recreation period. Each girl chose a game for the troop to play.

In attendance were Pamela Allen, Robin Beavins, Cheryl Brinkley, Susan Bryson, Susan Buente, Marshall Clubb, Candice and Carla Evans, Deedra Hunsan, April Howell, Terri Hunsan, Wendy Ann Moody, Renee Nall, Robin Pich, Susan Prossper, Sheri Lee Rose, Kaitly, Kaitly, Becky Schorff, Donna Kay Smith, Patty Smith, Robyn Stark, Lori Ann Taylor, Rebecca Waltemate and Carol Weber.

BROWNSIE SONGFEST

Brownsie Troop 400, sponsored by the Wilson PTA, held a weekly meeting at the school Tuesday afternoon with the leaders, Mrs. Frankie Keeney and Mrs. Pat Baty. The president, Robin Williams, led the Brownsies in

the pledge of allegiance and promise to obey the meeting.

The troop formed a Brownsie sing to discuss and continue studying its handbook. The girls discussed outdoor manners and a hike which they will take later this year. They reviewed articles studied at previous meetings.

The rest of the meeting was spent singing, "rounds" and learning several new songs. Members attending were Diane Barton, Debbie Beatty, Barbara Brazley, Tammy Gelsinger, Kathy Hall, Kathy Hunsan, Kathy Lawson, Marium Maynard, Pam Roberts, Vickie Sullivan, Ramona Warren and Robin Williams.

CAMPOUT, THINKING DAY, DINNER DISCUSSED

Neighborhood Four Girl Scout leaders held their first meeting of 1969 at St. John's Lutheran Church Monday evening with the chairman, Mrs. Wanda MacDonough, in charge.

The leaders were reminded of an overnight campout this weekend at Camp Lakota for all District Four adults and leaders.

Mrs. MacDonough announced that the annual "thinking day" will be Feb. 22. Two girls from each troop will participate in the program, and Carolyn Votaw will supervise the event.

Mrs. Dolores Riddle and Mrs. Denise Schmitz were chosen as representatives to an international dinner to be held March 27. Time and place will be announced at a later date. Mrs. Schmitz thanked all who had assisted Mrs. Mary Louise Glass, a Brownsie leader who lost her home in a fire while attending a neighborhood scout festival of giving program.

Mrs. MacDonough introduced Mrs. Arlene Brinkman, district director of training for the River Bluffs Council, who spoke and showed slides of her trip to Mexico. While there, she also attended the Olympics. She told of meeting leaders and scouts from all over the world.

Refreshments were served by Mrs. Rosemary Patton, Mrs. Shirley Long and Mrs. Gus Schaffner to those mentioned and Mesdames Maude Bates, Betty Katig, Joyce Hand, Joyce Stinson, Dorothy Luckert, Peggy Mangun and Doris Votaw, district chairman, and Misses Carol Willison and Vicky Yetter.

The next meeting will be Feb. 3.

Junior Girl Scout Troop 704, sponsored by the Webster PTA, assembled at the school Monday afternoon to elect new officers and make plans for 1969 under the leadership of Mrs. Mac Lee and Mrs. Shirley Teresi.

Sixth grade members opened a weekly meeting with a flag ceremony and the scouts repeated in unison the pledge of allegiance and promise and sang "America."

A "scout's own" ceremony was held around the flag. The girls recited the ten laws and sang "When E'er You Make a Promise."

The following scouts were elected: patrol leaders and assistants, Karol Lee, Teresa Rushing, Vickie Little, Leisa Tervasi, Pam Emring and Patty York; president, Sharon Emring; vice-president, Alexis Hozian; treasurer, Karen Tolon; assistant treasurer, Susan Welty, and scribe and assistant, Vickie Pulley and Enid Cox. Patrols will select their names at the next meeting.

Mrs. Lee announced that the troop will go bowling at Tri-Mor Jan. 16 after school with scouts of Troop 29, led by Mrs. Jackie Watkins and Mrs. Doris Gaines. Plans were made for a skating party in February. All Brownsie and Junior troops of Webster school will attend.

The meeting adjourned with a singalong. Karen Lee, a member of Cadette Troop 231, assisted with the singing and several of the girls taught songs they had learned at day camp. Others present were Mary Kay Chapline, Tammy DePew, Carole Griffin, Donna Long, Linda Pool and Vickie Welty.

AUXILIARY PLANNING SALE, OTHER EVENTS

The Ladies Auxiliary of the Old Camp Meeting Tabernacle met Tuesday morning, with prayer and singing held and lunch served to Marie McKenzie and daughter, Darla, Mildred Browning and daughter, Linda, Lillie Anderson, Mary Cox, Reba Reeves and Maxine Sullivan.

A bake sale was planned for

Saturday, Jan. 25, at Schermer's grocery. The group discussed other coming events, including special services at the church Friday, Jan. 17, with Rev. Darrell Reynolds showing a film of the Holy Land.

Rev. Samuel Henson from the Association of International Gospel Assemblies will be a guest at a fellowship meeting at the church Jan. 18.

The next meeting of the Ladies Auxiliary will be held Feb. 4 at 10 a.m. in the church basement.

Funeral services were held Monday where they attended the funeral of the former's sister, Mrs. Thomas J. Phillips, 77, who died the past week after a short illness due to heart disease.

Willpower is one thing that too often becomes stagnant from lack of exercise.

Attend Funeral Services At Whittier, Calif.

Mrs. Mary Ann Holland, 2429 Edison avenue, with her son, James G. Holland, returned Wednesday from Whittier, Calif., where they attended the funeral of the former's sister, Mrs. Thomas J. Phillips, 77, who died the past week after a short illness due to heart disease.

Funeral services were held Monday where they attended the funeral of the former's sister, Mrs. Thomas J. Phillips, 77, who died the past week after a short illness due to heart disease.

Willpower is one thing that too often becomes stagnant from lack of exercise.

State Capital NEWS

Largest Road Program

The details of the largest road program in Illinois' road building history have been announced. The 1969 Highway Improvement Program for the state will provide for right-of-way acquisition and construction projects costing an estimated \$348,400,000.

Of the total, \$212,400,000 is earmarked for work on interstate highways and \$136,000,000 for noninterstate highways. Right-of-way costs are expected to total about one-ninth of the program.

The state will provide \$99,000,000 of the total, local sources will provide \$18,500,000 and federal funds will provide \$230,900,000, of which \$191,200,000 must be used on interstate highways and \$39,700,000 on noninterstate highways.

In 1968, close to \$200,000,000 in contracts, including those for right-of-way, were awarded. This was less than anticipated as the curtailment on the rate of obligations of federal funds during 1968 prevented the placing of a number of federal-aid projects under contract. Nine lettings were held during 1968 at which 1612 bids were received.

Illegal Traffic High

Regardless of the season, there is no let-up in activity of illegal dispensing of narcotics nor in use of prohibited drugs, Joseph J. Healy, superintendent of the narcotics control division of the Illinois Department of Public Safety, said this week.

There were 32 persons arrested for narcotic violations in October and November of 1968—30 from downstate and 22 from the Chicago area.

Healy reported that the divisions' agents throughout the state worked with no less than 30 municipal police departments, eight sheriff's offices, the federal bureau of narcotics, U. S. immigration service and other agencies.

Fifty-nine acres of known marijuana growth were destroyed by division officials in the two-month period.

Security Hospital

Dr. Harold M. Visotsky, director of the Illinois Department of Mental Health, announced today the retirement of Bert Rednour, superintendent of Illinois Security Hospital at Chester.

Illinois Security Hospital, opened in 1932, provides care and treatment for adult male patients requiring maximum security facilities. It is the smallest state hospital in Illinois, serving a patient population of 300.

Rednour, the hospital's 11th superintendent, has been the chief administrator for 12 years. He was first appointed by Gov. Adlai Stevenson, serving from 1949 to 1953. A lifelong resident of Illinois, Rednour completed 25 years employment with the state at his retirement.

First Zone Center

H. Douglas Singer, Mental Health Zone Center at Rockford became the 12th of the mental health facility to be fully accredited by the Joint Commission on Accreditation of Hospitals and the first Zone Center to receive certification.

"Accreditation indicates that a facility has met national standards for quality patient care and allows expansion of training programs for medical students, psychiatric residents and nurses through affiliation with teaching institutions."

Accreditation will allow the State of Illinois to collect Medicare funds for qualified patients treated at the Zone Center.

Auto Taxes Top Collections
Sales tax collections on sales during the third quarter of 1968 amounted to \$228,451,911, according to a report by the Illinois Department of Revenue.

Collections are from the Retailers' Occupational Tax and Use Tax. There were 395,338 businesses reporting.

Cook county receipts from 154,019 returns amounted to \$112,474,546. Downstate and out-of-state receipts from 239,339 returns amounted to \$115,977,385.

Largest collections were from automotive dealers and filling stations, which totaled \$43,395,940.

Question:

What can you get 19,000 copies of for \$1.00?

Answer:

Replanting Trees

Planting a tree is one property investment that will improve your property and personal comfort without increasing your taxes.

The best choice depends on the mature size for the situation and minimum care. Fast growth is not an important factor when normal care and extra fertilizer will stimulate any tree to extra growth without extra problems. Many trees do not require seasonal sprays or regular pruning to produce the beauty you desire. When these factors add up to comfortable shade and appropriate size you will create an island of beauty with your home as an important feature.

What Size to Buy?

Your budget is the main factor in deciding how large a tree to plant. Saplings or four-inch trees have equal ability to grow when each has good care and proper transplanting. If you need a large tree for instant shade and performance, be cautious about ordering a tree over four-inches in diameter at the stump. Larger trees increasingly hard to transplant because of the size of the soil ball. Even when properly moved their recovery is more uncertain. This extra size may be worth the risk but is always a factor in your decision.

How Much Cost

Cost is a comparison of size and age! When you shop for a sweet gum, the cost is in proportion to size. You can buy a sapling for less than \$10 for a four-inch tree near \$75. Dwarf trees may be more expensive because of the years in the nursery to reach four-inches in size. Some trees are more expensive when they are special ordered for you from another nursery or part of the state.

Saplings and four-inch trees have an equal ability to grow when each has good care and proper transplanting. Nursery

trees always have a better chance of growing than wild trees. Nursery trees because of transplanting and care in the nursery while wild trees have a sprawling root with few branches or small roots.

Dormant trees always survive better than trees which have begun to grow. Transplanting severely injures the roots of trees. Dormant trees begin to develop new roots in the early spring before top growth starts. After growth began, the injured roots are not able to supply enough water and nutrients and many trees die.

Pruned trees always survive better than unpruned trees. When more than half the roots are injured in transplanting, the branches must be pruned to balance the supply and the demand. To insure beauty, thin the branches rather than cut the back. Never prune the leader! As the tree recovers, new shoots will quickly develop the same attractive shape you saw at the nursery.

Winter injury to turf
Wintertime scalping of your lawn does not reduce thatch and often creates winter kill and extra weeds.

Scalped turf during the winter is an ideal situation for frequent freezing and thawing and winterkill. Frequent expansion of the soil in cold weather often breaks the grass roots while the bright sun often sunburns the crowns.

Warm periods and bright sunlight in early spring promote weeds and weed seeds while the grass is struggling for survival. If you are planning on one more cut to avoid matting, smothering and snow mold, don't over adjust. Your regular fall cut will remove the surplus and provide enough blades to maintain the lawn. When winter weather finally browns your bluegrass your tall cut becomes an insulating blanket to protect the soil and another struggling weeds.

The Garden Corner

Rabbits Can Damage Trees

Rabbits are beginning their winter-time diet of tree and shrub bark, especially apples and brambles. Cold weather and snow-covered ground force the animals to eat what is available.

Their feeding can injure plants by the pruning, scoring or girdling that takes place. Trees and plants can be protected from rabbit feeding.

There are materials available from nurseries and garden stores that can be dusted, sprayed, or painted on the plants to repel the animals. They are safe and easy to use, but be sure to follow the directions on the label.

Individual trees can be wrapped with burlap, tar paper, aluminum foil or even newspaper to stop the chewing. Hardware cloth can also be used to encircle the trunk.

These materials must be high enough on the trunk to prevent feeding after heavy snows. Fencing is another method of control. For a large number of valuable plants, this is the best. The rabbit population also can be reduced by trapping, but be sure to obey the game laws.

If you like to have the rabbits around, provide some food for them. Do a little pruning of

your apple trees every two weeks during the winter. The rabbits will chew on these fresh prunings rather than the trees. Scatter apple prunings in any area where feeding occurs and this will be the preferred diet.

If rabbit feeding has already damaged some plants, prevent the exposed wood area from drying out. Use a tree wound paint to cover all chewed areas.

ARC Bloodmobile

To Visit Campus

The Red Cross bloodmobile will make its annual visit to the Southern Illinois University-Southwestern campus Jan. 30. The bloodmobile unit will be set up in the University Center Ballroom from 10 a.m. until 4 p.m. Thursday, Jan. 30.

Donor applications are being distributed to all faculty, staff and students at the University. This year's goal is over 300 pints of blood, according to Bonnie Yancher, adviser to the fraternity and sorority conference which is sponsoring the bloodmobile.

Families of all donors will be eligible to receive blood from the unit if ever needed.

IN THIS WORLD

ELLIOTT'S STONE
A 25-FOOT HIGH SANDSTONE MARKER IS THE VISIBLE REMINDER OF A FAMOUS BOUNDARY SURVEY IN 1799 LED BY MAJOR ANDREW ELLIOTT, AN INTIMATE OF WASHINGTON, JEFFERSON AND FRANKLIN.

"THE STONE, WHICH HAS BEEN DESIGNATED A NATIONAL HISTORIC CIVIL ENGINEERING LANDMARK BY THE AMERICAN SOCIETY OF CIVIL ENGINEERS, LOCATED WITH REMARKABLE ACCURACY THE SET PARALLEL BORDER BETWEEN THE U.S. AND SPANISH WEST TERRITORY."

"TODAY THIS PARALLEL SERVES AS A BORDERLINE OF ALABAMA, FLORIDA, MISSISSIPPI, AND LOUISIANA... ELLIOTT'S MARKER SET IN DESPITE THE RIGORS OF THE WILDERNESS AND INDIAN ATTACKS, CAN STILL BE SEEN JUST NORTH OF MOBILE, ALABAMA... IT IS MARKED IN ENGLISH ON ONE SIDE, SPANISH ON THE OTHER."

Home Notes

By Mrs. Catherine R. Masck
 Madison County Home Adviser,
 Home Economics Extension
 University of Illinois

Detergents Now Biodegradable

Don't be concerned if the detergent you use is not labeled biodegradable. There is no need to indicate this fact on packages since all brands are now biodegradable.

Since mid-1965, all household detergents manufactured for use throughout the United States have been made of "soft" (biodegradable) materials. And tests have shown that the conversion to this type was highly successful in eliminating the problem of foam accumulation on our rivers and lakes.

Although the occasional foaming problems created by the old "hard" detergents were esthetic ones, the detergent industry voluntarily began to seek a solution as early as 1951. The goal was to develop products that would break down readily after use, and still continue to be just as efficient and economical as ever.

A major research effort resulted in the 1965 change-over to "soft" detergents—a move widely hailed as the nation's clean-water program. Field tests, and later monitoring at waste treatment plants around the country, have clearly demonstrated that the new "soft" detergents break down readily under proper waste treatment. But homemakers cannot tell the difference because the newer detergents, which may be either normal sudsers or low sudsers, perform just as well as the earlier ones. The biodegradability characteristics show up after use, not in the laundry or dishpan.

Sibling Rivalry

A Common Conflict

A child's first experience with competition usually occurs within the home. And if the children number two or more, it is inevitable that some sibling rivalry will occur.

To parents, it may seem as though their children are forever teasing one another, calling each other names in anger or sulking for days on end. Such behavior may result from the jealousy children sometimes feel toward brothers and sisters.

Just understanding that sibling rivalry is normal is a big step toward dealing with it. Your children's actions won't mystify you so when you recognize the characteristics common to different ages.

At certain ages, boys are especially aggressive and show it by taking a poke at sister. Girls reach a stage during which they feel very sophisticated and "look down their noses" at the younger children. And all children reach an age when they feel a great need for privacy and therefore shut out the others. It's all a part of living and growing, and parents need not become overly concerned about the conflicts that normally arise.

Privileges are also a point of conflict. Parents can grant older children the privileges they are responsible enough to handle. For example, you'd send a 12-year-old to camp but not a three-year-old. Your explanation should go farther than "you're too little" and "you can go to camp when you get older." The three-year-old needs something special to do now to recover from what he might feel is favoritism for the older child. For example, helping Dad wash the car might be just the answer.

Since each child is an individual with unique needs and interests, parents need to give individual response. This attention may result in treatment that appears unfair or unequal, as your children may point out. But they will grow and learn to accept your explanations of the differences in age and maturity as basis for parental decisions.

Tips on Sewing Corduroy

If you plan to sew with corduroy, select a simple pattern. A pattern with a minimum of seams, darts and tucks will not only simplify sewing, but it will show off the fabric's texture to best advantage.

When buying corduroy piece goods, try the yardage store's "with nap." The pattern on the corduroy envelope for fabric will include a layout for napped fabric, which means that the tops of all pattern pieces will be placed in the same direction.

The direction of nap affects the color of the fabric. You can determine the direction by running your hand along the grain. The nap running up feels rough to the touch, and it has a richer color than the nap running down, which feels smooth and has a light and somewhat shiny look.

Dark colors are usually cut with the nap running up to prevent the fabric from looking dusty. If you want to give light colors a frosty look and play up their lightness, cut the fabric with the nap running down.

The principles related to corduroy color also apply to velvet and velveteen. When cutting corduroy do not use a crosswise fold, because similar pieces will have the nap running up on one piece and

Piercing Your Ears Can Be Dangerous

Do-it-yourself ear piercing, a practice that has recently become fashionable again, is risky, says Today's Health, the family magazine of the American Medical Association.

Piercing performed by an unskilled person increases the chances of infection and the development of scar tissue. The physician will carefully measure and mark the ears before piercing, because both ears may not be exactly alike. After piercing the ears with a sterile needle, he will insert temporary earrings or metal wires, which are usually worn for three or four weeks until the wounds heal. This is a critical period and your physician's instructions should be followed carefully to prevent infection or closure of the opening.

The small, self-piercing ear loops which are being promoted across the country are not considered safe, says Today's Health. These devices have sharp points which are supposed to pierce the ear within a few days as they are worn. Infections reported by medical treatment have developed from the use of these self-piercers. Furthermore, it is difficult to be certain that the piercers are evenly placed on the ear lobes.

The physician will not pierce ears having any type of rash or

infection or if small cysts are present in the ear lobe. Persons subject to keloids (scar overgrowth) or who have this tendency in their family, or those who are allergic to nickel or other metals should not have their ears pierced.

A recent article in the Journal of the American Medical Association reported on two public school nurses who were "bust at the number of girls with irritated, swollen and oozing ear lobes. In a class of 80 sophomores, ten had their ears pierced in the previous three months, and six of them reported inflammation and itching."

Ear piercing is not a very difficult procedure, but it can be risky in the hands of a non-physician. 122567

down on the other. When you cut wide-wide corduroy, treat it as you would a stripe.

Seams in napped fabrics should be basted to prevent them from slipping during stitching. Test the stitch length and pressure on a scrap of fabric. A slightly longer than average stitch (10 stitches per inch) may be used. Also, lessen the pressure on the presser foot and sew in the direction of the nap.

When sewing with bulky corduroy, you may cut facing from a lightweight fabric. For example, taffeta may be used on garments that will be dry cleaned and cotton ones that will be washed.

When pressing napped fabrics, place napped side of fabric on a needle board, turkish towel or on an extra piece of napped material. Steam press on the wrong side.

Use Cranberries

To Perk Up Winter Meals
 If you continue to limit your cranberry use to sauce and jelly, you're missing many opportunities to perk up winter meals.

With a bit of experimentation you'll find at least a dozen other ways to use the bright red berries to add zest to your meals.

Chilled cranberry juice is a good beginning for lunch or dinner, especially if you add a stick of cinnamon to the juice an hour or two before serving time.

Either the cranberry sauce or the jelly makes an excellent glaze for baked ham. Spread a thin layer of the sauce or jelly over the ham about half an hour before you take it from the oven.

Cranberry marmos, right from the oven and served with plenty of butter, are a welcome addition to breakfast or lunch. They are easy and quick to prepare. And leftovers are delicious with afternoon tea. Split the marmos in half, toast them and spread them with butter to which you've added a dash of cinnamon.

For an extra-special dessert, try cranberry pie. To make it more colorful, use a crisp crust for the top. Serve with generous wedge of sharp cheddar cheese or a small ball of cream cheese to which you've

added a dash of lemon juice. Cranberry betty is a dessert that can be ready for the oven on short notice. Bake it in individual cups or in a large baking pan. Serve it cold and warm with half-and-half.

Pan Performance

Using the correct pans will help you get the best results when you bake.

Light-weight or feather-weight baking pans are recommended. They won't work as well as medium- or heavy-weight pans for top-of-range cookery, but they're fine for oven use.

Aluminum and tin are the most popular kinds of baking pans and sheets. Their shiny surface reflects heat, giving baked goods that desired light browning. When the pan surface becomes dark, heat is absorbed too readily, producing over-browning.

Since aluminum conducts heat well, such pans give uniform browning. Aluminum also holds heat well, and in addition, it is rustproof and corrosion-resistant.

On the other hand, tinware doesn't hold heat well, may become discolored and blackened with age, and may even lose its shape. Since most tinware consists of a steel or iron base with a coating of tin, care must be used when washing such pans to avoid scouring through the surface. Tinware sometimes has a pressed-in pattern to keep it from warping.

If you use glass baking dishes for oven cookery, remember that glass absorbs heat readily and holds it well. Glass, therefore, requires a lower oven temperature than an is needed for metal. You should reduce the recipe-recommended temperature by 25 degrees to avoid over-browned baked products and heavy crusts.

Not all enamelware is the same. Its quality as a baking pan depends on the base metal used under the enamel. If the base is aluminum, the pan will heat evenly as do all-aluminum pans. If the base is steel, the baked foods may brown unevenly on the bottom because steel tends to conduct heat unevenly.

INSTALL CLUB OFFICERS

An annual meeting and installation of officers was held Sunday at the Hollywood club at Long Lake.

Those elected were Ralph Daigler, president; Tony Rafferty, sergeant-at-arms; and William Krickovich, Tom Miller and Ray Goggin, trustees. The remainder of the time was spent as a social gathering, with refreshments served.

MRS. ALLEN HONORED

Mrs. Betty Allen was crowned queen of the month and also queen of the week at a meeting of the Ship Shape Tops club Tuesday evening at Schermer's civic center.

Mrs. Yvonne Passig, president, opened the meeting by leading the pledge of allegiance and a weight pledge. Weights were recorded and those gaining were given penalties.

Mrs. Johanna Collett received a charm. A contest was held among the members for six weeks, and the winners will receive awards at the next meeting.

Mrs. Helen Townes closed the meeting with prayer. Others in attendance were: Madamame Jackie Gattung, Lorraine Gremaud, Elinor Baird, Shirley Fries, Patricia Lee, Diane Ogles, Rose Henderson, Virgie Bauges, Marie Bryant, Agnes Stanley, Wilma Large, Pat Kingsley, Hazel Trotts, Juanita Herrington, Jone Niedewick, Jean Tester, Phyllis Johnson, Dorothy

GUN CLUB ELECTS OFFICERS FOR YEAR

The Town and Country Gun club, affiliated with the National Rifle Association, held its annual meeting Sunday afternoon at the home of Steve Powers, 4200 Lake drive, Pontoon Beach.

Those elected were: directors, Charles Parmley, Arnold Ruthenford, Gayon Woods, Keith Atkinson and George Gordon; president, George Gordon; executive vice-president, Steve Powers; vice-president of operations, James Furman; executive officer, Elray Pauchad; chief instructor, Keith Atkinson; secretary, Edgar Thomas; treasurer, Dean Oran.

Elected as divisional trap and skeet president was Keith Mathenia, with the vice-president Richard Willard and the junior rifle team president Joseph Castillo.

ENTERTAINS CLUB

The Jolly Five club met Tuesday evening at the home of Miss Loma Lessen. Prizes went to Miss Lassen, Mrs. Jettie Lassen, Mrs. Geneva Hopchak and Mrs. Lucille Sobzak.

Refreshments were served to the winners and Mrs. Pat Dorch. The next meeting will be at the home of Mrs. Lucille Sobzak.

ADJ-2 John Steward, son of Mr. and Mrs. John Steward, 4949 Lakeview drive, left Monday to take his ship, the Shangri-la, which will go to the Mediterranean. Since he was not home for Christmas, the family held a belated Christmas party on Sunday.

Present were Mr. and Mrs. Dave Steward and daughter, Kathy, Frank Bush, Danny Steward, Miss Edythe Bush and Mrs. Larry Holt and daughter, Pamela Kaye, of Godfrey.

HELP STAMP OUT STRANGERS

None are quite so alone as the stranger in town, or the newcomers to the neighborhood.

Remember your last move—how you felt as the moving van pulled away... how you more than half wished you'd never come?

Spare your new neighbors feelings such as these. Let the Welcome Wagon hostesses bring greetings and gifts to make them feel at home.

Help stamp out strangers. Call Welcome Wagon today at 876-0849.

Welcome Wagon

Mathis and a new member, Mrs. Wanda Budd.

BAZAAR DISCUSSED BY PEPPY CLASS

The Peppy class of the First United Presbyterian Church of Madison held its first meeting of 1969 in the home of Mrs. Betty Meyer, 1525 Fourth street.

Mrs. Meyer, class president, led the group in the Lord's prayer. Plans were made for an annual spaghetti supper and bazaar Feb. 22 at the church.

The devotional for the monthly meeting was presented by Miss Opal McFarland on "How Do You Pray About A World Situation?" by Vincent Norman Peale.

The remainder of the evening was spent as a social hour, with prizes awarded and refreshments served to Miss McFarland, Mrs. Daisy Adams, Mrs.

Elizabeth Bucher, Mrs. Dorothy Loerch, Mrs. Mildred Humphreys, Mrs. Clara Lux, Mrs. Nora McCoid, Mrs. Joyce Walker and Miss Irene Hackett.

Mrs. Adams will have the February meeting in her home, 1618 Second street.

MRS. OSTRESH HONORED BY CLUB

Mrs. Lottie Ostresh was honored on her birthday by members of the Jolly Matrons club with cards and gifts presented Tuesday afternoon at the home of Mrs. Anna Mae Murphy, 1332 Edwardsville road.

Mrs. Murphy had the table adorned with birthday decorations and centered with a decorated cake. Mrs. Ostresh also received a gift from her secret pal.

Lunch was served and the remainder of the afternoon was

spent playing games. Mrs. Margaret Pressnell was awarded first prize, Mrs. Ostresh second and Mrs. Marlene Serini, third.

Other members participating were Mrs. Helen Thiele, Mrs. Barbara Wood, Mrs. Margaret Grams, Mrs. Murphy and Mrs. Judy Modrusic.

The group will meet in two weeks in the home of Mrs. Ostresh, 2034 Thirtieth street, where the birthday of Mrs. Serini will be observed.

Mr. and Mrs. William Ashford, 1665 Second street, entertained with a dinner in their home Sunday evening.

Those seated were Mr. and Mrs. Tony Lechner and daughters, Valerie and Gail, and son, Mike, of Kirkwood, Mo.; Mr. and Mrs. Dennis Ashford, Berkeley, Mo.; and Mrs. Anna Holmoway of Virden, Ill.

Mrs. Holloway is the mother of Mrs. William Ashford and grand-mother of Dennis Ashford. She has been visiting here during the holiday season.

HARRIS BROWNIES MEET

Brownie Troop 73 held its first meeting of the new year with the leader, Mrs. Thelma Shelly Monday at Harris school.

The girls opened the meeting by giving the pledge of allegiance to the flag, singing the "Smile" song and quelling the Brownie promise. Those who will "fly up" at the close of the school year studied girl scout laws.

Each Brownie displayed her favorite Christmas toy. A story was acted out by the girls, and the meeting closed with "Taps" and the tunnel song.

Those taking part were Chris-

ti Barnhart, Lisa Bevil, Mary Kay Christ, Lisa Ingram, Kimberly O'Dell, Sherri Graywac, Malinda Burnhart, Mary Ann Affeldt, Dawy Ray, Linda Wills, Elvina Winkelmeyer, Cindy Reherson, Tammy Royer, Jackie Almsbury, Theresa Boyer, Dawn Robertson and Rebecca Narvaez.

MRS. VEACH HEADS PAST NOBLES CLUB

The Past Noble Grand club of the Delray 786 Rebekah lodge met Tuesday evening in the home of Mrs. Mary Connole, with Miss Margaret Brown as co-hostess.

Mrs. Virginia Gall, president, opened with the pledge of allegiance to the flag and the Lord's prayer.

An election of officers was held, with Mrs. Lucille Veach named president, Mrs. Erna Graves, vice-president, Mrs. Thelma Stockton, secretary-treasurer, and Mrs. Ruth Han-

salmon, Mrs. Stockton, Mrs. Lucille Veach, Mrs. Erna Graves and Mrs. Ruby Wood, past noble grand.

Mrs. Estelle McBrien and Mrs. Louise Ebersold will be co-hostesses in February.

Mrs. Connole and Miss Brown served refreshments to those mentioned and Mrs. Lillian Holtzsch, Mrs. Althea Gray, Mrs. Minnie Perry, Mrs. Leora Rogers and Mrs. Edna Foster.

Sister Barbara of the Order of Divine Providence, Normandy Mo., was visited Sunday afternoon by her parents, Mr. and Mrs. Lee McFadden and their daughter, Patti, and son, Keith, Mr. and Mrs. Henry McMullen, Mr. and Mrs. Joseph Richardson, Mrs. Neel Williams and Mrs. Barbara Bilbey and daughter, all relatives of Sister Barbara.

A committee consisting of Mrs. Naomi James, Mrs. Connole, Mrs. Elsie Vance and Miss Brown conducted an initiation for Mrs. Gall, Mrs. Leo Mae

Procedures Outlined for Filing Insurance Complaints

Procedures for policyholders in filing complaints to the Illinois Department of Insurance are outlined in a new pamphlet issued by the department, entitled "Protecting Your Rights."

John F. Bolton Jr., director of the department, said the pamphlet is free to the public on request and is available in bulk quantities to various insurance trade groups.

Quadrants may write for the pamphlet by writing to — Department of Insurance, State of Illinois, Complaint Division Offices, State Capitol, 1st Floor, Springfield, Ill.

"There is a pressing need for the pamphlet," Bolton said, "because so many policyholders don't know how or where to file a complaint and, in many

instances, they are unaware of the means we have at our disposal to protect their rights under the Illinois insurance laws."

The pamphlet discusses such subjects as automobile insurance, life, accident and health insurance, cancellation of insurance and premium finances. Under the section on automobile insurance, the pamphlet points out complaints generally fall into one of three categories:

When a policyholder suffers a total loss of his vehicle through collision, fire or theft, he complains that the insurance company offers a settlement which he believes is inadequate. A policyholder complains that the insurance company is tak-

ing too long to settle his claim or seems to have acted arbitrarily in rejecting his claim. In an automobile accident, a policyholder frequently complains that the other insurance company refuses to settle with him, claiming the accident was his fault.

While the Illinois Department of Insurance cannot make decisions as to who was at fault in causing an accident or how much is proper to repair the damaged car, the pamphlet points out that the department's Complaint Division protects policyholders' rights by:

Demanding an explanation from the insurance company for a delay or refusal to settle a legitimate claim and determine the validity of such rea-

sons, and Mediating disputes through informal office conferences with the complainant and the insurance company, seeking an equitable settlement where the amount or cause is disputed. With regard to Accident and Health Insurance, the pamphlet states complaints generally fit two classifications:

The insurance company denies a claim on the grounds of a pre-existing condition, arguing that the insured failed to disclose complete medical history, while the insured claims that all information was given to the agent.

The company disagrees with the amount the insured claims is due under the policy. If these disputes cannot be

Atty. Gen. Wm. Clark Joining Chicago Firm

Attorney General William G. Clark today confirmed the fact that on Tuesday, Jan. 14, he will become a partner in the law firm of Arvey, Hodges and Mantyband at 1 North LaSalle street, Chicago.

Clark said, "While I have had many attractive offers from prominent law firms, I chose the firm not only because it is

mediated successfully by the Department of Insurance, they may have to be resolved by the courts. However, as the pamphlet states, "the Department will order the company to pay its policy provides if the courts determine that the insurance company is liable."

a prestigious firm but also because of the many years dedicated public service of Colonel Arvey and Barnet Hodges. These men have dedicated their lives to the practice of law but also serve their fellow men. I am truly proud to associate myself with this firm. "Having devoted the last 16 years of my life in elected public office, I expect to continue to speak out from time to time on important issues. There are so many serious problems today affecting a great segment of our population that I feel an obligation to continue to be involved, even though my main thrust must now necessarily be the practice of law."

Hospitalized Officer To Be Honored Friday

A representative of Illinois Secretary of State Paul Powell will visit St. Elizabeth Hospital tomorrow to honor August Schalkham of Granite City, a state license inspector, who is recuperating from severe traffic accident injuries suffered while directing traffic on Interstate 270 last year.

Also participating will be Col. Charles E. Hoskin III, Granite City Army Depot commander, who will cite the patient's long public service record. Once a special guard to President and Mrs. Eisenhower while the local man was in the Army, Schalkham later served as chief criminal investigation officer at the local Depot.

GC Air Board to Study Plan For Regional Control

Inclusion of Granite City in a newly designated Metropolitan St. Louis Air Quality Control Region in the application of federal air control standards will be discussed by the Granite City Air Pollution Control Board in a meeting at 7:30 p.m. Monday. Henry Bieniecki, board chairman, announced today.

Bieniecki said a detailed discussion of the regional program has been arranged to precede a meeting called in St. Louis at 10 a.m. Tuesday at which details of the regional program will be outlined by representatives of the U. S. Department of Health, Education and Welfare.

The board chairman said the St. Louis Metropolitan Air Quality Region is the seventh to be established under the federal program as the first step in establishing regional ambient air quality controls.

The proposed region is comprised of Madison, St. Clair and Monroe counties in Illinois, the City of St. Louis, and St. Louis, St. Charles and Jefferson counties in Missouri.

Bieniecki said he has received a report by the National Air Pollution Control Administration which will be discussed by the local board in Monday night's meeting.

Other business on the agenda includes discussion of a variance request by Lipsett Steel Co., the status of a federal grant application and the status of the annual report, Bieniecki said.

Interest Hike May Be Temporary, Club Told

Investors are hopeful that the increase in the prime interest rate to 7½% this week may be only temporary. Madison Rotarians were told yesterday by one of the club members, George Frangoulis, a securities broker.

It is believed that interest may be reduced by this spring due to federal hopes of encouraging an upswing in home construction, Frangoulis said, noting that excessively high mortgage costs would deter home purchases.

This week's adjustment in interest was necessary because the income tax surcharge, adopted by Congress last year has not yet slowed consumer spending, and inflation is occurring at too rapid a pace, the club was told. Capital spending may need to be reduced in 1969 to help curb inflation, Frangoulis added.

President Will Radman presided and was honored on his birthday. Lawrence Palkes was welcomed back as an active member, and club membership goals were briefly discussed.

A Valentine party was planned, with Fred Schmidt appointed as chairman, and it was noted that planning of a benefit smorgasbord will begin soon.

Linguistics workshop... WK A state-sponsored workshop in linguistics and reading for Madison county, was started at the Junior high school in Edwardsville, on Tuesday evening, directed by Ray Hoffman, and attended by 60 teachers.

The workshop is a part of the Illinois Plan for the Improvement of Instruction in English and reading and will utilize funds provided under Title III, National Defense Education Act.

It is one of several being offered in the state. Twentieth Century discoveries in language are offering a fresh and powerful challenge to linguists.

"The three dominant theories of language today are the three grammars most commonly known as traditional, structural, and transformational. Through this workshop, we can only hope to suggest differences in approaches to this study with the hope that the classroom teacher will be inspired to further enrichment in the growing field of language," County Supt. Wilbur Trimpe said.

The class meets from 7 to 9 p.m. for a two-hour session each week and will continue for eight weeks. A certificate from State Superintendent of Public Instruction, Ray Page, will be presented to each participant who attends regularly.

Four Wrong Way Charges

Four drivers were ticketed Wednesday on charges of driving the wrong way at 2500 Adams street, a one-way street. They are Clyde R. Fisher, Rural Route One; Emily Reszler, East Alton; Wallace L. Geller, Collinsville; and Edward A. Kirchman, Collinsville.

Auto Window Broken

Warren Simpkins, 29 Riviera drive, reported at 3:15 p.m. Wednesday that someone broke the rear window of his 1960 auto while it was parked on the lot behind Granite City high school.

Alton Nursing School Offers Scholarships

The Alton Memorial Hospital school of nursing is offering free scholarships to high school graduates as an incentive to offset a critical shortage of nurses.

The scholarship covers the cost of room in school dormitories and a 25% reduction in the cost of meals purchased in the hospital cafeteria.

The scholarships are valued at almost \$1500 for each student in the three-year program.

Those interested in a nursing career may contact the Director of Enrollment, Alton Memorial Hospital School of Nursing, Alton, Ill. 62002.

'Rising Sons' to Play At Teen Town Saturday

The YMCA Teen Town will feature "The Rising Sons" on Saturday night, Jan. 11, at a dance to be held from 8:30 to 11:30 p.m.

"Meatball Shotgun" will play at the "Y" the following week, Jan. 18th, with "The Good Feeling" scheduled for Jan. 25th.

"All of the members appear to be very enthusiastic about the council and are willing to work hard to make our Teen Town one of the finest anywhere," Hasse said.

"Anyone, adults included, who has any suggestions on improving the 'Y' teen program, should either talk to one of the council members or to me," Hasse said. "Only through the voice of people we serve can we hope to get ideas and sug-

Teen Town Council at 'Y' Formed, Sets Meets

The first meeting of the new YMCA Teen Town Council was held Sunday afternoon.

Chuck Hasse, youth director, said the council was formed to give teenagers more of a voice in planning programs, projects, discussion groups and special activities.

"It was our feeling that the youth staff may not be 'tuned in' on the right wavelength with the teenagers," he said, and as a result we may not be providing the types of activities that the teenagers would like to participate in.

"The council also will be given the responsibility of selecting the bands that will play at 'Y' dances; discuss the rules and regulations that govern the teenagers, make recommendations for change where desirable, and help establish a disciplinary board which will enforce said regulations."

Hasse will serve as the council's advisor. The council is composed of 10 girls (two from each Tri-Hi-Y club) and 10 boys (chosen from the male membership). It will meet every Sunday for the next three to four weeks to get organized, form committees and approve a constitution.

positions which will help us to improve our programming." Meanwhile, about 40 teenagers were present Sunday afternoon as the 'Y' opened its Teen Town facilities from 1:30 to 4:30 p.m. every Sunday. Participants engaged in pool, ping pong, checkers, chess, watched television and attended the council meeting.

Plans for ISU Center, New University Told

The Illinois Board of Regents this week authorized formulation of plans for a student union-auditorium building at Illinois State University and has ordered architectural planning for a proposed Sangamon State University near Springfield.

The \$11.8 million ISU complex, to be completed in late 1972, will be financed by bonds redeemed through an increase in student fees from \$11 to \$38 a year.

An academic planning committee is to be formed to establish curricula for the new school scheduled to open in temporary quarters in 1970.

Barbara Gray Now Practices Teaching

Barbara Gray of Granite City is among the 267 Eastern Illinois University students who are involved in student teaching in 100 Illinois school systems during the winter quarter.

"She is teaching at the Madison school, Villa Park. Student teaching is a requirement for the completion of the bachelor degree in education degree at Eastern and is designed to give the student supervised classroom teaching experience.

Georgia Legislator Cancels Visit Here

Julian Bond, Georgia legislator, canceled his visit today to Southern Illinois University-Southern campus.

The 28-year-old Negro politician was to have addressed a public gathering at 2:30 p.m. today. He listed responsibilities in the Georgia House of Representatives as the determining factor in the cancellation.

Assigned in Vietnam

Army Pfc Michael F. Chinn, 18, son of Mr. and Mrs. Robert L. Chinn, 3041 Dale avenue, has been assigned to the 11th Infantry Brigade, Americal Division in Vietnam as an engineer.

Deadline to Apply for ISU Entry is Jan. 20

The deadline for new or former students wishing to apply for admission to Illinois State University for the second semester is Jan. 20, it was announced this week by Dr. Wilbur R. Venable, dean of admissions and records.

Prospective new students and former students seeking admission must have application forms on file in the Office of Admissions and Records by 5 p.m. on the 20th for registration which begins Jan. 27 for classes beginning Jan. 31.

Registration for pre-enrolled students ends on Jan. 29, while noon Saturday, Feb. 8, is the last time for late registration and program changes. Registration for late afternoon, evening and Saturday students will be 6:30 to 9 p.m. Jan. 27 in Horton field house.

Summer Youth Music Program Set at U. I.

The 21st season of the Illinois Summer Youth Music activity will be June 22-Aug. 1 at the University of Illinois, Urbana-Champaign.

Prof. Thomas J. Wisniewski, acting administrator, extension in music, said that this year junior and senior high school musicians seeking places in ISYM organizations will be placed through use of taped auditions, instead of by recommendations alone as was true in earlier years.

Robert Schaefer, ISYM registrar, said about 1500 pupils—the same number as last year—will be accepted for the 13 two-week campus. Completed application blanks, audition sheets, and audition tapes must reach Illinois Summer Youth Music by March 3.

Spelman Dance Group To Perform at SIU-SW

The Spelman College dance group of Atlanta, Ga., featuring modern dance professional Shirley Rushing, who will perform twice at Southern Illinois University-Southern on Saturday and Sunday. Both are open to the public.

The Saturday evening concert will be staged in the Communications building theatre at 8:15 p.m. Sunday at 3:30 p.m. the troupe will give a second performance at the East St. Louis Center. Both programs are sponsored by the Academic Activities Committee. Tickets may be purchased at the door for \$1.

MASS SPECTROMETER valued at \$40,000 presented to Southern Illinois University-Southwestern campus by the Clark Oil Refinery of Wood River. Inspecting the instrument are, left to right—J. Edmund White, associate professor of science and technology; David Rands, assistant dean of science and technology; and M. C. Engelman, resident chemist with the Clark Oil Co.

DeMolays to Attend Event in Bloomington

The Granite City chapter Order of DeMolay, made plans Tuesday night for its annual chili supper to be held Feb. 18 at the Masonic Temple. Keith Darnier, master counselor, presided at Tuesday's meeting.

It was announced that the DeMolay rifle club will resume meetings at 7 p.m. today at the Granite City Army Depot rifle range.

Candidates and members to attend the Illinois Scottish Rite's DeMolay Day in Bloomington are to meet at the Masonic temple at 8 a.m. Saturday to leave by chartered bus.

Two of 10 buses from Southern Illinois will leave from the local temple. DeMolays from Alton and Wood River will leave with the local group.

George A. Newberry, sovereign grand commander of the supreme council, Ancient Accepted Scottish Rite for the northern U. S. jurisdiction, will be an honored guest at the affair marking the rite's observance of DeMolay's 50th anniversary.

The initiation degree will be conferred by the Tancered chapter of Belleville and the DeMolay degree by the Woodlawn chapter of Chicago.

Kathleen Pace Earns Nursing School Honors

Miss Kathleen Pace, daughter of Mr. and Mrs. Alfred Pace, 1250 Klein street, Venice, has been placed on the honor roll at St. Joseph's School of Nursing of Alton for the fall quarter of 1968.

To achieve the honor roll rating, a nursing student must attain a B average. Miss Pace receives her nursing courses at the nursing school and her science courses at Southern Illinois University-Southwestern.

A freshman, she was a member of the 1968 graduating class of Venice high school.

JAYNE DULGEROFF
"Pioneer of the Month"

Miss Dulgeroff Named 'Pioneer of the Month'

Jayne Kay Dulgeroff, daughter of Mr. and Mrs. Virgil H. Dulgeroff, 3002 Franklin avenue, has been named D. Q. Pioneer of the Month at the University of Denver, Colo.

Each month the students and board of governors of the university select an outstanding member of the student body for the honor.

Miss Dulgeroff, currently on the Dean's list for academic achievement during the winter quarter, is active in campus organizations.

She is the current president of the Sophomore Women's Academic and Service Honorary, publications chairman for the Associated Women's Council, co-chairman of a book drive (Intercol) to collect 100,000 books for the United Negro colleges, a member of the dean's advisory board, a tutor for Ozim, and a member of the University Historical Society.

Civil Service Exam Set Jan. 18 at SIU-SW

A federal service entrance examination will be given at 9 a.m. Jan. 18 in room 6312 of the Peck building at Southern Illinois University-Southwestern campus by the U. S. Civil Service Commission.

The two-hour examination is the principal means for hiring young college graduates in 50 federal agencies throughout the nation. It is designed primarily for majors in social science, humanities and business.

ROCA CLUB PLAQUE presented to Mark Bollinger, left, a member who is leaving town, by Rick Cardell, club president, for his services to the club since he became a member in June, 1967.

Miss Michaeloff to Direct Play at U. M.

Miss Goni Michaeloff of Granite City, assistant professor of speech at the University of Missouri-Columbia, will be the director for the Readers Theatre production of "Rover Youngblood," set for Feb. 14-15.

Miss Michaeloff holds a doctorate degree in theater and previously taught at Louisiana State University, Baton Rouge, and at Southern Illinois University.

Roca Club Honors Member Leaving Town

The Roca Young Men's Club presented a plaque to a member who is moving away during an ice skating party held at the Wilson Park rink.

The plaque was presented to Mark Bollinger, a member who is moving to Michigan in two weeks, by Rick Cardell, club president, in appreciation of his services to the club. He has been a member of Roca since June 1967.

Plans were made at this week's meeting for a ping pong tournament and for attendance at the church of the new winter sweetheart, Debbie Seebold. The Roca Raiders basketball team, idle during the holidays, was scheduled to play the Sacred Heart CYO team this week.

Miss Spurrier is 'A' Student at NIU, DeKalb

Miss Judi Kaye Spurrier of 2229 East 23rd street, is among 171 straight "A" students at Northern Illinois University, DeKalb, honored at a recent dinner coordinated by the office of student personnel services.

Of the 171 students, who received special scrolls for their achievement, were 110 women and 61 men.

Madison Police Adopt One-Man Patrol System

The Madison Police Department has inaugurated a new patrol system employing one-man police cars as a means of expanding the force. During certain hours, Chief of Police Emmett Pazia announced today.

The new program became effective yesterday, Pazia said. Pazia said use of one-man cars in place of the old system in which two men occupied each patrol car is expected to double the amount of coverage given business and residential areas and thus increase the amount of police protection throughout the community.

He said three cars, each with one officer, will be assigned to patrol duty from 5 p.m. to 1 a.m., and that certain times these cars will be supplemented by the K-9 car, putting four police cruisers on the street at the same time.

Most Active Period Chief Pazia said the 5 p.m. to 1 a.m. shift for use of three or four cruisers was determined because a greater number of crimes against business firms, such as burglaries and vandalism, are likely to occur during that period.

He said no added danger to police officers is likely since the use of radio would permit all operating squad cars to converge at any given spot within a matter of minutes.

In the past, the number of men available has permitted operation of no more than two squad cars when they were manned by two officers, Chief Pazia said. The Madison police force has a complement of 15 men to operate three daily shifts.

Pazia said a number of Madison officers have been working overtime shifts, including six-day weeks, to meet manpower needs.

Question:

What can you get 19,000 copies of for \$1.00?

Answer:

Survey by School System on Family Life of Students

As part of a continuing effort to determine the value of some of the changes taking place in Granite City public schools, a questionnaire has been mailed to nearly 100 families. All parents of children in the third, fourth and fifth years of school at Frohardt, Marshall, Parkview and Wilson schools have received questionnaires.

The returned questionnaires are expected to enable the school district to determine home background. Education of a youngster is dramatically affected by his home environment, a school spokesman noted.

Parents are being asked to respond to questions which will give an indication of the home situation. Included are the employment of the parents, the way the parents spend their free time, the way the children spend their time, and the interrelationships between parents and children.

Information gained from the questionnaire will be held completely confidential. Only the research director will work with the results. The questionnaires will be returned to the district in a sealed envelope, and the sealed envelope will go to the research director.

Seek Return in Week It is important that all questionnaires be returned within one week, it was pointed out.

This spring, parents who have participated in this study will be asked to complete another questionnaire which will ask for their opinion of the school which their children attend. The questionnaire used to determine the parents' opinions of the school will be returned unsigned.

The school district announced previously that during the 1968-69 year it would make a comprehensive study of revisions made in elementary school procedures in the past several years. Purpose is to determine the value of various innovations, and thus improve the educational program.

Tests and questionnaires in the study are being handled under the direction of Owen Humphrey, curriculum coordinator, and W. R. Brinkhoff, assistant director of the gifted program in charge of research.

World Changing Brinkhoff has commented to parents that "we are preparing youngsters to live in a much different world from the world in which we grew up."

Change, he noted, but change should never be made for the sake of change. It should never be labeled worthy simply because it is new or different. Only those changes which have proven value should continue to be used.

"In our district, permanent change takes place only after a careful study has been made to determine the need for the change, how it will fit the spe-

City Cuts Time Extensions On Storm Water Projects

Extensions of construction periods for the three phases of Granite City's \$3,000,000 storm water drainage program were approved Monday night by city council members on a recommendation by Alderman Bartosik, chairman of the Special Sewer committee.

The extensions on all three phases were shortened from the number of days requested on Dec. 23 by the contractor, S. M. Wilson & Co., and a resolution is to be prepared to forward to the federal Housing and Urban Development agency at Chicago.

In a letter to the city, a HUD official said payment of the initial amount of a \$1,500,000 grant of federal tax funds to the city currently is being reviewed.

Ditch Project On Phase "A" of the project—the ditch along East 23rd street, Nameoki road and Edwardsville road—the extension approved by the city amounts to 75 days instead of the 92 sought by the contractor.

Bartosik said the committee was of the opinion the contractor should have hired extra workers for the various projects rather than transferring crews from one phase to another.

The extension includes 67 days for the easement delay, four days because of a strike and four days due to rain.

For Phase "B" the trunk pipeline along Victory drive the extension granted by the city was 30 days, instead of 45. Included are five days for easement delays, four days for the strike, four days because of rain and 17 days for construction problems with relocating utility lines.

For Phase "C"—the construction of smaller storm water

lines—the extension granted was 34 days instead of 64.

Dangers at the ditch construction were cited by Alderman Johnson, who called for immediate fencing of the area. He said that over the weekend he saw youngsters ice skating in the ditch along East 23rd street and Nameoki road.

Bartosik pointed out that under the contract, the contractor is liable for any accidents occurring on the site. City Atty. Leon Scroggins was asked to review the contract on that point.

It was later reported that fencing of the ditch probably will not occur until the project is completed in July, since mud is preventing any grading work and the area also is to be seeded.

\$35,000 Savings HUD advised the city it would not completely remove from the storm water system project a \$35,000 line along Adams street from 23rd street to 20th street, which would reduce the project cost to \$55,000.

Mayor Portney noted the line was in the plans submitted with the request for federal funds two years ago, but the line was installed four years ago by the city when the old ITR trolley tracks were removed and should not have been in the new plans.

Further clarification is to be made with HUD by the project engineering firm of H. W. Lochner Co., which has offices in Chicago.

The project engineer submitted Monday night a change order on the storm water system for a savings of \$47,631 through miscellaneous items on Phases "B" and "C." The resolution was referred to the Special Sewer committee.

Family Service Agency Open House on Sunday

The Family Service Agency of Southern Illinois will hold an open house at their new main office location at 10325 West Main street, East St. Louis, Sunday from 2 until 5 p.m. The public has been invited.

The agency supported by the Tri-Cities Area United Fund, is a non-sectarian, marriage, family and individual counseling agency. Counseling interviews can be arranged by telephoning the agency at 397-2542, Monday through Friday.

Objections to GC Tax Levies Filed By Five Railroads

Notification from County Clerk Eulalia Hotz that five railroads have filed objections to 1967 tax levies by the city was received during Monday night's Granite City Council session and was referred to City Atty. Leon Scroggins.

The objections are on file at the county clerk's office for the Illinois Terminal, Terminal Railroad Association, Norfolk & Western, Penn-Central and Gulf, Mobile & Ohio railroads.

The levies named were: Illinois Terminal — General corporate, public library, street, civil defense, street lighting, water and sewer maintenance.

Terminal Railroad Association — Town fund, general assistance fund, general corporate, library, firemen pension, sewer maintenance, hydrant rental and street lighting.

Norfolk & Western — General corporate, library, street, civil defense, street lighting, water and sewer maintenance.

Penn-Central Garbage, library, police pension, firemen pension, civil defense, sewer maintenance, street, hydrant rental, street lighting, school crossing guards.

Gulf, Mobile & Ohio—General corporate, library, street, civil defense, street lighting, water and sewer maintenance.

GC Man, Two Others Charged in Mail Fraud

A Granite City man who said he was a barber and two others from St. Louis county were arraigned Monday in St. Louis in 12-count indictments charging mail fraud. Trial was set for May 12 in federal district court in St. Louis.

Indicted by a federal grand jury last week were Glynn C. Steele, who gave his address as 100 Briarhaven drive, Richard L. Dodd, a salesman, of Hazelwood, and William D. Wolff, a bartender, of Maplewood, Mo. Steele was never connected with a local barber shop.

The trio is accused of defrauding five airline companies of \$20,000 by ordering plane tickets to distant cities, altering them and returning them for refunds, selling them at a discount or exchanging them for tickets to a closer city and receiving a refund on the difference.

The airlines are Trans World, Frontier, American, Eastern and Braniff International. Wolff also was accused of using an American Express Co. credit card issued to another person to charge a total of \$200 in merchandise at different stores.

Postal inspectors, who investigated the case for six months, said the total obtained from the airlines was several thousands of dollars more than listed in the charges.

Hospital Advisory Board Elects Kacalief President

Chris D. Kacalief, president of Chris-Kaye Plastics Mfg. Co., Madison, was elected president of the Lay Advisory Board of St. Elizabeth Hospital during a meeting of the board Monday afternoon in the hospital library.

Kacalief, a former Madison resident who now lives at Clayton, Mo., succeeds Austin Witter, who was elected to a one-year term.

William F. Hoelscher of Granite City, manager of the Manufacturers Association of the Tri-Cities, was named vice-president, and Sister M. Francis, of the hospital staff, was named secretary.

New members welcomed to the 21-member board were Carl Mathias of Granite City, area manager for Illinois Power Co.; Jack Reese of Collinsville, president of Reese Drug Stores;

Arthur W. Schoenbeck of Belleville, assistant to the vice-president of engineering for Granite City Steel Co., and Melvin Wilmshyer of Granite City, vice-president, First Granite City National Bank.

The nominations of the new officers were presented to the board by Alfred C. Stoeber, in the absence of committee chairman Joseph W. Glick.

At the close of the election Sister Mary Thomas, hospital administrator, presented retiring president Witter with a certificate of appreciation.

Clifton Blankenship, chairman of the board's governmental affairs committee, said arrangements are being made for a meeting with state and federal legislators in the near future.

He is to contact U. S. Senators Everett M. Dirksen and Charles Percy, Cong. Melvin Price and State Reps. Horace Calvo, Ralph T. Smith and Leland Kennedy of this district.

Reports were made by E. E. Veihl jr. on the payment of pledges to the construction fund and by Carl Ranft on progress being made to develop parking lots along the east side of the

2100 block of Iowa street, \$478,604 toward development of the new annex, and pledges received during the last three months of 1968 amounted to \$302,174.

A report on hospitalization insurance for hospital employees was made by Hoelscher, with further data to be obtained.

Kiwanis Club Plans Installation Ceremony

The Kiwanis Club resumed meetings for the new year with a dinner meeting Monday evening at the Rose Bowl, with Michael Tondas, president, leading a discussion to plan for the 1969 installation of officers to be conducted Monday, Jan. 13.

New officers will include Edward Moore, local controller, as president; Norman Hall, first vice-president; George Grove, second vice-president; Marvin Barnes, treasurer and Alvin Gross, secretary.

Sixteen members attended this week's meeting.

With 101st Airborne

Army Pfc Thomas L. Stutch, 20, son of Mr. and Mrs. Fred B. Stutch, 2254 Benton street, has been assigned to the 101st Airborne Division (Airmobile) in Vietnam, as a combat engineer.

Promoted to Sergeant

Terry R. Greathouse, 21, son of Mr. and Mrs. David Greathouse, 1922 Benton street, has been promoted to Army sergeant while assigned to the 4th Infantry Division near Pleiku, Vietnam, as a squad leader.

Y's Men's Club To Be Chartered

The newest local organization, the Tri-City Y's Men's club, will be chartered at a banquet at 7:15 p.m. Friday at the local YMCA. The men's service club will cooperate with the "Y" board and staff in implementing the YMCA program and encouraging interest in civic, social, international and economic topics.

Officers to be installed are Vernell Jackson, president; Arthur Nichols, vice-president; John Solenberger, secretary; John Sadtler, treasurer; and Marshall Dyer, Victor Valentine, Marvin VanMetre, Willie Walker, J. Alan Gardner and Bernard Mosley, board members.

Urban Johnson of Oregon, Wis., immediate past president of the International Y's Men, will be guest speaker. Others invited include Gerald Heyl, YMCA general secretary, and Roger Rouse, international director for Illinois.

The group meets every other Saturday, 7:30 to 9 a.m. at the YMCA for office, rolls and a speaker. It will carry out its work through committees.

The three chief purposes are to serve the local "Y" and provide experience for "Y" board and committee membership, give leadership to such YMCA projects as camping, leagues, membership enrollment, recreation and board and committee projects, and establish a fellowship of like-minded men in the YMCA, opening lines of communication between all segments of the community.

There are over 765 chartered clubs in 45 countries, with membership exceeding 20,000. There are 31 regions.

The group was organized in Toledo, O., in the fall of 1920 by Paul W. Alexander, an attorney.

The first clubs in Canada were chartered in 1922 at Sydney, N. S., and Vancouver, B. C. First overseas club was established in Shanghai, China, in 1924.

Arterial Designation Sought for 11 GC Sts.

A resolution calling upon the state division of highways to designate sections of 11 city streets as arterial roadways was approved Monday night by Granite City Council members. The resolution is to be forwarded to Springfield.

With arterial designation, the city can expend motor fuel tax funds on the streets for maintenance or improvements. Most of the streets are in the North Granite area.

Listed on the resolution are—Nameoki drive from 27th place to Circle drive; Melrose avenue from Oakland street to the city limits; 13th street from Granite avenue to Edwardsville road; Circle drive from 28th place to Nameoki drive; Oakland from Rode avenue to Braden avenue. Twenty-sixth place, 26th street and 27th place, all from Circle drive to Nameoki drive; Braden from Pontoon road to the city limits; and 28th street and 29th place from Circle drive to Nameoki drive.

Message to Americans

Don't Appease Lawbreakers, FBI Chief Hoover Advises

A message to American citizens was issued this week by John Edgar Hoover, director of the Federal Bureau of Investigation, with copies sent to all local law enforcement agencies.

In his message, Hoover is stressing the need to "bring the matter of crime and the criminal back into balance with the safety and welfare of the public" and to stop plying the lawbreaker in face of depriving the peaceful citizens of their rights and freedoms.

Text of the message follows: "Is the American eagle in danger of becoming 'bald'?"

"In an old fable, a bird meets a fisherman with a can of worms and asks him for one."

"Sure," says the fisherman. "All I ask in return is one of your feathers."

"A fisherman with a can of worms and asks him for one. He weighs the inconvenience of searching for food against the expediency of trading with the fisherman and decides in favor of expediency. After a few days, the bird has traded off so many feathers that he cannot fly. He continues to make his daily trip to the fisherman on foot

until all of his feathers are gone. At this point, the fisherman picks up the fat, naked bird and cooks him for dinner.

"As we enter the New Year, leaving behind a year marked with crime and violence, we might ask ourselves if the American eagle has a full plumage or is he missing feathers because of our expediency in bargaining with criminals."

"A persuasive argument can be made that the law-abiding citizen's freedoms diminish in direct proportion to the increase of criminal activity in our country. His risk of becoming the victim of a serious crime increased 15 percent in 1967, and a similar rise is indicated for 1968. In many areas, fear forces

the citizen to remain off the streets at night, and anxiety makes him suspicious of strangers. Some merchants are intimidated by thugs who walk away with merchandise. More and more businesses are adopting policies not to accommodate the public but to protect their property and thwart criminal assaults on their employees.

"In bargaining with criminals, and society's scope of rights and freedoms keeps shrinking."

"Certainly, under the rule of law those who abide by the law should have protection equal to that of those who break the law. Many Americans feel that they do not have equal protection.

"As we look to the future, we must bring the matter of crime and the criminal back into balance with the safety and welfare of the public. Concern and pity for the lawbreaker cannot be permitted to deprive the peaceful citizen of his rights and freedoms. Palliative policies and appeasement are producing soaring crime rates and filling our streets with criminals who should be in jail."

"In 1968, let us resolve to have fair but vigorous law enforcement, prompt and decisive prosecution, and realistic punishment of criminals. In dealing with crime, expediency is a shortcut to disaster. Let us not trade our freedoms for a can of worms."

Barber Shop Quartet Chapter Being Planned

A newly-formed men's singing group will hold its initial meeting on Jan. 28 at 8 p.m. in the home of John Galloway, 624 Autumn avenue, Collinsville, with Quad-Cityans invited.

The Chapter of the International Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America will have as its service project the Institute of Logopedics in Wichita, Kan. "This institute is for children who are unable to speak, therefore, the motto is 'I sing, that they shall speak,'" Galloway said.

Requirements for joining is for men to be 18 or older and interested in singing in a four-part harmony chorus. "They do not have to have a knowledge of music or a solo voice," Galloway said, adding, "We hope to draw men of all walks of life from Caseyville, Collinsville, Edwardsville, Granite City and Troy."

Additional information can be obtained by contacting John Galloway.

'Tree of Lights' Expenses Exceed Goal-Topping Drive

Despite exceeding the \$6000 "Tree of Lights" goal by \$315, the Salvation Army still finds itself approximately \$403 short of the actual cash expenses incurred in the annual Yuletide gift program, Capt. Harold F. Thomas said this week.

"We had wonderful help from such groups as Eagles Aerie 1126, participating for the 25th year, which provided us with 5328 canned goods items and enabled us to furnish each food basket with five varieties of vegetables."

"We really stretched the proverbial 'Salvation Army nickel' to the limit, but still remain financially insolvent," he said, adding, "The actual cash expenses for the 'Tree of Lights' program amounted to \$7019, while income from all cash donations totaled \$6610."

A considerable upswing in the number of families receiving Christmas baskets and clothing resulted from area-wide plant

strikes, Capt. Thomas commented.

A total of 325 families was channeled through the Salvation Army this year, an increase of 127 over last year. Of these, 638 families were assisted with food, clothing or toys, an increase of 62 families helped through the "Tree of Lights" program in 1967.

Other statistics compiled by Capt. Thomas, show a total of 468 food baskets distributed, 30 more than last year; 399 children received clothing through the Army's "Clothes-A-Child" program, an increase of 68 over 1967; and the toy shop distributed 795 toys, 81 more than last Christmas.

Clearing House
In addition to those persons who received direct aid from the Salvation Army, the organization served as a clearing house for other groups and individuals wishing to donate baskets to local families. An additional 287 names were checked through the Army this year, 65 more than in 1967, the officer said.

Salvation Army service groups also sent 569 remembrances to servicemen and women, 36 more than last Christmas; furnished gifts to patients in nursing homes and hospitals, including Scott Air Force Base Hospital, totaling 442, an increase of 18 over 1967; and distributed 202 gifts at parties for Golden Ager senior citizens and children, including the Maryville Children's Home.

Additional contributions will be welcomed at the Salvation Army office, 1239 Nineteenth street, Capt. Thomas said.

ICC Supports Halt Of GM&O RR Sleeper

Placed on file Monday night by Granite City council members was a letter from the Illinois Commerce Commission stating that sleeper passenger service on the two Chicago-St. Louis midnight runs of the Gulf, Mobile & Ohio Railroad did not warrant retention of the Pullman service.

The service was discontinued Dec. 30 and was opposed by the city council.

In the letter it was stated that on the Chicago-Granite City run in August, there were only five local passengers, four in September and five in October. On the northbound run to Chicago, there were two passengers in August, two in September and none in October.

Chief Velzer to Attend Semi-Annual Conference

Authorization was given Police Chief Ronald Velzer to attend the semi-annual conference of the Illinois Association of Police Chiefs to be held Jan. 26-28 at DesPlaines, Ill.

The chief's request for a \$175 expense allowance was approved Monday night by the city council. Also approved was the Jan. 1 appointment of Curtis to the police department to fill the vacancy created by the resignation last month of Patrolman Alan LeMaster.

Invalid Plates Charge

Aaron McNeal, 21, St. Louis, was arrested by Madison police at 2 a.m. Tuesday on a charge of driving an auto without a valid state registration. Madison police said McNeal was there were two passengers in August, two in September and none in October.

☆ SOCIETY ☆

Open House for 50th Anniversary

The golden wedding anniversary of Mr. and Mrs. Chris Baechold, 2515 Cleveland blvd., will be celebrated at an open house given by their daughter, Mrs. Warren Schuett, the former Christie Ann Baechold of Urbana, and her children, Laura and Glen, at St. Peter United Church of Christ, 21st street and Cleveland blvd., Sunday, Jan. 12, where Mr. and Mrs. Baechold were married on Jan. 9, 1919.

The hours will be from three to five o'clock and friends and relatives are invited to the informal reception in Fellowship Hall. Mr. and Mrs. Baechold request that gifts be omitted.

Miss Rehagen Is Honoree

Miss Andrea Rehagen was honoree at a bridal shower given Monday evening by her bridesmaids, Misses Margaret Rehagen, Sharon Reeder and Janice Jones, in the latter's home, 4054 Stearns avenue.

Pink champagne glasses placed in a circle around a silver champagne bottle served as the centerpiece for the serving table. A dessert luncheon was served by the hostesses after the games.

Those winning prizes in games were Mrs. John Roberts, Miss Nancy Drew, Mrs. Bernice Johnson and Mrs. Barb Zimmer.

Others attending were Mrs. Clem Rehagen, Mrs. William Drew, Bernice Austin, Jenna Johampeter, Leslie Roberts, Claudia Thompson and Marsha Barnett.

Miss Rehagen will become the bride of Michael Huff Saturday at St. Joseph Catholic Church.

ROLLETTES MEET AT RADEFELD HOME

Mrs. Velma Radefeld entertained members of the Rollettes Club for the first meeting of the year Monday evening in her home in Sunnyside Acres.

Those holding high scores did winning prizes were Mrs. Helen Randolph, Mrs. Jeanette Wilson and Mrs. Clara Adams.

A dessert luncheon was served by the hostess to those named and to Mesdames Radefeld, Betty Brooks, Nellie Nicol, Edith Wofford, Carol Smith, Connie Tinsley and a guest, Mrs. Kathryn Orent.

Mrs. Tinsley invited the club to meet in her home, 2036 Ohio avenue, for the next meeting.

GOLDEN WEDDING. Mr. and Mrs. Chris Baechold, 2515 Cleveland blvd., who will observe the 50th anniversary of their marriage Sunday, Jan. 12, at an open house for relatives and friends from three until 5 o'clock at St. Peter United Church of Christ.

Sorority Holds Business Meeting

A monthly business meeting of Eta Chapter of the Phi Tau Omega sorority was held Monday evening.

Those attending were Mesdames Lois Hodge, Mary Evelyn Yenchon, Mary Lou Richeson, Judy Adams, Evelyn Todd, Mary Lou Stark, Barbara Ingram, Peggy Barr, Gladys Waggoner, Georgina Waggoner, Jo Ervay, Millie Greathouse, Ella Mae Gabriel, and Misses Hilda Schroeder, Dolores Sheridan, Eunice Hatcher and Mary Hassler.

Several matters were voted on and accepted and plans were made to discontinue temporarily the watch sales. By-law changes were discussed but no decisions were made. Mrs. Frances Hartman has accepted the office of historian.

Mrs. Gladys Waggoner and Mrs. Yenchon were winners of prizes for the evening, and plans were made for the January social meeting with Mrs. Greathouse, Miss Hatcher and Mrs.

FRIENDSHIP CLASS MEETS WITH MRS. HARTZELL

The Friendship Class of Second Baptist Church met Monday evening in the home of Mrs. Darlene Hartzell, 2820 Name-oki drive.

After the opening prayer by Mrs. Rome Sturdivant, plans were formulated for the monthly project. Mrs. Betty Doyle gave a talk on children's needs and understanding of their problems, and a discussion followed.

Present were Mrs. Deanie Burcham, Mrs. Barbara Harris, Mrs. Diane Delaloye, Ruthann Dike, Mrs. Doyle, Mrs. Sturdivant and the hostess.

The closing prayer was by Mrs. Burcham and refreshments were served. Mrs. Delaloye was winner of the prize.

The next meeting will be with Mrs. Georgia Mitchell.

Laveeta Bauder, Mrs. Hartman and Mrs. Ella Mae Gabriel serving on the hostess committee.

Display Homes Open Daily WILSON PARK ESTATES

Past Matrons Re-elect Officers

The Past Matrons Club of Granite Chapter, Order of Eastern Star, met Monday evening with Mrs. Arline Fox, 2647 State street.

The annual election of officers was held and the 1968 staff was retained. They are Mrs. Ida Carles, president; Mrs. Boss Henley, vice-president; and Mrs. Vivian Blankenship, secretary-treasurer. A sunshine committee was established and Mrs. Sadie Jones was named chairman.

The members took part in games and several prizes were awarded. Refreshments were served by the hostess to 13 members.

The February meeting will be with Mrs. Hulda Griffith. Mrs. Blankenship, Mrs. Henley and Mrs. Florence Sophr were those receiving prizes.

Evening Guild Meets at Church

"Not How Much, But How Faithful" was the topic of the devotional service led by Mrs. Bea Rittenhouse, Mrs. Marie Hoelstra, Mrs. Janette Kraus and Mrs. Sandy Meyer at a meeting of the Evening Guild of St. John United Church of Christ.

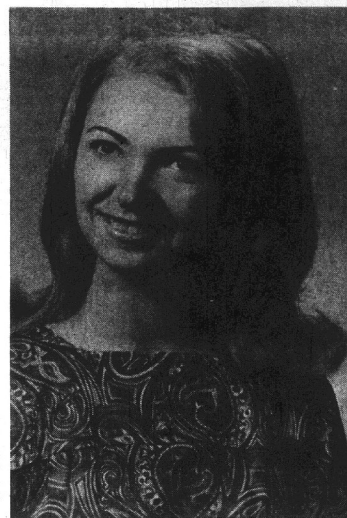

Mrs. Dorothy Schnauel, president, was in charge, and Miss Freda Dexeimer gave the program, a report on the book "Woman of Courage," concerning the life of Amelia Earhardt. After adjourning, refreshments were served to 23 persons including one guest.

RETURNS FROM HOLIDAY VISIT IN CALIFORNIA

Mrs. Margaret Baroff, 2130a Cleveland blvd., returned Tuesday morning from San Francisco, Calif., where she was the houseguest of her son-in-law and daughter, Mr. and Mrs. William Oliver, during the Christmas holidays.

She visited her grandchildren, Jeffrey, Kelley, Lynn and Susan, her mother, Mrs. Bessie Butler, and sister, Mrs. Carlene Danner. The latter two are former residents of Madison and Granite City who now reside in San Diego.

Miss Anderson was graduated from the Granite City high school and is now employed in Rockford.

MISS PAMELA SUE ANDERSON, a daughter of Mr. and Mrs. Arlie C. Anderson of Rockford, Ill., formerly of Granite City, who have just announced her engagement to Cpl. Rocky L. Branch, U.S. Marine Corps, a son of Earl Branch, 4010 Braden avenue, and Mrs. Georgia Milton of Riverside, Calif.

Branch-Anderson Engagement

From Rockford, Ill., comes announcement of the engagement of Miss Pamela Sue Anderson, a daughter of Mr. and Mrs. Arlie C. Anderson of that city, former Granite Cityans, and Cpl. Rocky L. Branch, a son of Earl Branch, 4010 Braden avenue, and Mrs. Georgia Milton of Riverside, Calif.

The prospective bridegroom is stationed at Camp Pendleton, Calif. The wedding date has not been set.

Miss Anderson was graduated from the Granite City high school and is now employed in Rockford.

LUTHERAN MISSION GUILD WILL MEET

Local members are planning to attend the first meeting of the Lutheran Women's Guild in the new year Monday, Jan. 13, in Trinity Lutheran Church, 4200 Caseyville avenue, East St. Louis.

Luncheon will be served at noon, followed by a business discussion at one o'clock with Synod, are invited to attend.

Question:

What can you get 19,000 copies of for \$1.00?

Answer:

A 14-word Press-Record Want Ad

Straight talk about electric heat.

Electricity as a heating fuel has won increasing acceptance by Illinois Power Company customers.

During 1968, electric heat installations in the territory we serve increased 48% over all previous years put together.

Because Illinois Power is a combination utility, providing both gas and electric service, we have always remained objective in discussing the merits of electricity or gas for heating. We will continue to be objective because, in our opinion, a total energy company like ours serves the best interests of all customers by talking straight.

Both gas and electricity have much to recommend them as energy for heating. We want our customers to understand the facts, then make the choice they feel is best.

Because of the growing interest in electric heat—and because many of its features are not fully understood—Illinois Power through its advertising and its employees will be talking quite a bit about this relatively new method of heating in the coming year.

We want to make it clear that our customers will always have a choice between two excellent sources of heating energy—and that we will always stand ready to help you make the choice that is in your best interests.

Annual Dimes March Drive Starts; Poster Child Named

A tiny, blonde youngster who despite severe birth defects has developed into a happy, healthy child with the assistance of the March of Dimes has been selected as the 1969 Madison County Birth Defects Child, according to Mrs. Charles (Julia) Voloski, chairman of the 1969 March of Dimes campaign in the Madison area.

The drive official said the 1969 Poster Child is Jody Ann McLaughlan, 4½-year-old daughter of Mr. and Mrs. James W. McLaughlan, 720 Sheridan street, Edwardsville.

Spearheading the Madison fund-raising campaign for the fourth consecutive year, Mrs. Voloski, 1610 Seventh street, Madison is being assisted by Mrs. Elmer (Jean) Voegeli, 1808 Fourth street, president of the Madison Junior Service Club, who is serving as drive co-chairman for the second year.

Campaign leaders in other parts of the Quad-Cities, whose names recently were announced by D. Dean Bridwell, county director, are Mrs. Gerald (Shirley) Parmley, 3221 Willow avenue, and Mrs. F. B. (Donna) Dioneda, 2657 Cleveland blvd., Granite City co-chairmen; Mrs. Hilda James, 100 Weaver street, Madison, West Madison area chairman; and Milton Morris, 1300 McKinley avenue, Venice, Venice chairman.

A date for the annual "Mother's March" has not yet been set, Mrs. Voloski said, although marches in both Granite City and Madison are expected to take place the last week of this month. Special events in connection with the annual campaign also are in the planning stage at the present time, she added.

Open Spine Defect
Mrs. Voloski said the 1969 Poster Child was born May 19, 1964, with one of the more severe types of open spine defects. At the age of two months, the infant had a Hutter valve placed in her head, and the first week in September her spine was closed successfully, with skin from a leg grafted onto the back.

Granite City PRESS-RECORD
Page 32 Thurs., Jan. 9, 1969

1969 MARCH OF DIMES "Poster Child," Jody Ann McLaughlan, four-year-old daughter of Mr. and Mrs. James W. McLaughlan of Edwardsville poses with Madison Junior Service Club members, front row—Judy Donaldson (left) and Mrs. June Barham (right), and standing, left to right—Mrs. Julia Voloski, Madison March of Dimes chairman, Mrs. Dorothy Smith, Mrs. Elvera Stagner and Mrs. Adrienne Warchal. The local club will spearhead the 1969 campaign in Madison.

Jody has undergone surgery eight times, Mrs. Voloski said. The youngster has been fitted with braces and crutches, and through therapy she is starting to learn to walk, she explained. She added that through the help of the March of Dimes the child is developing rapidly, has a large vocabulary and converses fluently.

Her father, James, 32, was graduated from Litchfield high school in 1954, followed by two years of study at Ranken Trade School. In 1956, he was employed by International Business Machines (IBM) with whom he now holds the position of senior engineer.

Mr. McLaughlan and his wife, Marilyn, 31, also a former Litchfield resident, have been married for 12 years. The couple has two other children, James Jr., 11 years, and Jamie, nine. Both are normal healthy youngsters.

In describing the medical his-

tory of the 1969 Poster Child, Mrs. Voloski pointed out that in 1967, while Madisontians donated \$131, a decrease of \$153 from the previous campaign. The Venice donation was \$686, an increase of \$171 over the 1967 contribution.

County Total
The total amount raised in Madison county last year was \$38,961, an increase of \$867 over the \$37,912 collected in 1967. Bridwell said recently that demands on the local chapter have been great due to the extension of work with birth and congenital defects and providing scholarship help for young people who plan to study in the area of health education. Scholarship grants are a vital part of the National March of Dimes Foundation's program, the county director advised.

In addition to awarding scholarship grants, and assisting polio victims and families with birth defect children, the county chapter also contributed \$2000

tailed \$6687, compared to \$6724 in 1967, while Madisontians donated \$131, a decrease of \$153 from the previous campaign. The Venice donation was \$686, an increase of \$171 over the 1967 contribution.

"Increased public support is required to permit comprehensive care for today's birth defect victims and to provide necessary funds to intensify research and find the means of preventing defects in the children of tomorrow," Mrs. Voloski said.

"Parents should be thankful if they and their children were born healthy. Each year more than 250,000 families have a birth defect child. You can help them through the March of Dimes," the chairman added.

In 1968, contributions to the March of Dimes decreased slightly in both Madison and Granite City from the previous year.

Granite City contributions to-

Nameoki Twp. To Share Costs Of Signal Lights

Nameoki town board officials voted Tuesday evening to share with the city of Madison the cost of installing traffic control lights at Sixth street and McCambridge avenue when approval for the project is received from the Illinois Division of Highways.

Installation of crossing lights at the Smith and McCambridge intersection presently is under review by the state highway department, Township Supervisor Harry Briggs informed the board. A letter confirming the joint cost program will be forwarded to Madison Mayor Stephen Maers, Briggs said.

In other action, the town board approved purchase of four metal filing cabinets, at a cost of \$35 each, from Jack Williams Office Products, an Alton firm which is moving its warehouse facility and offering equipment at reduced rates, Briggs said.

Monthly bills approved for payment, included \$138, road and bridge fund; \$170, special hard road fund; and \$232, town fund, including the sum of \$224 payable to Bonnie Chem Spec Co., St. Louis, for 210 gallons of liquid chemical concentrate for use in the township's mosquito spraying equipment.

House Window Broken
Mrs. Rebecca Baker, 3008 East 23rd street, reported at 10:35 p.m. Monday that the rear window of her apartment was broken with an unknown object.

Speeding Charge Filed
Richard V. Jasudowicz, 2805 Oregon avenue, was ticketed at 9:25 p.m. Monday that the rear window of her apartment was broken with an unknown object.

from local funds to the Area Birth Defect Center at St. Louis Children's Hospital, Bridwell said.

The county chairman also noted that 25% of funds collected through the annual fund-raising drive are contributed to medical and scientific research programs; 37½% remains with the county chapter; and 21½% is allocated to the National Foundation headquarters.

He explained that from the quota sent to the national organization, the Foundation holds itself in readiness to assist local chapters with extreme and deserving polio and birth defect cases when local funds are not adequate.

DISCARDED AND FORLORN—a Christmas tree on the sidewalk near the downtown intersection of 19th street and Delmar avenue, dodged by pedestrians Monday and Tuesday.

City's '68 Meter Revenue Drops Slightly

Granite City parking meter revenue for the 1968 year fell slightly below 1967 income, marking the first year since 1963 that annual collections of both fees and fines failed to show an increase, according to collection figures released today by Comptroller Robert Stevens.

The decline resulted from the collection of only \$347 in fine assessments during December when city officials suspended use of the meters Dec. 11-28 as a convenience to downtown Christmas shoppers.

The Comptroller's office reported total collection of fines and fees for all of 1968 at \$18,145, a decrease of \$192 below total collections of \$18,337 for all 12 months of 1967.

While fine collections in December were less than half what they normally are during a one-month period, revenue from fees remained near normal for the winter season. December fee collections totaled \$2900, up \$150 over November's \$2750 and higher than collections of three other months of the year.

December Income Down
Total December income was \$3247, however, for the lowest single monthly total of the year.

Fine assessments in December 1967 totaled \$718 while fee collections were \$2890 for a \$3698 monthly total.

Collections last month increased to \$37,250 the total amount of meter fees collected throughout the year, down \$1228 below the \$38,478 received during 1967. Fines, however, totaled \$10,895 during all of 1968, an increase of \$1035 over the \$9860 in fines paid in 1967.

Meters operated 307 days during 1968 with a daily average income of \$156, while in 1967 meters operated on 305 days of the year with a daily average income of \$158.

Revenue from meter operation has increased steadily since 1963, primarily because of intensified enforcement efforts resulting in higher fine collections. In 1963, for example, fine collections amounted to only \$1787 for the entire year. Fines increased to a total of \$2540 in 1964, to \$3611 in 1965, to \$5454 in 1966, and to \$8860 in 1967, and then to the \$10,895 for 1968.

Fee Income Stable
Fee collections, on the other hand, have remained fairly stable, varying only a few thousand dollars over the six-year period. Fee collections in 1963 totaled, \$36,519, dropped to \$36,071 in 1964 and declined again to \$35,321 in 1965. They rose in 1966, however, to \$38,857, dropped back again in 1967 to \$38,478 and again in 1968 to the \$37,250 total.

Collections by months during 1968, with fees, fines and monthly total in that order, were: January, \$2400-\$806-\$3206; February, \$3000-\$1135-\$4135; March, \$3000-\$1135-\$4135; April, \$3800-\$1253-\$5053; May, \$3100-\$767-\$3867; June, \$2550-\$807-\$3357; July, \$3300-\$936-\$4236; August, \$2750-\$1285-\$4035; September, \$2750-\$906-\$3656; October, \$3650-\$819-\$4469; November, \$2750-\$792-\$3542; December, \$2900-\$347-\$3247.

TRANQUIL, CHILLY SCENE, indicative of a slowdown in river traffic due to ice jams farther north, is shown in this view of the Chain of Rocks

Canal harbor taken from the wharf of the Bi-State Agency Harbor, with the locks in the background.

City to Restudy Pedestrian Light Needs at Hospital

Granite City council members will take a second look before proceeding with the proposed installation of pedestrian-walk lights with the traffic signals at the hospital entrance at Niedringhaus and Madison avenues.

The state highway department advised the council by letter Monday night that it has no responsibility over the light, and that any changes to the system could be carried out by the city at its own expense.

Alderman Poulos pointed out pedestrian traffic is heavy and that a safety measure should be taken, but Alderman Bartosiak called for a cost study. He stressed that pedestrian traffic at the intersection will be at a minimum once the hospital

completes its expansion program and all parking is at the rear of the building.

Police Chief Veizer said there have been few accidents at the intersection, and that if care is exercised, a pedestrian has ample time to cross Madison avenue from Memorial Park after the left turn arrow goes off. The council also plans to study the need to eliminate right turns onto Madison avenue for east-bound traffic on Niedringhaus.

Veizer noted that any change for a walk light could interfere with the coordination of signal lights along Madison avenue and along Niedringhaus avenue.

Pole Problem Solved

Success in widening a sidewalk at East 24th street and Nameoki road where a telephone pole now gives only 14 to 17 inches clearance for pedestrians was achieved by the council. Notifications were received from both the state highway department and Southwestern Bell Telephone Co. that the sidewalk at the corner is to be revamped with relocations of the curb to provide a 36-inch sidewalk.

The cost of \$985 is to be borne by the telephone company with the work to be carried out by the Nameoki road improvement

project contractor, A. H. S.

State highway officials reported to the city its acceptance of the Johnson road improvement following an inspection made Dec. 17.

Traffic Jam Complaint

Placed on file was a letter from C. E. Pershall sr., who suggested restoration of one-way traffic on Edison avenue in the downtown district. The official of Tri-City Grocery, which has offices in the 1600 block of State street, said he was tied-up in traffic on Dec. 20 (Friday) and missed an x-ray appointment at St. Elizabeth Hospital. Pershall said he left his office at 10:15 a.m. and was delayed in the 1900 block of Edison by traffic and did not arrive at the hospital until 10:40 a.m.

Alderman Poulos agreed with Pershall, saying it had taken him 8½ minutes last Friday to travel from "the front door of the Trust Bank to the front door of the First National Bank." He suggested the traffic signal cycle on Edison avenue be lengthened. "Only three or four cars can get through now," he

Police Chief Veizer explained the cycle was lengthened when

Edison avenue was designated two-way and that surveys show six to eight cars getting through. He pointed out the state controls the timing of lights on state routes, and 20th street is State Route 3.

"Give Him a Map"

Alderman Bartosiak remarked, "Pershall should have stayed on State street and he could have gotten to the hospital in five minutes. Maybe somebody should give him a map."

An ordinance was placed on first reading for authorizing St. Elizabeth Hospital to place lines under the 2100 block of Iowa street. The lines are to include those for heating oil, fuel oil, natural gas, compressed air and electrical circuits. The hospital plans to locate its fuel oil tanks underground on the east side of Iowa street.

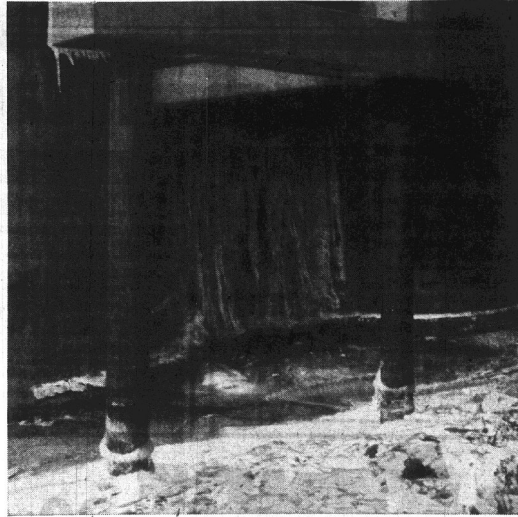

Whitmer requested the hospital engineers be advised of the large city sewer under Iowa street.

"City Atty. Scroggins was instructed to write letters to American Steel Foundries and Union Division of Miles Laboratories requesting repairs to rail crossings on 19th street and on 20th street.

A request was made by Poulos for authorization for stop signs on Sheridan avenue at August street.

Excavation permits were authorized for three local utilities. Illinois Power Co. will make three four-foot excavations and one 186-foot excavation at Prope and Kane streets to relocate a four-inch gas line for construction of storm water sewer lines.

Southwestern Bell Telephone Co. was given approval for a 745-foot trench to bury a cable to serve Village apartments off Pontoon road; and East St. Louis & Interurban Water Co. for a 343-foot excavation at Aubrey and Davis avenues.

CASCADE OF ICE beneath the intake tower for the Granite City Steel Co. water reservoir. The pump station is on the west bank of the Chain of Rocks canal between the locks and the harbor wharf.

Son Born in Virginia

To Former Resident

Mr. and Mrs. Arthur Reed of Richmond, Va., are announcing the birth of a son, their first child, Tuesday. The baby weighed six pounds, two ounces and has been named Joseph Arthur.

Auto Struck in Rear

An auto driven by William J. Rook of St. Louis struck the rear of a car driven by Mack McCollum of St. Louis Monday at 23rd street and Madison avenue.

Window Broken

Vandals broke a window out of the west side of the Davis funeral home warehouse, 2100 Cleveland blvd., it was reported at 3:30 p.m. Monday.

Sgt. Frank C. Bautsch

With Outstanding Unit

Sgt. Frank C. Bautsch, son of Mrs. Pauline J. Bautsch of 1908 St. Clair avenue, is a member of a unit that has earned the U. S. Air Force Outstanding Unit Award.

Sgt. Bautsch, a security policeman in the 414th Fighter Group at Oxnard AFB, Calif., will wear the distinctive service ribbon to mark his affiliation with the unit.

His unit was cited for maintaining a highly effective combat force-in-being, consisting of expert interceptor aircrews and combat ready F-101 Voodoo aircraft capable of immediate response to any national emergency.

The sergeant is a graduate of Granite City high school. His wife, Susan, is the daughter of Mr. and Mrs. Gerald Doun of Red Bud, Ill.

Gunner in Vietnam

ISU Profs Write Pamphlet On Need for Income Tax

Establishment of an income tax to meet Illinois' economic development is preferable to significant increases in presently levied taxes, according to two authorities in education financing at Illinois State University.

A pamphlet titled, "The Dilemma of the Income Tax," published by the Illinois Education Association and written by Dr. Ben C. Hubbard and Dr. G. Alan Hickrod of Illinois State, explores in detail the need for increased tax support and the problem of finding the best source for providing needed funds.

Hubbard is head of the Department of Educational Administration at ISU and research director for the Illinois School Problems Commission, while Hickrod is a member of his staff at ISU, working in the area of school finance.

The Only Answer
"The question persists," the two stated, "as to how we get more money without increasing taxes. The answer remains what it has always been: It can't be done."

"More services cost more money and more money at the governmental level comes from taxes. The real dilemma is: shall we reduce educational services or increase taxes?"

"A continually inflating economy robs us even of the option of maintaining the status quo. An income tax seems more palatable, equitable, and in keeping with economic development than a significant increase in presently levied taxes would be."

The state's present two major taxes, Property and Sales, have reached the point where real inequities have begun to show up. In the property tax, the two authors point out, the retired person or the person with all his wealth in taxable property, is hit hard and the inequities between him and the salaried person expands.

Poor Pay More
With an increase in the sales tax, the low-income person who

PASTOR KENNETH V. REEVES

Final Weekend For Primary Vote Registration

In preparation for the Feb. 11 major primary election in Granite City and the state senate primary in March, a series of special voter registration periods currently is under way in Granite City and Pontoon Beach.

Miss Eulalia Hotz, Madison county clerk, said that deputy registrars will accept new registrations or assist those who need to correct their present voting records, such as change of address or name, at three private residences during evening hours, a downtown office each weekday and at five local business firms tomorrow and Saturday.

In order to vote in the Feb. 11 primary, Granite City residents must be registered by Monday, Jan. 13, Miss Hotz said.

Deputy registrars will be available tomorrow at First Granite City National Bank from 4 to 7 p.m. and at Kroger Namsok Village Store, north until 8 p.m.

On Saturday, the registrars will be at Bellemeire Tri-City Grocery; Schermer Ace Hardware, 4010 Pontoon road; and Cohen's Market, 2301 Illinois avenue, all from 10 a.m. to 5 p.m.

Those registering must be 21 years of age or older before the next election; a U.S. citizen; resident of Illinois one year past 90 days in county and 30 days in precinct.

Miss Hotz said that college students who will attain the 21st birthday within the next five months, are being encouraged to register in advance at this time. She explained the official registration cards of those under 21 years will be held at the county clerk's office until the 21st birthday is reached.

Registrations will be accepted by any deputy registrar wherever most convenient, the county official noted.

Deputy registrars now accepting voter registrations are Mrs. Olive Sigite, 2229 Bryan avenue, evenings by appointment, 287-2552; Mrs. Rose Turner, 2141 Waterman avenue, 6 to 8 p.m., and Saturdays by appointment, 931-4122; and Mrs. Elvira Tharber, 1932 State street, weekdays, 9 a.m. to 5 p.m., Saturdays, 9 a.m. to noon, 876-6535.

McKinley Bridge Traffic Down 21% in Year

Vehicle traffic over the Venice-owned McKinley bridge during the 1968 fiscal year ending last Sept. 30 fell off 21.54%, or 1,073,698 vehicles, from traffic totals of the previous fiscal period, according to a newly completed audit submitted to bridge administration officials.

The drop in vehicle traffic meant a reduction of \$276,326 in bridge revenue during the one-year period, the audit shows.

The audit, prepared by Bert H. Allison & Co. of East St. Louis, shows an actual traffic count of 3,910,277 vehicles of all kinds used the bridge during the 1968 fiscal year which covers the period from Oct. 1, 1967, to Sept. 30, 1968. The figure is 1,073,698 less than the 4,983,975 vehicles using the bridge during the 1967 fiscal year.

The audit figures reflect the drop in McKinley bridge traffic resulting from the opening in recent years of two toll-free bridges — the Chain of Rocks Route 270 bridge north of Venice, and the Poplar street bridge in East St. Louis south of Venice. The resulting drop in bridge revenue forced the bridge administration to default on payment of \$104,000 in interest on bridge bonds last Oct. 1.

Income Reduced
Income from 1968 traffic tolls amounted to \$1,066,189, the audit shows, a decline of \$276,326 below the \$1,282,515 in traffic receipts during the 1967 bridge year.

Total revenue from operation of the bridge during the 1968 fiscal year amounted to \$1,287,102, including the \$1,066,189 in traffic receipts, \$250,000 in rental from the Illinois Terminal Railroad and \$912 from

leases, easements and contracts.

Expenses amounted to \$347,455, leaving a net operating income of \$939,646. Other income added to the net figure included \$31,376 in interest income in the series A bond reserve, \$10,512 interest income in the replacement and reserve fund, \$3187 discounts for early bond retirements and \$315 collected for bridge damage. These items brought the total net operating income to \$935,657.

A breakdown of operating expenses totaling \$321,112 shows \$68,462 was paid in salaries to toll collectors and \$2091 was spent for miscellaneous extra help. Fuel, light and water cost \$9277, supplies and printing, \$4207, telephone and telegraph \$1073, while \$7000 was paid for a traffic survey.

Maintenance expenses totaling \$25,783 included \$18,920 in salaries to maintenance workers and \$8843 for bridge and building maintenance. General and administrative expenses included \$3600 in attorney fees; \$10,747 in advertising costs; \$1700 in audit fees; \$2160 in bridge office rental; \$7200 in fees for consulting engineers; \$8513 in payments to fiscal and sub-fiscal paying agents; \$12,724 in payroll taxes; \$3600 in highway consultants fees; \$70,709 in insurance premiums; \$1351 in miscellaneous charges, \$28,020 in office salaries and \$70,709 in taxes to the state of Missouri.

List Other Charges
Charged against net operating income was \$721,623 in bond interest, \$3825 in premium on series A bonds called for redemption, and \$19,954 in replacement and improvement reserve fund expenditures for a total outlay of \$745,382. These

disbursements left a net income of \$209,655.

Most of the bridge income from traffic receipts came from passenger car traffic. A total of 3,426,457 autos traveled across the bridge during the 1968 year for revenue of \$700,374, the audit shows. Trucks and buses using the bridge totaled 475,825, for income of \$220,247.

Miscellaneous vehicles using the bridge totaled 7968 for revenue of \$3888.

Daily average traffic during the 1968 year amounted to 10,713 vehicles, the audit said, compared to a daily average of 13,655 during the 1967 year.

Dr. Bowers to Present Health Series Talk

Dr. W. W. Bowers will be the featured speaker at the fifth health series talk on "The Million Club" to be given today at 7:30 p.m. in the Tri-Cor building.

A film to be shown will present the hopeful side of cancer by stressing that more than one million persons today are cured and leading normal productive lives. The seven danger signals of cancer and their vital importance to lifesaving, through early detection and treatment, are emphasized.

More Security With FALSE TEETH

Don't live in fear of false teeth loosening, wobbling or dropping just at the wrong time. For more security and more comfort, just apply a little PASTERETH on your plates. PASTERETH holds false teeth firmly. Makes eating easier. No party, goody cake, sticky candy, denture lozenges. Health. See your dentist regularly. Get PASTERETH at all drug counters.

Loses \$225 at Bank
Raymond Sampson Jr., 2028a Madison avenue, reported at 12:35 p.m. Monday that \$225 he had left on a counter display appeared at the First Granite City National Bank. He said he left the money on a teller's counter and then went to the auto and to the loan department at the bank when he noticed his money was missing. It was gone from the counter.

END OF PARTY BOSSSES URGED BY YOUNG DEMOS

The resolution below was unanimously adopted by the executive board of the University of Illinois Young Democrats. It is submitted in the form of a letter to the editor as an appeal to local Democratic organizations.

We, the executive board of University of Illinois Young Democrats, condemn the party bosses, Mayor Richard Daley and the Chicago clique of Chicago politicians among them, responsible for the repressive and undemocratic atmosphere characterizing the 1968 Democratic national convention.

The "police state" within the convention hall, the harassment and physical abuse directed against anti-establishment delegates such as David Hoeh, chairman of the New Hampshire delegation, found its counterpart in what Senator Abraham Ribicoff might rightly termed the "Gestapo tactics in the streets of Chicago."

Adlai Stevenson III has recently referred to the police force in the Chicago fiasco as "storm troopers." And The Walker Report, on the basis of a thoroughgoing investigation, concluded that the entire affair may best be described as a "police riot."

The courage of Senator Ribicoff may serve as an example to us all; for it is vitally important that we not let our responsibility to speak out on the evil that has been done, as well as state our desire for reforms.

It will not do to avoid the issue of Chicago and Mayor Daley, to hide under the type of high-sounding plans for the future.

What happened in Chicago was a moral as well as a political disaster. It is incumbent upon all of us to declare our unequivocal opposition to the tactics and the type of thinking represented by Mayor Daley and his supporters throughout the party convention.

We urge and commit ourselves to—the following party reforms:

1. A goal of the Democratic party should be to eliminate all party decisions and activities.

2. The party bosses must go the way of knickers and celluloid collars.

Those who refuse to declare themselves against these political anachronisms reveal their true orientation and the degree of their disagreement with the highest principles of the party. We call for continuing struggle against the party hacks and the patronage armies.

3. All Democrats should be more active in efforts to increase voter registration and voter participation in politics.

The entire party is lethargic, due in part to the domination of the Johnson-Humphrey-Rusk administration and the refusal of too many Democrats to speak out against the failings of their own party. We call for complete openness of debate and internal criticism.

4. Future presidential candidates should be selected by primary elections, staged at the actual state or national convention delegates chosen at the

YULE GREETINGS AIDED MORALE IN VIETNAM

To the Editor:

Just a small note to thank the people of Granite City for sending season's greetings to me, and to send my best wishes.

These greetings mean a lot to me over here in Vietnam, and really help morale.

They let us know that there are still people thinking of us, which helps a lot.

Most Scholarships Not Taxable

(Internal Revenue Service)

Q. My son has a small scholarship that covers part of his college tuition. Will he have to report this as income or will it since he is my dependent?

A. Most scholarships are not taxable. If your son's scholarship happens to be taxable, however, it will be counted as his income, not yours. He would report it on his own return.

To find out whether your son's scholarship is taxable, he should check with the person or organization granting it. Information on the tax status of a scholarship may also be obtained by sending a postcard to your IRS district director and requesting Document No. 5945, "What Is Income?"

Q. I have just started in business for myself after years with a large company. Would the fact that I'm covered by Social Security prevent me from setting up my own retirement plan?

A. No, a self-employed person covered by Social Security is eligible to set up his own retirement plan.

Q. I just started driving a cab. Is it true I have to pay tax on my tips every month?

A. When tips amount to more than a month, they are subject to withholding tax like other income from salaries and wages.

Report them to your employer and he will make the necessary adjustment in your paycheck.

Q. My neighbor told me she was able to deduct the plane fare for herself and her daughter when she took her child to a special clinic for medical treatment. Is that sort of deduction really allowed?

A. If the trip was taken to obtain medical care and not for personal reasons, then transportation is deductible as a medical expense. This provision allows taxpayers to deduct the actual cost of the transportation or five cents a mile if a personal car is used.

For example, if it was necessary to make a weekly trip to the doctor's office clinic for out-patient treatment and the roundtrip covered ten miles by car, the deduction would be figured:

The taxpayer would multiply the ten-mile trip by the five-cents-a-mile allowed to arrive at a weekly deduction of 50 cents. If the trip was made 52 times during the year, then the taxpayer could deduct \$26 to his other medical expenses.

Any parking fees paid as a result of the trip can be added to this deduction.

The parent's fare can be deducted when a child is unable to travel alone.

Impact of Future Growth Spotlights Traffic, Renewal, Park, Airport, Tax, Industry Issues

A dominant thought in a January evaluation of 1969 is that the status quo or even year-ahead planning will be insufficient. Unless Quad-Cityans learn to move faster than their goals as well as immediate objectives, their effort—and community progress—may fall short.

Projections by the East-West Gateway Coordinating Council, the council of governments for this metropolitan area, show that Madison County will grow rapidly in population at least through 1990, surpassing St. Clair county in size during the 1980's.

Instead of the quarter-million residents at present, citizens and leaders of this county must base their thinking and decisions on what 300,000 or 400,000 people will require in the fast-approaching future.

What was good enough in the past simply is not good enough now. I do just say that, even this year. We have to move faster than ever before—transacting its business and conducting its government more logically, economically and efficiently.

Because so much will depend on the ability, imagination and outlook of local-level government officials, the public will need to make wise election choices.

Mayors, supervisors, aldermen, school and park board members and other municipal and township officers will be selected. In addition, a state senator vacancy will be filled and this district will elect two Illinois constitutional convention delegates. Those chosen as delegates will need to be well versed in state affairs but uninhibited by prejudice regarding government and tax matters.

In the various winter and spring elections, voters will need to go beyond other considerations and support only those whose record, character and platform indicate that they can do the best job in the offices sought. The challenges that will arise are too important to allow friendship or fraternalism alone to guide the balloting. Government also can be improved in other ways.

Regular public attendance at taxing agency meetings gives helpful backing and guidance to the governing bodies. A full interchange of facts and opinions between elected and elected officials is of great value in keeping government informed and responsive to the wishes of the citizenry.

The fine start made in 1968 toward restoring a two-party system could be advanced in 1969 by developing active leadership in the 17 Quad-City precincts lacking a committeeman of the minority party.

Granite City voters are scheduled to decide in April whether to have one or two aldermen to represent each ward. The stakes to which councilmen tackle and solve pressing city problems this winter undoubtedly will help decide whether the referendum is passed or defeated.

Enough votes were cast last year to herald the end of political dominance in Madison County. But the opposition failed due to being divided along neighborhood lines. Parents may be able to make their voices heard more clearly in subsequent elections. Ward redistricting is another pending issue in Madison.

As some points of active study will need to be made of city and school district mergers in the Madison-Venice area. Annexation policies of Madison and Granite City also deserve renewed attention.

Traffic is high on current priority lists—Broadway underpass progress and McKinley Bridge usage stimulus in Venice; elimination of McCambridge hazardous area, particularly at Edwardsville road, in Madison; and reduction of Granite City congestion downtown, north-south and along Niedringhaus avenue adjacent to the Great River Road. A new north-south artery along the railroad right-of-way has been proposed, and widening and paving is needed on many streets, among them the remainder of Johnson road and Mayville and Pontoon roads.

Just as neighborhood renewal is one of the chief projects facing Madison and Venice, downtown area renewal is an issue of extreme importance in Granite City. A hazardous area was found in 1969 for the downward economic trend that has occurred in this community's central business district, the area south and east of the downtown area.

Improved utilization of schools, adoption of the new Granite City master plan, industrial development and recreation planning also justify early action.

Ways need to be found to extend drainage services farther than now authorized, to provide more parking facilities, to modernize building codes and to cut construction costs. The city should provide more of a "welcome mat" for apartment and residential development and for prospective new residents.

In order to provide an adequate base of support for United Fruit agencies, contributors should allocate 60 minutes per a month.

Linking of the Great River Road with local streets and the port area is nearing reality, but the general pace of highway construction is many times slower than an acceptable rate. Principal problems are the volume and use of state highway revenue and the continuing freeze on Madison and St. Clair counties road projects involving parties financing.

The governor and legislature have voiced awareness that Illinois highway building must be expanded and accelerated, and they should

not hesitate to do something about it, including raising license fees and gasoline taxes.

The fund freeze is an apparent criticism of hiring practices and highway worker productivity, but this region has been given little chance to come to grips with the problem or to plan specific remedial steps.

The order should be lifted immediately because it unfairly punishes hundreds of thousands of innocent people with serious road hazards and inconvenience. Unless we can resume our highway building, which is already far behind the need, many phases of progress and development will be hampered or prevented.

In Madison County, aside from the still unresolved question whether the government should seek to handle trash through landfill, incinerator, composting or byproduct processes, most interest will center on assessing and state-related matters.

The state, through legislation and/or a new constitution, needs to establish clearer city and county redistricting procedures and also to chart ways in which governmental services can be more readily provided in newly developing areas. County streamlining, with some offices eliminated and others consolidated, is long overdue.

While the state will have the key voice in county-municipal modernization attempts, county officials can do much to revamp existing procedures, as State Attorney Griffith is proving.

Such a move would be hiring of independent appraisers to make county assessments uniform. Findings indicate that this could be paid for over a three-year period by a temporary tax of less than 1% of the present tax rate. This would be a tremendous bargain in view of the benefits—all real estate owners would receive precise valuations, with a fair and direct relationship between all property of the same type.

The appraisal plan has a built-in assurance of success. If a township voted not to go along with the program, it would still could contract for the reassessments and then secure judgment against the township for its part of the cost.

Regional improvement efforts would have a sweeping effect on future growth and prosperity here.

Development of a major airport and provision of a rapid transit system are examples of projects which would be felt here but which require support from a broader area.

Hillside drainage, air and water pollution, law enforcement cooperation and unification of certain public services are other regional topics.

Attraction of new plants to the ideally priced and located thousands of acres available in Madison County could be expedited if financial and planning efforts of the entire region fully recognized the value of focusing their efforts on this vast industrial park.

Development of Horseshoe Lake as a state-federal park, conservation area and wildlife refuge is high on the state agenda, with a balancing of the 1969-71 state budget also an undertaking of major consequence.

SIU-SW dental, medical, journalism, law and engineering school progress should be accelerated. A wholehearted, coordinated effort in something should be done to assure a successful constitutional convention.

In increasing state school aid, the formula should be adjusted so that schools adopting a quarter system are not penalized when computing their average pupil attendance for aid purposes.

In altering the present mix of state taxation, inequities and loopholes in administering the personal property tax should be eliminated. Among other steps, payment of this tax could be linked to individual income tax.

A way also should be found to schedule annual sessions without limiting even-year actions to legislation receiving two-thirds support.

Other state issues include public aid system improvements, better prisoner rehabilitation and urban deterioration remedies.

At the federal level, honorable settlement of the Vietnam war is the chief hope and goal as a new administration prepares to take office.

Legislated steel import quotas should be enacted. As local steel mill employees have pointed out, wage differentials here and abroad make U.S. action essential, unless domestic steel production is to be curtailed, creating widespread unemployment and jeopardizing both national security and the prospect of world peace. If Congress cannot be persuaded, voluntary quotas for European and Japanese steel exports should be imposed by 1967.

There will be much interest in the anticipated drive to return emphasis to state and local government and to private enterprise in dealing with problems for which there are no obvious federal solutions. Block grants to states and improved coordination of federal and state assistance programs would be desirable.

There should be a full overhaul of existing federal tax rules, and a reduction of inflation with simultaneous maintenance of a high employment level.

Uncle Sam should move with determination to weed out and punish lawlessness, including the increasingly dangerous crime syndicate.

Col. Hoskin Unusually Active, Helpful During Assignment as Depot Commander

Our reluctance to see Col. Charles E. Hoskin II resign after two years as Granite City Area Depot Commander is not surprising to an extent by the fact that he will continue to reside here and also will be able to remain active in most of the many organizations with which he has been active since 1967.

He will join the Army Mobility Equipment Command on Jan. 15.

Among the positions he will retain is that of chairman of the Federal Executive Board of Greater St. Louis, through which he has been able to improve governmental coordination and problem-solving in this region.

It is difficult to recall a Depot commanding officer who has been more energetic and more active in the life of the Quad-Cities and the metropolitan area. He has been willing to take positions of leadership in both established programs and ventures whose success was far from assured. The size of the challenge has not deterred him; the only question he asked was whether the project would benefit the community.

Col. Hoskin is an outstanding product of American military training and service. With an intense desire to serve combined with such knowledge and ability, he will go on to make that he has made such a lasting and favorable impact.

Vietnam War Veterans Eligible For Compensation from Illinois

(Tri-City and Illinois Bar Associations)

Illinois residents who have served with the armed forces in Vietnam may be eligible for a \$100 bonus from the state. Survivors of deceased Illinois veterans whose deaths were connected with service in Vietnam are eligible to receive \$100 in compensation.

No payment can be made to either a veteran or a survivor, though, unless the person eligible to receive compensation applies to the Illinois Veterans Commission prior to July 1, 1970 unless the cutoff date should be changed during the current session of the legislature.

Veterans of world war II and the Korean war and survivors of deceased veterans of those wars also received compensation from the state, but not until after the end of those wars. The Vietnam Veterans Compensation Act passed by the 1965 legislature was the first such act to be passed while a war was still in progress.

In order to be eligible for a \$100 bonus, a Vietnam veteran must have been a resident of Illinois for at least 12 months.

1. Have been a resident of Illinois for at least 12 months.

2. Still be in active service, or honorably separated or discharged from the service, have been awarded a medal or decoration or be retired from the service.

3. Have served in Vietnam after Jan. 1, 1961, and have received the Vietnam Service Medal or Vietnam Expeditionary Medal.

A deceased or widower of a Vietnam veteran would have the first right to receive the \$100 death compensation from the state.

Other survivors who might qualify for compensation if the \$100 is not collected by a spouse would be a deceased veteran's children, his parents or former guardians, and his brothers and sisters, in the order named.

If the beneficiary who would ordinarily be most qualified to receive the compensation fails to file a proper claim before the deadline, the compensation can be paid to the next most qualified beneficiary who has filed a timely claim.

Historians' Duty—Moral Judgments

"The English: A History of one hand and local government, Politics and Society to 1760," by Norman F. Cantor. New York, Simon & Schuster. 528 pages, \$10.

Reviewed by Jim A. Hart, a faculty member of the Southern Illinois University Department of Journalism.

(Review published in the Daily Egyptian, SIU Journalism Department, Carbondale.)

Two fundamental assumptions, according to Mr. Cantor in his "Preface," gave this history its form and direction. The first was that historians have a "right and a duty to make moral judgments."

The second was that historians, to a large extent, must use imagination in reconstructing the past.

Mr. Cantor has not only passed judgment on politics and society from about 450 A.D. to the middle of the eighteenth century, but he has also passed judgment on previous historians of this era.

In each of his ten chapters, whether he covered 500 years, as he did in one chapter, or 50 years, he devoted several pages to a discussion of previous histories of the particular period under discussion.

He found very few even partially acceptable. He said he was, to the "principle of liberalism," Mr. Cantor indicated that former historians wrote, and therefore colored their writings, from a conservative or high Tory background.

The impression left with the reader is that only liberal-minded non-nationalistic authors make good historians, and there have been too few of them.

How much imagination the author used in constructing his history is difficult to determine since he used no footnotes.

But if Mr. Cantor was imagining every time he dropped from his pen a few words, or the present writer, apparently without reason and almost always without transition, imagination played a large part.

Since Mr. Cantor recognized that the greatest achievement of the English was in politics and government, he treated the strictly pragmatic grounds of the English have the most successful political history—he made the development of the English system and of the English common law the two cohesive strands of his narrative.

Some economic and intellectual change were portrayed as subservient to, and as an outgrowth of, the changing political and legal scenes.

Religion was, of course, intertwined with the political life. Tension between central government, law and religion on the

one hand and local government, law, and religion on the other hand dominated the evolving political system in England. Throughout the book, the author has developed what he called "the classic issue with the core of all English political history—who operated the law and whom did the law serve?"

All English revolutions seem to have been predicated on answers to these questions, whether the specific issue was economics, trade, political decision-making, or a change of religion.

There are two outstanding sections in "The English." One is a transition chapter, "From the Medieval to the Modern World." Here Mr. Cantor did not confuse his reader with the constant shifting from past to present issues.

Since the book is an expansive view of the history of England, it is a pity that it is not a chapter that tied together the lectures of two semesters.

As such, he may have spent more time in writing it than he did in the writing of his lecture notes.

City Delays Approval of Plan to Collect Back Tax

Action on a request by Madison county tax officials for authority to employ an independent agency to collect delinquent personal property taxes was delayed by the Granite City council Monday night following debate over an estimate that cost of such procedure might range up to 80% of the tax funds collected.

The move for county-wide collection of personal property taxes being carried over from year-to-year on township tax books was initiated by the Taxation committee of the County Board of Supervisors which informed Granite City council members that the collection plan they are considering would require the approval of all taxing districts.

IPC to Double Power Capacity With New Plant

With the completion in 1973 of the second 600,000-kilowatt generating unit at Illinois Power Company's Baldwin Power Plant, its generating capacity will be almost doubled.

The first 600,000-kilowatt generating unit at the new Baldwin Power Plant, being constructed on a 3000-acre site along the Kaskaskia River in Randolph county, is expected to be in use in 1970. The second unit of like size is scheduled for 1973. The 1,200,000-kilowatt capacity of the Baldwin plant will nearly equal the 1,400,000-kilowatt capacity of the other four IP generating stations at Wood River, Hennepin, Havana and the Vermilion plant near Danville.

Water for the Baldwin plant will come from a 2600-acre shallow reservoir which is now being filled with water pumped from the nearby Kaskaskia River through a 42-inch-diameter pipe. After the reservoir is filled, river water will be used only to cover seepage and evaporation loss. Water from the reservoir will be pumped to the plant by the plant's own pumps, for use by plant personnel and for cooling steam.

The Baldwin facility is a "mine-mouth" plant, with coal transported by rail shuttle from a nearby Peabody Coal Company mine.

The coal, reduced to pieces of one-quarter inch or less, will be burned in a 24-story-high cyclone furnace to heat water to steam. The steam drives the turbogenerators to produce electricity and is then turned back to water in the condenser below the turbogenerators.

The intense heat in the boiler will reduce the coal ash to a liquid which will flow through openings in the bottom of the furnace, to solidify as it hits vats of water. It is then carried in a slurry to a 700-acre settling bed about one-half mile from the plant. The liquid ash which does not flow down into the vats will follow the upward gas stream becoming solid on the way and be trapped in an electrostatic precipitator rated as 99 percent efficient.

"Virtually no particulate matter will leave the Baldwin stack, topped out in late 1968 at 605 feet, the highest utility stack in Illinois and only 25 feet lower than the St. Louis Arch. This stack was designed at this height for the effective dispersal over a wide area of the small amount of ash and the sulfur dioxide, a gas from burning coal. This stack is expected to reach high stage for to penetrate the cold air layer known as an inversion which sometimes holds down the warmer and lighter air and its pollutants.

Construction of the Baldwin Power Plant and the installation of its first unit was announced in August 1968, and land clearing began in the fall of that year. Announcement of the second unit was made in December 1969.

With the exception of the office and storeroom space, the plant will be doubled to accommodate the second unit and a second 605-foot stack will be built.

Electricity from Baldwin's first unit will be carried on two 345,000-volt lines to the vicinity of Belleville to connect with the Illinois Power system which serves 15,000 square miles of the state.

Graduates from Marines Recruit Training

Marine Pvt. William E. Gregory, a son of Mrs. Robert L. Gregory, 2800 Dale avenue, has been graduated from eight weeks recruit training at the Marine Corps Recruit Depot at Great Lakes.

He will now undergo from two to four weeks of individual combat training and then, after a leave at home, he will report to his first Marine Corps assignment.

Council Approves Zoning Change, Special Permit

An amendment to the zoning code for operation of a car sales and service lot at East 23rd street and Nameoki road and a special use permit for an automatic car wash, service station and drive-in liquor store at Nameoki road and Pershing avenue were authorized Monday night by Granite City council members.

The petitions of Andrew Rappoff and Walter Rozyccki for the auto sales lot and by Harold Manzer for the car wash permit had been approved by the City Plan Commission, according to a report to the council by William F. Hoelscher, commission chairman.

However, Alderman Johnson and Moerlein called for deferral on a second zone change recommended by the Plan Commission for a beauty shop in a residence at 2377 Pontoon road.

The beauty shop request was made by Dr. Hector Zavallos, and the petition noted that next door to the house is a market. The property presently is zoned residential, and a C-1 commercial classification is sought.

The Plan Commission noted there were no objections to the beauty shop during a hearing conducted last month. The two-story Neighborhood Liquor Store building and two houses are to be razed for the car wash-service station-poolage liquor store to be erected by Manzer. A resolution is to be prepared for final council approval of the installation.

The auto sales and service lot is to be located on the southeast corner of East 23rd street and Nameoki road, with C-2 commercial zoning for five lots along Nameoki road. A vacant service station is now located on the corner. The C-2 zoning will be for property at 2803 East 23rd street and 2320-22-24-26 Nameoki road. An ordinance is to be prepared for final action by the council on the zoning code amendment.

New Judge Addresses Scout Troop Leaders

William L. Beatty, new circuit judge in Madison county, spoke on "Government in Action" at the January roundtable meeting of Unihav (Quad-City) Boy Scout district troop leaders Tuesday evening at Stalling's school. He discussed ways scout units can view local government operations.

Hosts were two units sponsored by the Stallings PTA, Cub Pack 96, whose chairman is Charles Taylor, and Troop 98, of which Raymond Gaudette Jr. is scoutmaster. Glenn Hommert and Robert Goodman served as roundtable commissioners.

The next roundtable was set for 7:30 p.m., Feb. 4 at Dunbar school in Mading.

Communion Service at Christian Scientist

A communion service will be held Sunday at First Church of Christ, Scientist, 2360 Delmar avenue.

The 10:45 a.m. service is open to the community. The lesson is entitled "Sacrament."

Home Show 1969 Project Proposals

Rotary Club Plans Drinking Fountains in 2 GC Parks

Drinking fountains at downtown Memorial and Civic Parks will be a desirable stage for the Wilson Park ice rink pavilion or a lighted bulletin board at the rink were among suggestions made for proceeds of this year's Home Show, to be sponsored by the Granite City Rotary Club.

Club members John Polson and Eugene Coe will serve as co-chairmen for this year's Modern Living Show, tentatively scheduled for the spring of the year. The Rotary Club uses the profits from each show for a community project. A decision is to be made by the members at a later date.

Warren Decatur, president, presided at the business lunch meeting held Tuesday at the YMCA attended by 46 members and eight guests. It was the first meeting of this year after a two-week "vacation."

Decatur called upon committees for reports on activities and plans for the year.

Committee reports included classification, fellowship, membership, bulletin, youth and international the latter reporting that seven men from Japan will visit in this area during the month of March.

Other reports were for the scholarship committee that is presently working with high school scholarship groups.

A report from the budget committee showed a net earning of \$2875 from last year's recent Modern Living Show.

The committee showed a net earning of \$24,400 from the last year's "International Service."

The committee also reported that the club had a net earning of \$24,400 from the last year's "International Service."

The club also voted to sponsor William E. Popkes of East St. Louis as a Rotary International Director for Zone 3.

Herbert Schermer discussed the attendance by members at the weekly meetings and announced a plan for a more regular attendance. He told the club dropped from fourth place to 15th in attendance rating during November, among the 40 clubs in the district.

Also announced was a meeting of the directors and officers on Jan. 15 at 7:30 p.m. at the Illinois Power Co. office.

BIG SEWER TILE are maneuvered into place for an intersection hookup in construction of Granite City's new storm water drainage system. Two tile at left and right extend down center of East 27th

street. Intersecting tile at top of photo is from Kate street. S. M. Wilson & Co. is the contractor. Mid-July is the target date for completion of the overall storm water sewer project.

Mrs. Ida Trattler, 83, Former Resident, Dies

Mrs. Ida Trattler, 83, of St. Louis, widow of Joseph Trattler who founded the Trattler Men's and Boys stores here, died at about 9 p.m. Tuesday at the Jewish old folks home in St. Louis.

Services were held at 3:30 p.m. Wednesday at a St. Louis funeral home with interment in St. Louis. The Trattler stores were closed Wednesday afternoon.

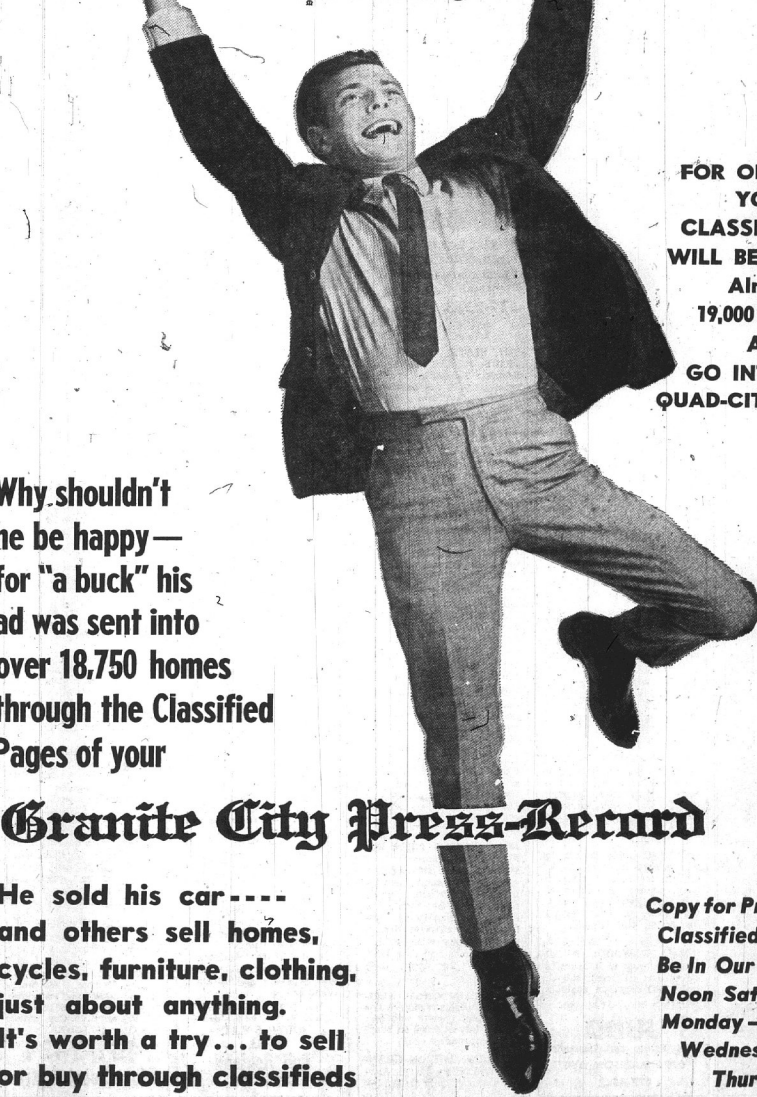

Born in Europe, Mrs. Trattler was a former long-time resident of Granite City. When Mr. Trattler retired in 1947, they moved to Los Angeles, Calif., and later returned to the area. Her husband died in January 1963.

She is survived by four daughters, Mrs. Sadie Linder and Mrs. Gene Soule, both of St. Louis, Mrs. Esther Gallup of Phoenix, Ariz., and Mrs. Virginia Gombossy of Los Angeles; a son, Jerry Trattler of Wood River; and grandchildren and great-grandchildren.

Venice Weed Fire

Venice firemen were called at 9:28 p.m. to extinguish a weed fire between Lee Wright Homes and the railroad tracks. Firemen were at the scene 20 minutes. There was no damage.

We don't put this guarantee on any old car.

Before a used car can get our guarantee, it has to pass the VW 16-point safety and performance test. Then, if anything needs fixing, we fix it. So you know the car isn't all used up.

Then we give it our 100% guarantee. To repair or replace all major mechanical parts* for 30 days or 1000 miles, whichever comes first.

And you know we wouldn't give any old car a guarantee like that.

*engine, transmission, rear axle, front axle assemblies, brake system, electrical system.

House Number Mixup, Contempt of Court Case among GC Council Topics

Discussions on a wide variety of subjects—from jumbled house numbers to contempt of court proceedings, along with air pollution complaints and Community Antenna Television—were among the highlights of Monday night's Granite City council session.

Alderman Green called upon the city inspection department to work with post office officials to unscramble house numbers along Sinclair avenue in North Granite in order that home delivery may be started there. Robertson reported the service is to be started by Feb. 1, provided the city assigns the proper numbers.

The city received notice that City Treasurer E. R. "Pat" Rich is to appear in court before Magistrate Martin Hiscot for contempt of court in failing to withdraw sewer rental liens against foreclosed property. Rich advised the council that he had talked to the city attorney, and since he had never received a notice from the court to withdraw the liens, he felt the contempt proceedings would be dropped.

Had Working Agreement
"We had a working agreement that when such liens are to be dropped, the individual involved would pay the fee for each lien. In this particular case, the liens were filed in 1967, as per procedures outlined in the city's sewer ordinance, and I was unaware of any further court actions in the case," the treasurer explained. The total fee to withdraw the liens, he added, would be \$15 to be paid by the city.

Alderman Dallas, 2001 East 20th street, reported he has received 16 complaints from residents of his area concerning a

"fine, invisible dust invading homes and causing damage." He added that his own home was being damaged by the dust.

Dallas added that streets are turning red and that he would like to have a pollution measuring device on the roof at his home. The alderman was advised by other council members to relay his complaints to Prof. Erwin Hoelcher, technical secretary for the city Air Pollution Control Board.

The request for a CATV franchise with the city to receive 6% of gross proceeds was from the American Tele Service Co. of Chevy Chase, Md. The letter was referred to the Ordinance committee to determine if such a franchise would be legal. The firm offered to provide free service to schools and hospitals and closed-circuit services to the police and fire departments for burglary and fire control.

His wife, Elsie, preceded him in death in 1949.

Survivors include another son, Arthur C. Webb of Madison, Wis.; three daughters, Mrs. Earl (Mary Virginia) Heather and Mrs. Janice Cabarta Allen both of Granite City and Mrs. W. G. (Catherine) Mitchell of Joplin, Mo.; 11 grandchildren and two great-grandchildren.

Funeral services were held today. Other details are given in today's obituary column.

Carl Flood Graduates At Management Center
Carl L. Flood, 2513 East 29th street, is a graduate of the Defense Advanced Procurement Management Course at the U. S. Army Logistics Management Center, Fort Lee, Va. He is contract negotiator at the Aeronautical Chart and Information Center in St. Louis.

The one is of 26 offered at the Army Logistics Management Center and is three weeks in length.

Named to Shelter Board
Appointment of John Fornasewski, music studio proprietor, 3008 N. Main road, to the animal shelter board to fill a vacancy created by the death of Miss Nellie Stevens, was announced by Mayor Partney and confirmed by the council. The term will expire next April 30.

Monday night's meeting opened with the city attorney, Basarich and Johnson joined Nomm in voting against approval of the minutes of the Dec. 23 meeting.

Nomm Resigns Again
Later in the meeting, Nomm resigned as chairman of the council's ordinance committee and resigned from the committee.

The matter of who is on what committee, by whose appointment, is still in the courts, and Mayor Partney requested that Nomm was not on the Ordinance

committee he had named. It was noted that Nomm has resigned from committees on several occasions in the past years. He left Monday night's meeting early—about 10:10 p.m.—after complaining of being ill.

The meeting continued until 10:35 p.m. Approved by the council by a 10-4 vote was a contract with Kenneth Kieberger of Research Planning & Design Associates for consulting engineering services during the current calendar year. Voting for the contract were Aldermen Dallas, Moerlein, Boyd, Poulos, Green, Basarich, Partney, Robertson, Dawes and Johnson. Opposed were Bartosick, Whitmer, Fry and Jarrett. Absent were Rutledge and Nomm.

With the same 10-4 vote, the council voted to transfer of \$4000 from the contingency fund of the engineering fund. The council

had removed an appropriation for engineering services before approving the budget last summer.

Mayor Plans Another Veto
The fund transfer resolution had been deferred two weeks ago, and Mayor Partney said Monday night he would veto it.

Poulos called for emergency proceedings to raise a fire-damaged house at 2244 State street. A renovation permit was issued and work was started but has not been completed. He was advised to determine if the building permit issued for the renovation was over a year old and had expired.

The alderman called upon Building Inspector Orville Delour to take action. Delour replied that if he was asked for a building permit renewal, he would have to issue it since the house was not 50% destroyed in the fire.

Wm. B. Webb, 79, Dies; Father of GC Twp. Official

William Bruce Webb, 79, died at 4:55 p.m. Monday at the Madison County Nursing Home in Edwardsville, Ill. for one year he had been in the nursing home for the past six months. He was the father of Granite City Assistant Supervisor William B. Webb Jr.

A native of Newport, Tenn., he had resided in the area for 55 years and was employed by the Nickel Plate railroad as a yard conductor for 40 years prior to his retirement. He was a member of the Brotherhood Railroad Trainmen union.

His wife, Elsie, preceded him in death in 1949.

Survivors include another son, Arthur C. Webb of Madison, Wis.; three daughters, Mrs. Earl (Mary Virginia) Heather and Mrs. Janice Cabarta Allen both of Granite City and Mrs. W. G. (Catherine) Mitchell of Joplin, Mo.; 11 grandchildren and two great-grandchildren.

Funeral services were held today. Other details are given in today's obituary column.

With the same 10-4 vote, the council voted to transfer of \$4000 from the contingency fund of the engineering fund. The council

had removed an appropriation for engineering services before approving the budget last summer.

Mayor Plans Another Veto
The fund transfer resolution had been deferred two weeks ago, and Mayor Partney said Monday night he would veto it.

Poulos called for emergency proceedings to raise a fire-damaged house at 2244 State street. A renovation permit was issued and work was started but has not been completed. He was advised to determine if the building permit issued for the renovation was over a year old and had expired.

The alderman called upon Building Inspector Orville Delour to take action. Delour replied that if he was asked for a building permit renewal, he would have to issue it since the house was not 50% destroyed in the fire.

Deadline Extended for DSA, OYE Nominations

To be considered in this year's balloting, nominations for the Granite City Jaycees "Distinguished Service Award" and "Outstanding Young Educator Award" must be received by the young men's service club by Saturday, Jan. 18, James Jeffries and Ronald Pennell, co-chairmen, announced today.

Local organizations and individuals wishing to nominate candidates are reminded to submit the names of nominees to the Granite City Jaycees, P. O. Box 3, prior to the deadline which has been extended one week to Jan. 18.

The DSA and OYE awards will be presented at the Jaycees' ninth annual "Bosses' Night Banquet" on Saturday, Jan. 25, at the Rose Bowl restaurant. Members of the Jaycees also are to nominate and select a "Jaycee Boy of the Year," with the employer to be honored at the annual affair.

Candidates for the Outstanding Young Educator Award may be young women teachers, Jeffries said, pointing out that nominations for the DSA honor are restricted to young men between the ages of 21 and 35 years. Nominees need not be members of the Jaycees organization, the chairmen advised.

In awarding the DSA honor, six areas of service and performance are judged, Jeffries explained. A possible total of 110 points within the six categories could be accumulated by an exceptional candidate, he said.

Selections is based on such achievements as:

Contribution to community welfare during the past year; participation in all-around community activities; evidence of lasting contribution to community activities; evidence of last-

Falls on Ice Injure Five Persons Tuesday

Five persons were treated Tuesday at St. Elizabeth Hospital, following mishaps on ice, and one victim was admitted for observation and further treatment.

Mrs. Leta Pryor, 44, of 3125, 311 avenue, had a splint applied to her right ankle and was admitted at 7:30 p.m. Tuesday, after she injured herself in a fall while ice skating.

Also falling while ice skating, Mrs. Hazel M. May, 23, of 2139a Benton street, injured her left wrist, underwent x-rays and had a sling applied before being released, shortly after 9 p.m. Tuesday.

Injured earlier that day in falls were John Coleman, 14, son of Ryan Coleman of Edwardsville, who had x-rays of the knee which he bruised in a
